The Men Are Invited, Too

Many Prizes Feature Free Cooking School In City October 15th

A happy event in the lives of Newton women is the annual free cooking school sponsored by the Boston Gas Company and The Newton Graphic. By the way, the men are invited this year.

"Food Does More Than Sustain, It Adds Joy to Life" is the theme of the school this year to be held at the Meadowbrook Junior High School, Thursday evening, October 15, at 7:45 o'clock.

Once again, the talented Miss Susan Mack will be in charge of the school and will bring with her a staff of experts to aid in handling the many details of the culinary event. Miss Mack is head of the Home Service Department of the Boston Gas Co.

Everyone is invited to attend the school and join in the fun that includes not only cooking demonstrations and menu and recipe preparations, but also lots of free prizes to be taken home by lucky persons present.

Something new to tickle the palates of Newton homemakers this year will be Chicken with Fruit Sauce, (yes, fruit sauce), to be the feature of an easy yet elegant Oven-Meal to be demonstrated.

And, how to surprise the

family with Pizza Burgers made right in the oven in your own Gas Broiler will be another highlight.

Everyone who attends the cooking school will take home many new ideas, new recipes, new menus and perhaps even one of the many valuable prizes to be given away free. And the men are not excluded from this cooking school. Any man interested in what the cooking school has to offer is cordially invited to be present. After all, many men enjoy cooking

Car Inspection Time Is Coming

That time of year is coming up again; just a reminder from Registrar Clement A. Riley that the periodic motor vehicle inspection, the second in 1959, will take place during the month of October.

Motorists are advised to take prompt action to secure the familiar windshield sticker; it's red with black lettering for October.

Registrar Riley also warns against all other stickers, decals, tourist stamps, or other gadgets, placed on, or hanging inside the windshield, to obstruct a clear view of the road ahead.

Early inspection of your car should be made to prevent delays at the end of the month.

A word to the wise: 815 motorists were summonsed and paid fines for not complying with the last inspection deadline.

Women Voters Feature N. E. Water Problems

New England's water resource problems will be discussed at the opening series of discussion meetings sponsored by the Newton League of Women Voters on Oct. 6, 7 and 8.

Mrs. Howard Arbeter, chairman of the water resources committee, says that after three years of study, the Newton League is ready to take a stand on the problems of organizing regional water resource development and on the many conflicting proposed solutions.

Working with Mrs. Arbeter are the following committee members: Mrs. Richard Mitchell, Mrs. Richard Cotton, vice chairman, Mrs. Lester Havens, Mrs. Myron Simon, Mrs. Mark Gordon, Mrs. Ira Dyer, Mrs. Leo Jacobs, Mrs. James Lewis, Mrs. Paul Grossman and Mrs. Ralph Alsmeyer. An invitation is extended to all league members, their friends and other interested women to attend any of the

eight meetings, which are scheduled as follows:

Tuesday, October 6, at 7:45 p.m., at the home of Mrs. Harvey L. Friedman, 24 Margaret Road, Newton Highlands. 7:45 p.m., at the home of Mrs. Joseph A. Simons, 56 Chinian Path, Oak Hill Park.

Wednesday, October 7, 9:45 a.m., at the Newtonville Library, 345 Walnut Street. (Please use Highland Avenue entrance). 7:45 p.m., at the home of Mrs. Milton Hamolsky, 46 Morton Road, Newton Centre.

Bowen School First To Report Committees

Traditional Hallowe'en Party For 17,000 Kiddies Shapes Up

Square dancing, colored movies, a "Chamber of Horrors" and other traditional features will highlight the Hallowe'en observance at the Bowen School, according to the report already submitted to Mrs. Dorothy Garon, program chairman for Newton's 19th annual city-wide observance of the feast of sprites and goblins.

The Bowen School could

claim the distinction of being the first to submit a report the day after 85 members of the Hallowe'en Committee attended an enthusiastic meeting at the new Mason-Rice School to plan entertainment for the 17,000 Newton children who will take part in the big annual frolic.

Four hundred individual parties will be held throughout the city in what has be-

come known as the most elaborate and best-planned municipal Hallowe'en celebration in the East.

Speakers at the first general meeting included Mayor Whitmore, Recreation Commissioner C. Evan Johnson, Recreation Commission Chairman Mrs. Worthing L. West, Gen-

Vital Seminar Planned For Next Month

Economic Conference To Alert City To Problems

A meeting of considerable import to the economic life of this city will be held next month when the first Newton Economic Development Conference is conducted at the Meadowbrook Junior High School on Wednesday, November 4.

Jointly sponsored by the Chamber of Commerce and the Newton Junior College, the conference will present speakers and panel discussions continuing through the day from 3:30 in the afternoon until 9:15 at night. Luncheon will be served from 6 to 7 o'clock.

Purpose of the conference will be to stimulate the interest of local businessmen in subjects vital to their fields of endeavor and of paramount interest to the city generally.

This Newton "first" economic conference will consist of four specific subjects with speakers for each and with general discussion periods open to all local businessmen.

The subjects to be discussed are: "Newton and the Metropolitan Area," which will deal with the problems jointly shared by this city and the City of Boston; "Apathy and the Businessman," which will alert Newton merchants and dealers with a situation now existing coast-to-coast, a "don't give a darn" attitude with regard to legislation affecting business and its survival.

Newton Boys' Club Opens For Season

Executive Director Samuel Crocetti announces that the Newton Boys' Club at 98 Dalby St. has officially opened for its 1959 season. All boys between the ages of 7 to 17, regardless of race, creed or color, are eligible for membership.

The club is open from 2 to 5, and from 6:30 to 9 p.m., Monday through Friday. The Saturday hours are 10 a.m. to 4 p.m.

Last year there were 400 boys registered, and Director Crocetti looks for a total surpassing that figure this season.

Alterations have been made in the club rooms and in the play area in the rear of the building.

Before the club opened officially, David Berkman, president of the Newton Boys' Club, met with the Board of Directors at the Club rooms. The Directors inspected the Club facilities, and discussed plans for the ensuing year.

The Club has a full schedule of basketball, boxing, bowling, tumbling, photography, crafts, printing, woodworking, and weightlifting, and various games.

Woman Driver Hurt in Crash

Survey Reveals Gov. Furcolo Is Still Popular With Voters

A survey made by this writer indicated that Governor Furcolo may be a good deal more popular throughout the Commonwealth than many professional politicians and political experts believe he is.

Most observers, this onlooker among them, have assumed that Furcolo's political stock has dropped sharply this year as a result of his suffering one defeat after another in the Legislature.

Portions of his program

were cut to shreds. Numerous of his proposals were heaved in the nearest waste basket. In the closing stages of the legislative session nine of his vetoes were overturned.

It seems reasonable to conclude that a Governor, who couldn't accomplish more than

GOP Voting Majority Is Cut Sharply

Newton's political complexion is changing steadily.

Once one of the Republican strongholds of the Commonwealth, the GOP strength is declining and the Democratic tide is rising in the Garden City.

That was revealed this week when figures released by City Clerk Monte G. Basbas showed that as of June 1 there were 16,009 Republicans, 8,353 Democrats and 20,361 Independents in Newton.

Some idea of the change which has occurred in Newton's voting alignment may be obtained from the fact that six years ago at a comparable time there were 20,703 Republicans and only 4,976 Democrats in the city.

Over a period of the past six years the number of enrolled Democrats in Newton has increased 68 percent, while the number of registered Republicans has dropped 22 percent.

Republican leaders, while acknowledging that their party's superiority of voting strength in Newton is lessening, said a comparison of the 1953 and 1959 figures may be somewhat misleading since 1953 was the year after a presidential election.

Democratic spokesmen countered by asserting that the same thing would apply to their party.

Apart from conflicting partisan claims, the fact that the Democrats are making gains in Newton is indisputable.

In the past year, for example, while the Republican voting strength in the city has remained constant, the

18-21 Story Apartments Receive O.K.

The green light to proposed high-rise apartments, possibly soaring to 18 or 21 stories, has been given by recent legislative action in amending Section 2, Chapter 143 of the General Laws, as amended by Chapter 125 of the Acts of 1949. This adds Newton to the provision exempting Boston from the 125-foot height limit on buildings.

Already announced are the plans to develop the old Shaw estate on Nahant street, Newton Highlands, where \$10,000,000 would be invested in 18 to 21-story apartment buildings.

Newton has recently added a Residence "F" Zone where such construction would be permitted with the consent of the Board of Aldermen.

Civic Group To Discuss Plans For Election

The directors of the Newton Civic Association will hold an important meeting on Monday, October 5, at 8 p.m., to discuss plans for the interviewing and endorsing of candidates for municipal office in the forthcoming city election.

Richard G. Mintz, first vice-president, has been designated to plan the program for the meetings at which candidates will be interviewed.

President Champe A. Fisher has announced that the board also will consider the filling of vacancies in membership. Those interested in joining may contact Wendell B. Freeman, 121 Homer street, Newton.

ROBERT G. ROWE

Bob Rowe Comes To Newton 'Y'

Announcement of the appointment of Robert G. Rowe as Associate Physical Director of the Newton Y.M.C.A., effective last June, was made by Eldred M. Peterson, President of the "Y."

Rowe is a graduate of Boston University, Class of 1959, where he majored in recreation and youth leadership. For the past year, he was employed as aquatic director of the West Roxbury Branch "Y" and has several years experience in summer camp counseling.

Formerly of Littleton, N. H., Rowe now resides at 875 California St., Newtonville. He is a veteran of the U. S. Navy.

Rowe's responsibilities will include the scheduling and administration of all boys' and girls' physical education programs at the "Y." The fall schedule of activities will begin in October for all classes.

Speaker To Talk On Nuclear Tests At Local Church

Dr. Kirtley F. Mather, professor emeritus of geology at Harvard University, will be the speaker at a meeting to be held at the First Baptist Church, Newton Centre, next Wednesday evening, October 7, at 8 o'clock.

Dr. Mather will discuss "Nuclear Sanity," and will cover the scientific, political and moral aspects of nuclear tests. His talk will be followed by a question and answer period. The meeting is open to the general public.

Townline Pottery Course Available

The Newton Recreation Department, as a part of its Adult Recreation program again will sponsor classes in Townline Pottery, beginning on Oct. 13. The classes will be conducted by Mrs. Albert A. LaPlante at her home studio, 450 Wolcott street, Auburndale.

Townline Pottery, which is the original non-fired glazed pottery can be made at home. It requires no special tools or equipment, and for that reason, is a good hobby material for people of any age. The necessary materials are available locally.

A large variety of pottery projects will be offered in the course, including an opportunity to make a lamp, complete with wiring and shade. Two classes will be offered this year, starting Tuesday Oct. 13 in the evening from 7:30 to 10 p.m. and on Wednesday Oct. 14 in the morning from 9 to 11:30 a.m. Each class is limited to eight persons, and applications should be made by calling the Newton Recreation Department.

There are a few openings in the evening class. There will be a charge for this course.

ALBERT R. MEZOFF

Albert Mezoff Seeks Ward 6 Alderman Seat

Albert R. Mezoff of Chestnut Hill issued a statement today asking support of his candidacy for election as Ward Alderman from the Ward 6 district.

Mezoff declared that he has been "seriously disturbed by the lack of representation offered to the citizens of Ward 6 by the present ward alderman."

"Further," he continued, "many hundreds of residents of the ward have been similarly disappointed and disturbed by the absence of an articulate spokesman of their interests in the Aldermanic Chamber."

"I, therefore, have decided to stand for election as ward alderman to provide the citizens of Ward 6 with a progressive voice in the legislative branch of our city government. I present my candidacy as one unattached to or dominated by local machine politics."

"Newton is a wonderful and attractive city in which to live and bring up a family," Mezoff asserted. "It is, in my firm belief, however, that even greater progress can and should be made in the future that lies directly ahead."

"I have learned that the citizens of the ward want and need a progressive approach to the developing municipal problems as they unfold from time to time."

"With the support and vote of the citizens of Ward 6, I shall be able to eradicate inertia, apathy and complacency from the office of ward alderman and substitute therefor intelligent and sincere hard work as an elected official to protect the interests of all the citizens of Ward 6."

Mr. Mezoff is a graduate of Harvard Law School and a practicing attorney with offices in downtown Boston. Before attending law school he graduated magna cum laude from the University of Massachusetts where he was elected to Phi Kappa Phi, a national honorary scholastic society.

He has been a guest lecturer in law over a period of years at the Massachusetts Institute of Technology and is at present a lecturer in law at Northeastern University.

Mezoff served overseas with the Air Force during World

up on the short end of a 19-18 score.

Newton showed real depth and fine promise in its initial gridiron test of the season. It is a team which should improve as the autumn advances and its green players gain more experience.

his first season as Newton High's head football coach, had plenty of cause for satisfaction with the showing of his charges.

Connor and Paaso, who scored the two touchdowns, were the offensive stars for the Orange. Connor carrying 13 times for a total of 129 yards and Paaso hammering the Everett line 15 times for a total advance of 50 yards.

John O'Brien and Ben Walen did an excellent job at the tackles for Newton, with Walen helping to pave the way for Tiger gains with his solid blocking. Walen was felled by heat exhaustion in the fourth period and was taken to the Newton-Wellesley Hospital. He is expected to be in shape for tomorrow's game at Cranston.

A sombre note to the game saw defensive linebacker Bill O'Connell suffer a broken leg

early in the clash. He was taken to the Newton-Wellesley Hospital and will be lost to the team for the season.

Also, the latest in automatic gas clothes dryers will be there to be examined and ask questions about.

The cooking school is actually an outgrowth of the year-round service offered by the Home Service Department of the Boston Gas Company, where everyone is invited to drop in or write for advice. Free demonstrations are made available to church groups, civic organizations, high school and college home classes, and women's clubs.

Political Highlights

(Continued from Page 1)

Furcolo did, with his party in control of all branches of the State government, would lose both face and popularity with the rank and file of the voters.

A canvass of the voters in selected areas, however, disclosed that such a conclusion, while seemingly politically logical, is not necessarily an accurate one.

It all depends, of course, on where you go to make your test of Furcolo's standing and popularity with the people.

If you make it among the professional politicians and the professional observers at the State House, you come away convinced that Furcolo's prestige not only has hit rock-bottom but that it has gone underground and that he couldn't defeat Nikita Khrushchev in a contest for election as Ward Alderman.

From the voters in the markets and on the streets you get an altogether different picture.

It doesn't take very many interviews to bring home forcibly the realization that many voters don't view the happenings on Beacon Hill in quite the same light as do the professional politicians or the so-called experts.

A surprisingly large number of people voiced the opinion that Governor Furcolo had been frustrated by "the politicians" in many of the things he had endeavored to do.

Some persons who were quizzed said that Furcolo had tried to do something about education and that the politicians had stopped him from doing it.

Most of them were a little bit hazy as to just what Furcolo attempted to do that he wasn't able to do. "But at least he tried to do something," was their attitude.

A number of women who were interviewed offered the explanation that the reason Governor Furcolo didn't have better luck in obtaining the passage of his bills by the Legislature was that he is not a "politician."

No evidence was found that Furcolo was injured by renewing his fight this year for a sales tax. Paradoxically, some people said they are strongly opposed to a sales tax but would vote again for Furcolo.

What the results of the poll added up to was the inescapable conclusion that the political pundits may have to revise their thinking about the present status of Governor Furcolo's political stock.

Furcolo Now Believed Candidate For Senate

Some well-informed Democratic leaders are now convinced that Governor Furcolo intends to oppose Senator Saltonstall in next year's election and that his hints that he might seek a third term in the Governorship were dropped strictly for psychological reasons.

One top Democrat holding this conviction is Congressman Thomas P. O'Neill, Jr. of Cambridge who is moving steadily ahead with his own plans for seeking the nomination for Governor.

O'Neill served as Governor Furcolo's campaign manager in 1958, and it is highly improbable that he would be out building his political fences in anticipation of a gubernatorial bid if he thought there was any likelihood that he and Furcolo would be candidates for the same office at next June's Democratic State convention.

As matters stand today, O'Neill is regarded by most political observers as the likely winner of the struggle which will be waged at the 1960 convocation for the Democratic gubernatorial endorsement — unless the unpredictable Furcolo does stand for reelection instead of running for a Senate seat.

A two-term Speaker of the Massachusetts House of Representatives, O'Neill would have the support of many members of that body, would have the backing of the Furcolo organization and is held in high regard by his Democratic colleagues in Congress.

A big question mark in the Democratic picture is Congressman Thorbert H. Macdonald of Malden who has been accepting numerous speaking engagements outside his own congressional district and gives every indication of planning to run for something besides reelection next year.

Macdonald a few months ago was considered a potential candidate for Governor, and persons close to him were convinced that he had fixed his political sight on the seat now held by Foster Furcolo.

A measure of uncertainty has developed recently, however, concerning Macdonald's plans. Reports have been widely circulated that he might shift his aim and run instead for the U. S. Senate.

That may have been based on the belief that Governor Furcolo would stand for reelection to a third term since Furcolo has caused considerable confusion as to just what he will do, leaving a number of prospective candidates in a state of indecision.

Most political experts consider Congressman O'Neill and Macdonald the two brightest prospects in the Democratic party from the standpoint of potential state-wide, vote-getting ability.

Democratic leaders who are friendly with both O'Neill and Macdonald would prefer to avoid either a convention or primary fight between the two.

Macdonald is a close personal and political friend of Senator John F. Kennedy. The two were roommates at Harvard, where Macdonald was captain of the football team, served together in a PT boat squadron during the war and have been closely associated in one way or another for two decades.

O'Neill, while he served as Furcolo's campaign manager, is as close to Kennedy as he is to Furcolo, and is probably closer to Congressional Majority Leader John W. McCormack than to either Furcolo or Kennedy.

Congressman O'Neill is a staunch believer in the "convention" system of settling contests for endorsement for state-wide office, feeling that they prevent bitter primary fights which open breaches and cause feuds within a political party.

If he has his way, a law will be passed early next year providing that a candidate could not run for a State Constitutional office in the primary unless he polled 20 per cent of the delegate votes cast for that office at a State convention.

That would prevent a candidate from bypassing a convention and going directly to the voters in a primary.

It would just about shut the gubernatorial door to State Treasurer John F. Kennedy who is planning to seek the nomination for Governor at the primary next September but intends to ignore the June convention. Kennedy would not be able to muster anywhere near 20 percent of the convention votes.

Whether O'Neill will be able to obtain the passage of the bill he has in mind is uncertain. He might succeed in doing it because he still commands a great deal of influence on Beacon Hill.

The proposal would be certain to encounter substantial opposition, however, and probably would provoke a lively fight.

What Are You Really Worth?

Folks have some reason to complain about inflation these days. It really deflates us, especially the ego.

For instance, scientists for years have told us that the market value of the materials in the human body totaled only 98 cents. Recently, apparently because of inflated conditions, a scientist remarked that these materials now are worth \$1.17.

This sounds good until we consider that the dollar today isn't worth the amount of the buck some years ago. Does anyone feel cheap?

Copper Craft Classes Start October 13

The Newton Recreation Department announces the resumption of the Copper Craft classes for the fall term. The instructor, Carl F. Ockerbloom, widely known throughout Greater Boston for the interesting and instructive courses that he conducts, is returning to Newton for his 15th year.

A morning class which proved popular last year, as well as an evening session, will be held. Both groups will meet each Tuesday.

Waste baskets, lamps, letter holders, planters in many varieties, bowls and trays, are but a few of the many pieces made in these classes. Designs, decorative initials, and other aids are provided so that the novices need have no worries as to the quality of the finished article.

Sessions will be held at the Barr Playground Field House, Waverly Avenue, Newton, on Tuesday mornings from 9:15 a.m. to 11:15 a.m. The evening course will also be on Tuesdays from 7:15 p.m. to 9:15 p.m.

Opening day is October 13th and application should be made as soon as possible with the Recreation Department at Newton City Hall.

Director Pratt Honored For Long Service

Willard S. Pratt, Director of Public Works in Newton, was honored this week at Seattle, Wash., for his 30 years of continuous work for the city.

Pratt, whose home is at 36 Alexander Rd., Newton Highlands, received the Samuel A. Greeley Service Award at the 65th annual Congress and Equipment Show of the American Public Works Association.

He was accompanied to the meeting by Newton City Engineer Ulderica M. Schiavone.

Pratt started his career with the city of Newton in June, 1929. During his early years he served as roadman, transitman, chief of party and draftsman in the Engineering Department. In 1936 he was made superintendent of construction and became city engineer in 1946 and director of Public Works in 1948.

Governor Robert F. Murphy, for example, know that the measure might cause him to revise his strategy.

Murphy, who has been endorsed by three Democratic Conventions, once for Governor and twice for Lieutenant Governor, has declared that he will bid for the Governorship next year but that he is uncertain whether he will compete for the endorsement of the Democratic convention or bypass it. Unlike Treasurer Kennedy, Murphy probably could get 20 percent of the delegate votes, but the passage of the law proposed by O'Neill would force him to enter the convention.

Maneuvering for position in the Democratic picture already is underway. A good many Democrats, however, will feel a little more sure of themselves when Governor Furcolo finally gets around to announcing officially what he intends to do.

Dr. Reuling To Speak To Church Women Here

Dr. John A. Reuling, chairman of the African committee of the National Council of Churches of Christ in the U.S.A., will be the speaker at the first World Vision Institute to be held by the United Church Women of Newton at the Newton Highlands Congregational Church tomorrow (Friday) afternoon starting at 1 o'clock.

The Institute will follow the meeting of the board of managers and a box luncheon. It is designed to acquaint local women with the interdenominational studies on Africa and Town and Country for this year and how they may be conducted by local churches.

Dr. Reuling, who will speak on "Africa—Land of Promise," first went to that continent in 1927 as director of teachers' training at Addis College, Natal, South Africa, which serves the Bantu people, and worked there until 1941.

During the war years, 1942 to 1945, Dr. Reuling was president of Northland College in Ashland, Wis. He became executive secretary for Africa and Mexico of the American Board of Commissioners for

Foreign Missions, the overseas arm of the Congregational Christian Churches, in 1946, his present post.

In this capacity he has made many trips to Africa, to counsel with missionaries and nationals in Southern Rhodesia, Angola, Mozambique, Togoland and South Africa, and to gain firsthand information about the rapidly changing African situation.

Following Dr. Reuling's address a panel of local women will acquaint the group with techniques of setting up study groups in their own churches. Mrs. James H. Burns will act as moderator, assisted by Mrs. Ralph A. Sherwood, Mrs. G. Milton Benson, and Mrs. Donald M. Maynard. There will also be exhibits of literature, pictures, and artifacts.

Mrs. Ronald W. Adams, chairman of the Department of Christian World Missions of the United Church Women of Newton, is in charge of the Institute and has been assisted in planning by Mrs. L. Harold DeWolf, Miss Lillian S. Galbreath, Mrs. Arthur T. Gregorian, Mrs. Lawrence R. Smith, Mrs. John D. Fox, Mrs. George W. Eylesmyer, and Mrs. H. Neil Richardson.

Gibbs Reports From Beacon Hill

Newton Senator Explains Labor Bills Acted Upon

(As a service to its readers, The Graphic publishes another in a series of articles written by Newton members of the Legislature. This week's article is by Senator Donald L. Gibbs.)

By DONALD L. GIBBS

The recent publicity about the "Business Climate" of Massachusetts has created a great deal of interest and considerable confusion in the public mind. There are many conflicting statements on the subject. But one thing is certain—legislative action that imposes unreasonable costs and restrictions upon management or labor does affect the business climate and the economic position of each.

Such legislation, commonly called labor legislation, is divided generally into three classes: 1) Increases in workers' benefits; 2) Restrictions on business; and 3) Labor-management relations.

This year, as in recent years, a great many bills were filed on these subjects. But a majority of them were quickly disposed of by the committees to which they were referred. Following is a summary of the most important ones on which there has been House and Senate action.

Benefit Increases

Workers' Compensation benefits were increased in every category. Weekly benefits for the injured worker were increased from \$40 to \$45; benefits for dependent children from \$4 to \$6 weekly; and total benefits for total disability from \$10 to \$14 thousand, and from \$12 to \$15 thousand for partial disability.

Widows benefits were increased from \$25 to \$30 a week with total benefits increased from \$10 to \$14 thousand.

Benefits for certain specific industrial injuries were increased.

These benefit increases will impose additional costs of about \$7,500,000 annually, all of which must be paid by business, and makes the Massachusetts Workers' Compensation system the most expensive in the nation.

Unemployment Compensation benefits have also been increased. Dependency benefits were increased from \$4 to \$6 a week, duration of benefits from 26 to 30 weeks and weekly benefits from \$35 to \$40. However, the bill for increase in weekly benefits is in disagreement between the House and Senate because of a Senate amendment raising minimum qualifications for benefits from \$500 to \$800.

The purpose of the amendment is to bring up to date the basic intent of the law that benefits shall be paid to those regularly attached to the labor market — not to part-time workers who don't want full-time work.

The cost of these bills, all paid by employers, will be about \$9 million annually — \$5 million if the amendment is accepted—which will make this system the most expensive in the nation—and the most liberal.

A bill to pay unemployment benefits to those on strike after six weeks was referred to a study. This bill has been filed annually for the last several years and will be filed again.

Business Restrictions

Several bills to restrict business were enacted this year. One bill will require a panel of three judges instead of a single justice to act on injunctions in labor disputes. This will slow down judicial action to a degree that could be extremely serious for business.

Another bill, S. 187, pending before the Senate, is the most dangerous of all to business because it changes the present reasonable law regulating picketing, personal contacts, distribution and content of literature to any union activities other than actual physical injury to persons or property, disorder or violence, unlawful secondary boycotts and the commission of a crime.

Labor-Management

Labor-management relations on arbitration were brought into line by the enactment of a Uniform Arbitration Act.

All in all, legislative action on labor bills this year has not improved the business climate of Massachusetts and has done nothing to attract new business or encourage existing competitive business to remain.

There will be two identical services on Rosh Hashanah Eve, Friday, October 2nd, as has been the pattern of the past years. The first service will be held from 7:00 P.M. to 8:15 P.M.; the second service from 9:00 P.M. to 10:15 P.M.

The general theme of the New Year services will be "Israel and American Jewry — Partners in Jewish Destiny". The sermon on the Eve of Rosh Hashanah will deal with Israel's contribution to this partnership. On the following day Rabbi Rothman will discuss American Jewry's contribution to Israel. The sermons will be based on the personal observations of Rabbi Rothman while touring Europe and Israel this past summer.

The choir, under the direction of Bernard J. Siff, will feature as its Cantorial Soloist, Mr. Gerald Weinberg. The organ will be played by Mr. Richard Reynolds.

Red Cross Seeks Aid For Disabled Veterans

The Newton Chapter of the American Red Cross, in conjunction with neighboring communities, is organizing a specially trained group of qualified women to serve disabled veterans still hospitalized.

There are many experienced women with varying talents who could fit into the prospective programs at the V. A. Hospital at West Roxbury and Boston, as well as the Chelsea Naval Hospital.

Not many years ago the entire community was eager to mobilize to help the servicemen and the disabled veteran, the Red Cross points out. Today, the need is as great as ever, yet the community awareness lags behind this ever present and increasing human need.

The Newton Chapter will endeavor to fill the minimum quota of qualified women from Newton needed to organize the next class of Gray Ladies. They will visit the respective hospitals and have the program described to them during the week of October 20th.

Those interested should call Mrs. Harold Kavanagh, BI 4-3887; Mrs. Philip K. Brown, LA 7-3195, or the Chapter House, LA 7-6000, to arrange for an appointment.

The training required consists of two two-hour classroom sessions starting at the Chapter House, 21 Foster street, Newtonville on Tuesday, Oct. 20 at 9:45 a.m.

The following session will be held at the hospital chosen by the volunteer on Oct. 22, and the final training will be completed at the Chapter House on Oct. 27. Initial work assignments will be ready in ample time for Veterans' Day, November 11.

Newton Prof. Presents Series Over Ch. 2 TV

Each program will involve Dr. Brameld's highlight of the impact of the present world crisis upon American schools.

Among those instrumental in development of the series, according to Dr. Brameld, was Dr. J. Wendell Yeo of Auburn-dale, University vice president for student affairs.

Russian Course Again Popular

It's not uncommon to hear Russian spoken in the corridors of Newton High School this fall.

Nineteen seniors have begun the second year of a two-year program of Russian, and 40 sophomores have begun a three-year program.

Miriam Milner took the course as a junior and became so interested that she took a college course in the language this summer.

The Russian language course is being given by Miss Irene Pohmorsky, an American girl born of Russian parents, who studied both at Boston University and in the mid-west.

The heavy smoke caused firemen to don gas masks and smoke ejectors.

Girls Swimming Lessons Start At Newton Y

Dr. Lawrence MacDonald, chairman of the Youth Building Program Committee, announces that between 60 and 105 grade school girls will receive swimming instructions at the Newton YMCA when new classes begin Saturday.

This will be the first of four, eight-week units of instruction for elementary school girls — eight years of age through the sixth grade. This year's program provides opportunity for small group instruction at all levels of the National Y.M.C.A. Aquatic program.

Enrollments are being accepted in all three classes of the first eight-week terms. There is a beginners' class for girls learning how to swim. In this class the girls will be improving fundamental skills of rotary breathing, flutter kick, and a feeling of confidence in the water until they can obtain the goal of a 60-foot swim in water over their head.

Girls holding an American Red Cross or YMCA beginners' certificate will be enrolled in the Minnow and Fish class. Basic elements of the backstroke and underwater swimming are introduced in the Minnow level. Sculling and diving are some of the features of the Fish level of instruction. Increased skill and confidence are demonstrated in swimming 100 yards using two strokes.

Advanced skills are taught in the third class for Flying Fish and Shark. Introduction of springboard diving, addition of side and breast stroke, and longer distance swimming (440 yards) highlight the proficiency of skills to be achieved in this class.

This article could be entitled "Problems for Posters." In case you are interested, TV star Jimmy Durante's nose measures 17 millimeters long, 36 millimeters wide and the visible circumference or surface width (also to be) is 88 millimeters. (The average person's nose measures 55-58 mm). Durante's famous schnoz was measured on August 21 and set in cement for posterity. The cement cast will be given to the Smithsonian Institution's Physical Anthropology Department in Washington, D.C. According to the department's Dr. Marshall Newman: "While this is certainly different, it is definitely part of American."

Durante broke from rehearsal for his September 25 television show, "An Evening with Jimmy Durante," at the NBC Studios in Burbank, Calif., and let a pair of NBC make-up men take over. His nose was set in synthetic stone after measurements and an impression with Jel-Treat, a liquid rubber, was taken.

After all, a TV star has to get publicity, one way or another. However, we may regard it. Durante's nose is very important to him. It has set him apart from his contemporaries in a manner difficult for others to imitate. It's difficult, too, to imitate an outstanding TV set, such as Sylvia or General Electric. If you plan to purchase a new TV set be sure to visit our store for an interesting Sylvia or General Electric demonstration. We believe that owners of either of these sets get the maximum television viewing enjoyment.

And if you haven't seen the new Thomas organs, electric and transistor, be sure to ask for a demonstration when you come in. We are open every evening 'til 4 p.m. for organ demonstrations.

WHAT'S NEW FOR '60 ?

The one car maker who makes missiles comes up with a new way to build cars

As prime contractor to the United States Army in the making of America's most successful missiles (Redstone and Jupiter), we've learned about finding out beforehand what's going to happen, and about the importance of total design.

We have applied this new space-age experience to the design and manufacture of new 1960 cars soon to be announced by Chrysler Corporation.

The single greatest result is that we can be sure that the first car off the production line will be as perfect as those which roll off five months later.

Built like a missile by electronic engineering
Instead of thinking of a car as a number of different components that would eventually be assembled, we attacked the problem of the whole car. Total design, is another way of saying it. It has resulted in what our engineers call "pure automobile."

Electronic engineering—something entirely new in the motor car industry—helped us achieve this. Here's how it works...

165 years' work in a few months
For example, in mounting the engine to the frame, two rubber mounts and a heavy-duty spring are used.

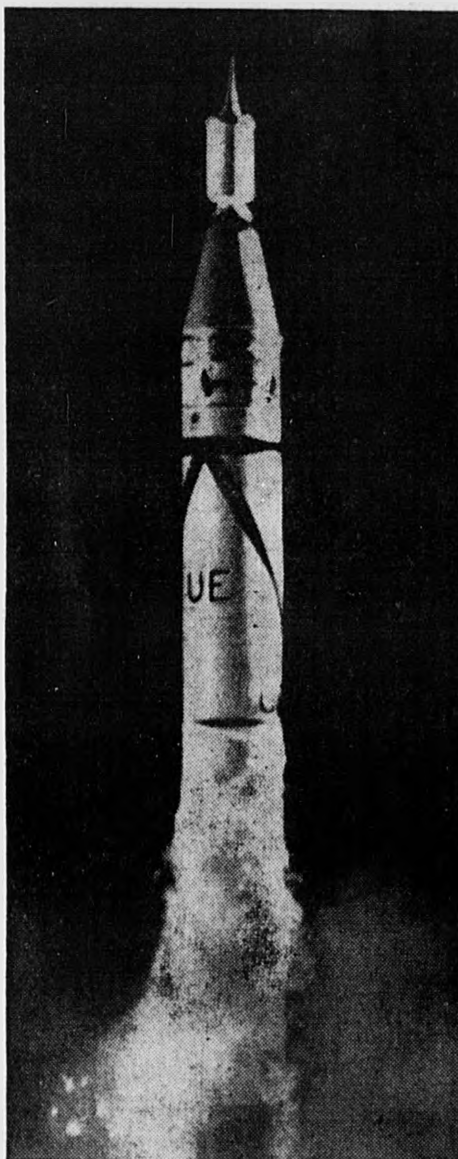

We called on our missile-making experience and our battery of amazing electronic computers, and made more than 800,000,000 calculations for these mountings—a job that would have taken an engineer 165 years of full-time work. We had our answers in a few months. The result? Mountings that are in exactly the right place to soak up all engine-caused vibrations.

UNIBODY surrounds you with silent strength
These are the quietest cars you have ever known.

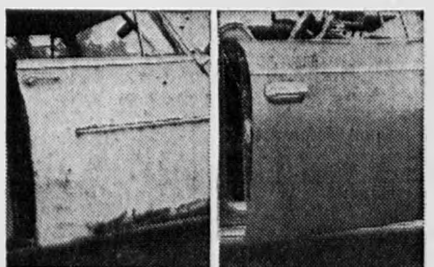

One reason is, we've done away with the old method of bolting body to frame. Now, they flow together as one welded complete unit. A surprising number of the squeaks and rattles have gone with the nuts and bolts.

We call this construction UNIBODY. Framed like bridge trusses, the new bodies have twice the torsional strength of previous models, along with 40% more beam strength.

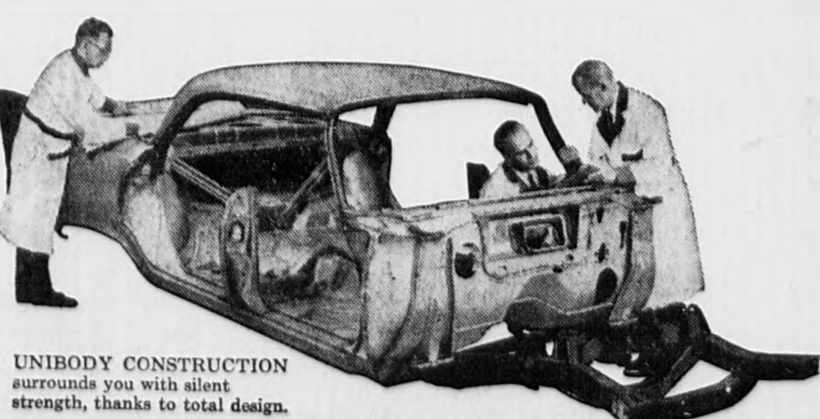

Thanks to total design, UNIBODY gives you all the advantages of earlier forms of "unitized" construction plus this exclusive: you ride surrounded in silence, without the annoying road noises that other cars pick up and telegraph in to where you sit.

Imagine an automobile—
—that looks pure automobile : : newly styled with natural lines of motion
—that could last twice as long as ever before
—that so reduces air drag it's like buying gasoline a penny a gallon cheaper
—that will withstand the ravages of rust years longer than ever before
—that locks the doors when the engine starts
—that gives more headroom without raising the roof, more legroom without stretching the car, wider doors you can step through rather than squirm through.

Our 1960 metals and chromes (right), will last years longer than the metals and chromes used by other car makers (left). Identical salt spray tests prove the difference.

UNIBODY CONSTRUCTION surrounds you with silent strength, thanks to total design.

School Pupil Driver Course Available Now

Behind-the-wheel driver training through the adult evening school is available to students at Newton High and Technical High School students.

Coordinator of driver training, Edwin West, has announced that the course is similar to that which has been available in the past to adults and to parochial and private school Newton students.

The Newton School Committee last Spring voted to discontinue free behind-the-wheel driver-training because of the cost, but at the same time voted to allow classroom driver-training to become a required course.

Registration may be made by mail or in person next Thursday night, September 24, at the Technical High School between 7 and 9 p.m.

The adult program will consist of 30 hours of classroom instruction, six hours of driving. The cost will be \$39 to help defray some of the cost of the driver training cars.

High School students will have to pay \$25 as a laboratory fee, but will be credited to the behind-the-wheel training will have to be taken after for the classroom work they school hours, however.

Local Man Gives NATO Air Talk

A Newton scientist is in Germany where he presented a paper on air defense to the third Avionics Panel sponsored by NATO's Advisory Group for Aeronautical Research and Development (AGARD).

David R. Israel of 24 St. Mary's St., Newton, left last week with Mrs. Israel for a combined business and pleasure trip to Europe.

His paper was entitled "Integration of Air Traffic Control and Air Defense." Part of the discussion is based on the results of the Avionics Panel which heard papers of experts from the United Kingdom, Germany, Canada, and The Netherlands as well as the United States.

Top Prizes, Demonstrations At Annual Cooking School

Dads & Moms May Attend Together

The growing popularity of outdoor cooking—where Dad is in charge of the burned burgers and seared steaks—lends strength to the belief that as many men as women may attend the annual free cooking school next week.

Realizing that it's usually Dad who is chef of the cookouts, the Boston Gas Company and The Newton Graphic, sponsors of the affair, have invited men folks this year.

The place: Meadowbrook Junior High School.

The time: Thursday, Oct. 15, at 7:45 p.m.

Prizes and demonstrations feature this year's free event, usually an affair marked by happy camaraderie.

As in the past, the talented Miss Susan Mack will be in charge of the cooking school which has as its theme this year: "Food Does More Than Sustain. It Adds Joy To Life."

Miss Mack, head of the Home Service Department of the Boston Gas Co., will bring her experienced staff of experts.

Neighbors Oppose BC Bldg. Plan

Residents of the Hammond street area near Boston College have filed two petitions with the Newton Zoning Board of Appeals to block construction of three new dormitories.

A public hearing on the petitions filed by Atty. Maurice Caro is scheduled by the Board at City Hall on Tuesday, Oct. 27 at 7:45 p.m.

Boston College already has received permission from the Board of Aldermen to construct the dormitories at 185 Hammond street, in the single residence "A" district.

The petitions were filed on behalf of 10 abutters led by Irving Burrows of 188 Hammond street and contend that notice of the proposed buildings was not given to all abutters.

Fall Foliage At Its Best 'Til Oct. 20

The next few week-ends will be the best time to see the fall foliage in the opinion of Commissioner of Natural Resources Charles H. W. Foster. He urges all people interested in viewing Nature's annual show in the Bay State to see the brightly colored trees and forests before October 20.

Commissioner Foster recommends western Massachusetts in the Berkshires for a beautiful display of fall coloration, particularly Route 2 to North Adams over the Mohawk Trail and Route 9 from Worcester to Pittsfield.

However, almost any highway in the Bay State should provide a profusion of color in the days ahead.

The Newton Chamber of

Candidates Appear Before Civic Assn. On Oct. 21-22

Campaigning for election as Newton's next Mayor and for places on the Board of Aldermen and School Committee was beginning to move into high gear this week as the candidates approached the crucial stages of their races to election day.

A quickening of the tempo and a sharpening of the statements by the contenders was evident in the three-cornered contest for the right to succeed Mayor Howard Whitmore, Jr., as Newton's chief municipal executive.

Opponents in that battle are State Senator Donald L. Gibbs, Norman E. Moore and Alderman Leo M. Cannon. Gibbs and Moore are Republicans. Cannon is a Democrat. The coming election, of course, is a non-partisan one.

Activity also was heightening in the five fights for election as Alderman-at-Large, the two contests for places on the School Committee, and the lone battle for the right to serve as Ward Alderman.

Newton High Tackles Tough Brockton Foe

The come-from-behind Newton High football team travels to the Shoe City Saturday for a 2 p.m. gridiron battle with the big and husky Brockton High eleven.

Both Newton and Brockton are undefeated; but Brockton is a favorite.

Brockton this year is "loaded" — boasting a strong, rugged squad which has been picked as the likely winner of the state championship.

Another factor is that the game is being played on Brockton's home field, a hard-packed dirt field whereas the Tigers are more used to playing on turf.

But Newton is buoyed by a calm feeling of self confidence. They feel they're up for this one. They'd like to avenge that 28 to 8 defeat

suffered last year at the hands of the Shoe City boys.

Brockton has played but one game this season. They trounced Quincy High 46 to 6.

Newton has won two games this season, both victories coming after the Tigers were trailing at the half.

They trailed Everett 12 to 0 at halftime two weeks ago, and came from behind to win 15 to 12. Last Saturday Newton scored three times in quick succession in the fourth quarter to hang up a 19 to 6 win over Cranston, R. I., High at Cranston.

The game was marred by a flock of penalties many of the eye-brow lifting variety. The poor officiating led Cranston Coach E. Stebbins to apologize.

Four Newton Boston University students have been appointed as Cadet officers in the Air Force ROTC, two with the rank of Lieutenant-Colonel, two as Majors, according to the announcement this week from Lt. Col. Donald M. Bowler, professor of Air Science at the University.

Named as Lieutenant-Colonel are Robert M. Horne, of 19 Barne road, and Anthony J. Farrington, of 154 Randlett park. Both are graduates of Newton High School.

Appointed to the rank of Major are Richard A. Moore, of 15 Oak Terrace, Newton Highlands, and Robert W. Corcoran, of 297 Woodward street. Moore is a graduate

Oppose Plan Boosting NLF Oil Storage

Two score Newton Lower Falls residents, backed by a petition bearing 75 signatures, have voiced opposition to increase the oil storage capacity of a fuel concern by 100,000 gallons.

The John Dolan Coal Co., which has been in business for 5 years at 152 Concord street, Lower Falls, defended its request for the increased gallonage at a hearing Monday night before the Newton Board of Aldermen.

Attorney James P. Gallagher said the company was established in 1885 as retailers of coal. He said the company was granted a license in 1938 to store 40,000 gallons of oil, and that this figure was raised to 70,000 in 1941.

bers of the association during the remainder of the period.

The timetable calls for the candidates for the Board of Aldermen and School Committee to be interviewed Oct. 21 and for the mayoralty

hopefuls to appear the following day.

Endorsement will be made only where there are contests.

One of the hottest Aldermanic fights was being waged for the two places as Alderman - at - Large from

Ward 6, with Aldermen Charles F. Hovey and William P. Ripley being vigorously challenged by Ernest F. Dietz and Walter P. Muther. Dietz is the president of the Mason-Rice PTA and the former president of the Newton Civic Association. Muther is the associate counsel for the Associated Industries of Massachusetts and a well known civic figure.

Meanwhile, City Clerk Monte G. Basbas has called a meeting of the 200 election officers, who will staff the polling places on election day, to brief them in detail on their duties, responsibilities and the problems they may be called upon to resolve.

The session will be held at 7:30 on the evening of Wednesday, Oct. 21, in the cafeteria in the basement of City Hall.

Basbas will endeavor to prevent any recurrence of the mistakes on the part of the election officers which were brought to light when a recount was held of last November's State Senate battle.

The city clerk will explain the laws covering elections, will distribute books on the duties of the election laws and will outline the problems which might arise, including those revealed by the recount.

Mayor Whitmore also will speak to the election officers.

A subsequent briefing session will be held for the counters.

City Clerk Basbas declared today that so far he has received delivery of voting machines for only two polling places. He said they are the Automatic machines which are to be used in Ward 8, Precinct 1, (the Meadowbrook Junior High School) and Ward 5, Precinct 2, (the Hyde School in Newton Highlands).

As all arrangements were being perfected by Basbas for the important election Nov. 3, the various candidates were stepping up their own drives, attending meetings, buttonholing voters, and generally attempting to draw public support.

The next few weeks will see plenty of lively electioneering in Newton.

PLAN FASHION COURSE—Mrs. Joan Tansey, formerly of Filene's, and Joseph Pulsifer, director of the Pulsifer School of Music, prepare plans for the Fashion Course to be conducted at the Pulsifer School, 1349 Center street, Newton Center. Registration for the course will be held tomorrow, Saturday and Monday at the school. Progress reports continue to come in from the hundreds of civic minded adults who will implement the program of the Halloween committee.

In a report to Mrs. Dorothy Garon, the 1959 Halloween Committee program chairman, Mrs. William M. Powers, building chairman for the Underwood School in Newton, reveals that she will hold a Halloween Room Mothers Committee meeting at her home, 124 Grassmere st., Newton, on Oct. 20.

Invited to attend the meeting are Mrs. Lewin Keller, Mrs. R. H. Karlson, Mrs. Alfred Conrade, Mrs. A. S. Brickner, Mrs. Orrie Friedman, Mrs. R. E. Graham, Mrs. Walter Lorraine, Mrs. George Danforth, Mrs. Benicoin Moskow, Mrs. C. A. Milhalopoulos, Mrs. James Campbell, Mrs. J. Paul Harris and Mrs. Robert Ford.

Dr. and Mrs. Samuel Berman have announced that the 8th and 9th Graders at the Bigelow Junior High School will dance to the music of Jacques Renard. In addition there will be record prizes given. The chairman reports that organization plans for this party are going along smoothly, and that committee members will be announced shortly.

Mr. and Mrs. Donald Bertsch, chairman for the William School in Auburndale, have announced the following chairmen of key committees for Halloween activities at the school: Co-chairmen, Mr. and Mrs. John Shaw; chairman for activities in the gym which will include games and square dancing is Henry Lundquist; fun house chairman, Vern Hillman; movie chairman, Walter Holcomb; traffic chairman, Donald Winslow;

refreshment chairman, Mrs. Morris Bearak and first aid chairman, Dr. William Shriber.

Detailed plans for the two parties at the Cabot School in Newtonville were discussed at a meeting held recently at the school according to Mr. and Mrs. Robert Horlick and Mr. and Mrs. Louis Kleiman, building chairmen. A total of 490 children are expected to attend the parties, one from 5:30 to 7 p.m. and the other from 7:30 to 9 p.m. for children from kindergarten through the 6th grade.

The general program plans call for a House of Fun, movies, age-graded for the two groups, active games at the individual room parties supervised by room mothers. Three cartoons will be shown at the early parties and a 20-minute movie at the second party for the older children.

The building chairmen have announced the names of the following committee members: House of Fun, Henry Weiss; Decoration, Mrs. Blanche Josephson; refreshments, Mrs. Murray Jacobson and Mrs. Melvin Darack; tickets and UNICEF, Mrs. Mark Gordon; candy, Mrs. Merrill Albert; flyer, Mrs. Louie Sinofsky; entertainment, Mrs. Merrill Saldinger and Mrs. Melvin Darack; publicity, Mrs. Benjamin Goldfarb; first aid, Dr. Morris Ringer and Dr. I. Herter Endorses Gibbs For Election As Mayor

Former Governor's Councillor Christian A. Herter, Jr., of Chestnut Hill today warmly endorsed the candidacy of State Senator Donald L. Gibbs and urged the election of Gibbs as the next Mayor of Newton.

Herter, son of ex-Governor and present Secretary of State Christian A. Herter, declared that Gibbs has demonstrated his ability and integrity in every position of public trust he has held.

He asserted that Gibbs made an excellent record as "a conscientious, energetic and hard-working member of the Board of Aldermen" and that his services as a member of the House of Representatives and more recently the Massachusetts Senate "has won him widespread commendation."

Herter served in the House of Representatives from Newton, in addition to serving in the Governor's Council and for a period also was general counsel for the Foreign Operations Administration.

Last year at the urgent request of the late George F. Flaherty, Herter accepted the Republican nomination for Attorney General and was the top GOP vote-getter in the 1958 state election.

"The people of Newton will perform a very important duty when they go to their polling places Nov. 3 to choose a successor to Mayor Howard Whitmore, Jr., who is to retire from office at the end of this year," Herter stated in announcing his support of Gibbs.

"The Mayor they elect will be called upon to make decisions which not only will determine how Newton will be governed during the next two years but also will have an impact upon the every-day lives of the people in our city," Herter continued.

"It is of great consequence to all of us that the various programs started by Mayor Whitmore for the betterment of our city and the well-being of its citizens be continued and carried forward," Herter asserted.

"It also is of vital importance that our next Mayor not only a man of honor, integrity and ability but that he also have had experience in the various phases of city government in Newton."

"State Senator Donald L. Gibbs, in my opinion, meets those requirements."

"He made an excellent record as a conscientious, energetic and hard-working member of the Board of Aldermen."

"His service as a member of the House of Representatives and more recently the Massachusetts Senate has won him widespread commendation."

"Senator Gibbs has demon-

strated both his ability and his integrity in every position of public trust he has held.

"To my fellow citizens of Newton I most sincerely recommend his candidacy. I am certain that he will make a fine Mayor, and I shall work for his election," Attorney Herter concluded.

Carr School PTA Sets Up Busy Agenda

The Carr School PTA executive board of Newtonville got off to an enthusiastic start at its first meeting of the year held at the Newton Co-operative Bank.

Officers present at the meeting were the President, Ira L. Berman, Robert S. Burkhardt, Nathaniel Rousain, Mrs. Louis A. Green, Charles W. Laffin, Mrs. Dexter Bernstein, Mrs. Bert Libon, Mrs. Thomas Godino, Mrs. Carmen E. Lupo, Mrs. William Eger, Mrs. Albert J. Lupo, Mrs. Mark Aronson, Mrs. Meyer Hoffman, Mrs. Frederick Mitchell, Robert Wadman, Mrs. Samuel Glass, Mrs. Chester Zackrisson, two teachers, Mrs. Selma Slotnik and Miss Mary Chisholm, and Principal Kenneth La-Flamme.

Definite dates were given for a number of the activities planned throughout the year. As in the past years, photographs were taken yesterday of each student. A cake sale will be held on October 21; a get-acquainted tea for kindergarten mothers and teachers on Tuesday afternoon, October 13. Further projects are tentative and dates will be announced.

The one achievement this year that the PTA can point to with the greatest pride, President Berman told the board, is the new Carr School Library which opened Monday, September 28, and is staffed by volunteers.

This project represents great devotion and hours of tedious work put in by Mrs. Glass, Mrs. Zackrisson and their parent assistants, generous help from the Principal, and financial support from the Carr PTA and a gift of money from the Carr Nursery School.

Another pleasing result of last year's efforts was that the traffic light requested at the corner of Crafts and Watertown streets has been approved and is scheduled to be constructed as soon as possible.

Political Highlights

(Continued from Page 1)

that will be the case.

Most political onlookers have been surprised at the extent to which Kennedy has involved himself in the struggle to fill the vacancy caused by the resignation of former District Attorney James L. O'Dea, Jr.

Kennedy who, of course, is running for President, ordinarily remains completely apart from the political pulling and hauling at the state level. Rarely does he take sides when two or more Democrats are fighting for the same position, whether it be an elective or appointive post.

But Senator Kennedy has injected himself neck-deep in the clash over the selection of the interim District Attorney of Middlesex County.

If Governor Furcolo names John J. Droney of Cambridge to the office, as it is expected he will, it will mean that Furcolo is acceding to an appeal by Kennedy and that the ties between Kennedy and Furcolo have been strengthened.

If Furcolo appoints anyone other than Droney, it will mean that he has turned down Kennedy's request, and that could result in a new coolness between the Governor and the junior Senator.

A number of prominent Democrats have worked vigorously to obtain Governor Furcolo's nod for the position O'Dea vacated. They include former Governor's Councilor Endicott (Chub) Peabody of Cambridge, ex-Representative John F. Zamparelli of Medford, former Representative John F. Cremens of Cambridge and acting District Attorney William Sullivan of Lowell, all of whom have substantial followings.

Senator Kennedy, however, made a strong plea to Governor Furcolo in behalf of Droney and the guessing is that it will not go unheeded, although Furcolo does not always do the expected. In fact, he has a habit of doing the unexpected, and he certainly has been in no rush about resolving this matter.

That Kennedy believes Furcolo is going to nominate Droney for the position is evident from the fact that the Senator has taken time out from his Presidential campaigning to telephone members of the Executive Council and request them to vote for Droney's confirmation.

The mere fact that Kennedy intervened with Furcolo to influence a major appointment reflects the extent to which the rift between Kennedy and Furcolo, which was opened in the 1954 campaign, has been closed in the intervening five years. It also indicates that Kennedy and Furcolo are even closer politically than is generally realized.

If and when Governor Furcolo names Droney, it will be the second important appointment he has made for Kennedy. Last year Furcolo placed Francis X. Morrissey, former secretary to Kennedy, on the Superior Court bench.

Legislative Session

In November Weighed

Governor Furcolo probably will call a special session of the Legislature after Boston's mayoralty campaign has been concluded.

That is the opinion of most reporters on Beacon Hill who have closely followed developments since the legislators closed their desks last month and prorogued.

Furcolo announced in August that he would let the lawmakers go home for a vacation and then summon them back into special session in about a month.

At that time it was expected that a special session would be

convened late in September immediately after Boston's preliminary election.

However, it took the Legislature longer to wind up its regular session than Governor Furcolo and most other observers anticipated, disrupting the timetable the Governor apparently had set for himself.

Subsequently, Speaker John F. Thompson, one of Furcolo's top lieutenants in the Legislature, publicly expressed the belief that there would be no special session and that the lawmakers would not assemble again until next January.

Furcolo himself made no comment on Thompson's statement, but a member of the Governor's office staff observed that Thompson was close to Governor Furcolo and usually knew what he was talking about.

However, Furcolo's own actions or lack of them have made it obvious that he at least is still considering the possibility of a special legislative session.

That is the only plausible explanation for the delay by Furcolo in naming members of the Legislature to positions to which he has announced his intention of appointing them.

For example, Furcolo disclosed some time ago that he would designate State Senator Peter M. McCormack of the West Roxbury-Brookline district as the new Sheriff of Norfolk County and would name Representative Louis M. Glaser as a justice in the Malden district court.

It was assumed that he would make both appointments as soon as the Legislature had concluded its business for the year.

The fact that he has not done so clearly means that he feels he may need their votes and support at a special session.

What Furcolo may be endeavoring to resolve is the timing for a special sitting of the Legislature.

A special session in November after the Boston Mayoralty election would come rather late in the year. It is doubtful that it could be completed much before the lawmakers would be starting their 1960 proceedings.

On the other hand, Governor Furcolo might arouse a good deal of resentment if he were to call the Legislature back to Beacon Hill in the midst of the Boston mayoralty campaign.

Senate President John E. Powers, of course, is a candidate for Mayor. Most of the Boston legislators have taken sides in the election fight. A majority of them are out working for Powers.

Whether Powers would be hurt or helped by a special legislative session during the height of the mayoralty race is debatable. He would be obliged to take time away from his campaign to preside over the Senate. That would be offset by the attention he would receive as a key figure, second only to Furcolo himself, at the State House. Some political pundits believe Powers would be aided more than he would be hurt by a special legislative session.

However it worked out, the convening of a special legislative session in the midst of a mayoralty campaign would be an extremely risky move on Governor Furcolo's part. That is why he is expected to delay any special session until after Nov. 3.

Democrats Promise "Fair" Gerrymander

Republican members of Congress, the State Senate and the Executive Council are not exactly reassured by the assertion of Senator Maurice A. Donahue of Holyoke, chairman of the Redistricting Commission, that they have nothing to

HIGHLIGHTS... There will be a civics committee for each house this year. Applications were to be filled out by last Wednesday. The housemasters will help in the selection of the committees. Students will be chosen on the basis of school citizenship and the character of the person. The civics committee is an organization which is designed to benefit the school with the help of the students. The committee will aid the non-smoking campaign and also the student parking situation.

Clubs will be resumed again in the near future. A student may retain membership in a club provided he does not fail more than one subject in a given marking period. If a student is failing more than one subject, he may stay in the club until the end of the term. He is then ineligible. The student may rejoin the club if he improves his marks.

BARBARA T. ASCOLESE

Newton Nurse Is Made Supervisor

Miss Barbara T. Ascolese, R.N., daughter of Mr. and Mrs. Anthony Ascolese, 163 Lincoln street, Newton Highlands, has been appointed supervisor of the Operating Room at Beth Israel Hospital.

In her new capacity, Miss Ascolese assumes the full responsibility of all operating room facilities at the hospital.

She joined the staff at Beth Israel in January, 1956, and was appointed assistant supervisor in 1958.

Miss Ascolese received her nurses training at Mt. Auburn School of Nursing where she specialized in operating room work. She is a graduate of the Class of 1955.

fear from the proposed revamping of the State's senatorial, councillor and senatorial districts.

They assume that what Donahue means is that they have nothing to fear — except the threat of being legislated out of office.

Donahue is an unwavering, 100 percent down-the-line Democrat so that the uneasiness of the Republican office-holders is based on a pretty sound foundation.

The implication by Donahue that all his commission will do will be to correct some of the Republican injustices of the past doesn't soothe the nerves of the GOP either, because the Republicans committed plenty of injustices in the Gerrymanders they executed.

In those days, of course, the Republicans were in complete control of all branches of the State government, and all the Democrats could do was scream loudly in pained anguish.

Now the situation is reversed. It will be the Republicans who will do the screaming. They may follow up their shouting by taking the matter into court, and they are hoping that the Democrats may become embroiled in a fight among themselves before any redistricting plan is approved.

One thing the Republicans had when they pushed through their Gerrymanders in the past which the Democrats definitely do not have at the present time was party discipline. When the top GOP leaders decided a Gerrymander bill was going through, they cracked the whip, and that was that.

If there is any such thing as Democratic party discipline on Beacon Hill, it hasn't been evident this year.

Senator Donahue hasn't said much about what his Redistricting Commission will do, but he has said enough to make it plain that he anticipates a few Republicans will be Gerrymandered out of office, just as Democrats were in the past.

Before he's through, however, Donahue may find that the lack of Democratic party discipline is likely to complicate the task of his commission. Some observers will wager right now that the Democratic legislators will become embroiled in such a conflict next year that no redistricting bill will be passed.

Trappist Monks Shown Here On Exclusive Film

An exclusive color film of "The Life of the Trappist Monks" will be presented by the Janet Stuart Guild of the Newton College of the Sacred Heart at 8 o'clock next Thursday, Oct. 15, in Badenhouse Hall.

The unique film will be narrated by Vincent Andrews of South Attleboro, who obtained special permission to film the secluded life of the Order of the Cistercian Monks of the Strict Observance. It required over six years of filming, 30,000 miles of traveling and specially adapted background music.

The Trappist Order was founded in France in 1098. Scenes, filmed for the first time, include the impressive Trappist burial rites in which no coffin is used and pre-dawn religious services.

Tickets may be obtained at the door or by calling Mrs. Robert J. Kelley at VO 2-0304.

Bernie "Slick" Pina, former University of Rhode Island star, tallied three of the Attleboro TDs, one of which came at the end of a 55-yard pass from Ed (Butch) Songin, formerly of Boston College.

Cannon Raps Alliance Between Sen. Gibbs and Mayor Whitmore

Alderman Leo M. Cannon, campaigning for election as Newton's next Mayor, today sharply criticized the alliance between Mayor Howard Whitmore, Jr., and State Senator Donald L. Gibbs who is seeking to succeed Whitmore.

Cannon charged that another attempt is being made to force upon the people of Newton a candidate "who is approved by the incumbent Mayor."

"This attempted perpetuation in the office of Mayor of only the chosen few is against our democratic form of government," Alderman Cannon declared.

He prefaced his remarks by asserting that Mayor Whitmore had been quoted as saying that Gibbs was "the only candidate qualified to be Mayor of the City of Newton."

"I call the attention of the citizens of Newton to the fact that former Mayor Lockwood, a good Mayor and a fine gentleman, had as his campaign manager, Howard Whitmore, Jr.," Cannon continued.

"Thus, when Mayor Lockwood decided to retire after his term of office, his campaign manager became our next Mayor.

"Mayor Whitmore and my opponent have been closely associated for many years," Cannon continued. "I strongly deny that the close association of my opponent with the Mayor is a qualifying factor to become Mayor. Moreover, I urge the voters of Newton to search the qualifications of my opponent and contrast them

with my own," Alderman Cannon stated.

"I will grant that my opponent had experienced as an Alderman," Cannon went on. "That was more than 10 years ago when Newton was a smaller city. For the past seven years he has been primarily interested in the legislative affairs of our Commonwealth. Then, he is a businessman. Briefly, that is his background.

"Contrasted to that, I have been on the Board of Aldermen for the past 10 years, thereby understanding the problems of our city for the past decade and training myself for the future needs and requirements facing our city government. The matters of our Commonwealth have not been my primary concern, but our local city affairs have been my first interest during this decade."

Alderman Cannon went on to cite his experience as a practicing lawyer, a court clerk for 13 years, a former city employee, an administrator and executor of certain businesses, a court-appointed auditor and master, an officer of business corporations and a legal adviser to several real estate trusts.

He also referred to his service of 44 months of active duty in the navy during World War II.

Tough Foe-

(Continued from Page 1)

to Newton Coach Bob Malone after the game.

Malone had high praise for his center, Terry Reilly, who did an outstanding job for the second week.

Malone also singled out Pete McKenney, John O'Brien, Bill Southmayd, Dick Passo, Dave Connor, Bill O'Donnell and Ron Lawrence for the fine game they played at Cranston.

Newton's three TDs all were tallied within a space of seven minutes. They were scored by Connor who went three yards; Dick Carle who went 47 yards and Passo who went over from four yards out.

Passo also place-kicked the try for point after the third TD.

Newton started to click in the first period. They took the opening kick off and moved the ball to the Cranston 8. Cranston recovered a Newton fumble. Following a series of plays, and penalties, Cranston wound up with possession on its 33.

From there they went 67 yards for the lone Cranston score. Halfback Ben DiMascio went 28 yards which carried to the Newton 31. Quarterback Don Silver took to the air and connected with Fullback Al Robillard went to the 17.

The same aerial play to the other side of the line carried to the Tiger six, and DiMascio took a lateral from Silver and galloped around left end for a score.

The game saw-sawed back and forth until the last quarter. Here Newton got its first good break.

Cranston back Robillard fumbled on his own three yard line when tackled by Newton middle guard Ron Lawrence, and Passo recovered for the Tigers. Connor knotted the count at 6-6 when he went over left tackle for six yards.

Moments later Newton got possession on its own 28. Passo picked up four, and Connor added 21 yards on two tries. On the Cranston 47, Quarterback Tony Lavelly faked a handoff to Connor and slipped the ball to Carle who went all the way.

The speedy 140-pounder got a key block from tackle John O'Brien at the line of scrimmage

image and then just outraced the Cranston secondary.

Then Passo kicked off and recovered the ball as the Cranston players stood by on the 17 and watched the ball roll dead.

Six plays later he slanted four yards through left guard for the third touchdown and then kicked the extra point.

"Iron man" Passo played the entire game of offense and defense.

The Tigers were without the services of their "Lonesome end" Ed Flowers who is recovering from a knee injury suffered in the Everett game.

Scientist Warns Local Audience Of Nuclear Bomb Testing Danger

A noted scientist, speaking in Newton last night, called upon Americans to urge an end of bomb tests and to press for nuclear disarmament.

In an address on "Nuclear Sanity" delivered at a public meeting at the First Baptist Church in Newton Centre, Dr. Kirtley F. Mather, professor emeritus of geology at Harvard University, and current president of the American Academy of Arts and Sciences, asserted that, "the risks involved in making arrangements to stop all further testing of atomic weapons and to reduce existing armaments are less than those involved in the continuation and inevitable intensification of the arms race."

In a concluding question and answer period he underscored the political and moral urgency of speedily reaching international agreements.

Dr. Mather, who is a member of the National Committee for a Sane Nuclear Policy, said that it is technically possible to monitor an agreement to ban all future nuclear tests. The danger to human life from radioactive fallout from nuclear tests is definite, although the exact extent of the danger is not yet known. The scientist pointed out that even small amounts of radiation cause leukemia and affect the germ plasma in reproductive cells, thereby contributing to genetic defects in future generations.

Dr. Mather agreed with those who contend that the sum total of radioactivity produced by all the bomb tests to date has equaled only a fraction of the earth's

total background radiation from minerals and cosmic rays.

However, he branded such a statement as "perfectly meaningless," since fallout is not uniformly distributed but is locally concentrated. The speaker reminded his audience that the delayed fallout of strontium-90 is heaviest in the northern hemisphere between latitudes 30° and 60°; in other words, precisely in the United States and Russia.

"Nor is there any real comfort in the computation that this relatively small increase in ionizing radiation will cause leukemia and result in defective offspring for only a hundred thousand or so of the two and three-quarter billions of human beings now alive. One of the hundred thousand or so might be you or your child or grandchild."

As to the devastation which would result from the explosion of nuclear bombs in another world war, Dr. Mather stated that there is a consensus among experts that "it would mean the complete destruction of civilization as we know it, if not the annihilation of all life on the entire globe."

In effect, then, science and technology have put into the hands of the East and the West "weapons which they dare not use. Evidently Mr.

Kruschchev is as well aware of this as is Mr. Eisenhower.

Dr. Mather particularly emphasized the immediate responsibility of those who profess to practice Christianity. He concluded that "the utter futility of force and coercion as the means of achieving political or social goals has never been so completely demonstrated as now."

The Christian should rejoice that the way is now open widely for the application of love and persuasion in the present situation.

Afternoon Ceremony For Miss Howard, Mr. Brooks

Mr. and Mrs. Charles Howard, Jr., received at their home on Dover road, Westwood, following the recent marriage of their daughter, Miss Sandra Day Howard, to Mr. Robert Franklin Brooks, son of Mr. and Mrs. Franklin Brooks of Newton.

The double ring ceremony was performed at three o'clock at the Sacred Heart Church, in Newton Centre.

Given in marriage by her father, the bride wore a misty white taffeta gown fashioned with long sleeves and a scoop neckline trimmed with flowered appliques of Venetian lace. The fitted bodice was attached to a full-length hoop skirt with a bustle back.

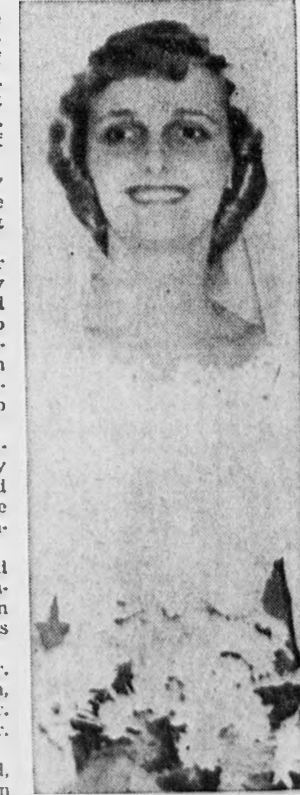

Her short veil of white illusion was caught to a spray of Venetian lace petals, and she carried a cascade of white roses, chrysanthemums, stephanotis and ivy.

Miss Marjorie Treat Howard was her sister's maid of honor, and Miss Elizabeth Ann Stanin of Westwood served as bridesmaid.

Acting as best man was Mr. John J. Sullivan of Newton, and ushers included Mr. Brooks' brother-in-law, Mr. Robert Mallard of Newton.

Study Ban On West St. Parking

The Newton Board of Aldermen have referred to the Claims and Rules Committee for further study a request for additional parking restrictions on West street.

The Street Traffic Committee by a vote of 5 to 1 had disapproved the request of Louis J. LoChiatto and others for banning parking on the west side of West street.

Alderman Joseph G. Bradley, supported by Aldermen Leo M. Cannon and Franklin N. Flaschner, successfully argued on the docket by having it referred to the Claims and Rules Committee.

The vote against the Street Traffic Committee's recommendation that the request be denied was 17 to 6.

The petition of LoChiatto and others to make West street one-way from Green street to Watertown street was denied by a vote of 19 to 3.

Also referred to the Claims and Rules committee was a petition of the Hyde School PTA for a pedestrian operated traffic light at the intersection of Lincoln and Woodward streets.

Cooking School-

pertains to handling the many details of the culinary event.

The invitation includes everyone, and those who attend the cooking school will find it well worth their while.

They will take home new ideas, new menus and possibly one of the many prizes to be given away free. Quite likely they'll make a few new friends, too.

We're all used to cranberry sauce with turkey, but something new to tease the palate will be Chicken with Fruit Sauce for Newton home-makers this year. This is to be an easy, yet elegant Oven Meal to be demonstrated.

The cooking school will provide an excellent "sight seeing" opportunity for those who are on the market for new kitchen appliances, as well as watching the latest in kitchen techniques.

Latest gas ranges will be on display, including those with the most modern feature -- the "Burner With The Brain." This is a thermostat-controlled top burner which raises and lowers the flame automatically while cooking.

Other features are clock controlled ovens that cook complete meals perfectly without the housewife even being in the kitchen and the new built-in meat roasting thermometers and automatic rotary roasting spits.

The latest in gas clothes dryers also will be on display to be examined. Any questions will be graciously answered. The cooking school is

Moore Hits Out At Gibbs In Sharp Campaign Blast

Norman E. Moore, pressing his campaign for election as Mayor, this week levelled a vigorous attack at State Senator Donald L. Gibbs.

Moore also aimed a sharp blast at Ernest G. Angevine, manager of the Gibbs campaign.

He charged that Senator Gibbs has "continually voted with the interests of big business and has noticeably neglected the people in the City of Newton."

Moore also alleged that Gibbs "has continually failed to recognize the 'little man' in all his years as a public servant."

He declared that only recently Senator Gibbs "aided and abetted the loan sharks who have for years gouged the working man with high interest on loans taken out because of illness in the home, or to take care of problems which confront working men and their families unexpectedly."

Moore called on Gibbs to explain why he voted "with the banking industry" and asked if there is a tie-in with Gibbs' interest in the banking field, observing that Gibbs is a director of a local bank.

Declaring that Senator Gibbs has announced his intention of standing on his record, Moore said that Gibbs "voted continually in the interest of his business associates and not in the interest of all the people he represented."

Turning his guns on Ernest G. Angevine as well as Gibbs, Moore said that both Gibbs and Angevine supported a

New "Wrinkles" In Textiles

Wrinkle-resistant sheets, wash and wear clothing of all types, even trousers that retain their sharp creases, are only a few of the many new ideas flowing from the textile industry.

These developments, together with such technological improvements as the recent introduction of the shuttleless loom, shown above, and a postwar investment of over \$420 million in modernizing plants and equipment, have put New England's revitalized textile manufacturers in their strongest competitive position in years.

Over 122,000 Yankees are employed by the region's mills (15½ per cent of the nation's total), while another 88,000 are engaged in converting textiles into clothing. Combined, they form the largest manufacturing labor force in our six states.

Despite the upheaval in textiles during the past 30 years, New England currently produces: 17 per cent of the nation's silk and synthetics fabrics, and 58 per cent of the nation's wool fabric for women's and children's clothing.

New England also makes 50 per cent of all the textile machinery in the United States.

This message was prepared by The New England Council for Economic Development and is published by this newspaper as a public service in cooperation with the New England Daily Newspaper Association and the New England Weekly Press Association.

It's a child's world in The Globe

Begin with the comics — and what a wonderful beginning that is, with L'il Abner and The Smith Family and Mutt & Jeff and Miss Peach. Then there are the puzzles to frown over: the Twistagram and the Hobby Club. And the news of schoolboy sports clinics. Or coming attractions on TV. And little girls like to look ahead into the pages of Confidential Chat and fashions. And little boys get to know their way around The Globe's separate sports section before they can read.

It's good to know that there is so much for children in The Globe. It's a paper you can have delivered to your home, or bring home with you — without any second thoughts. There's a fascinating world in it for everyone in the family. Get The Globe habit soon.

"Suburbia Today" Out Next Week Will Colleens Do Hula Under An Irish Palm?

Amy Vanderbilt, famous suburbanite and authority on etiquette, tells reads of this newspaper all about the fun she had abroad in the familiar as well as out-of-the-way places in her amusing article, "I Travel Out Of Season" in the October issue of "Suburbia Today" coming next week with this newspaper.

Probably you didn't know that Dublin, Ireland, is subtropical and has many palm trees, or that you can spend several delightful days aboard a ship in the harbor of Stockholm for only 38 cents a day? So, how about a soulful hula under an Irish palm tree?

You can share the unique, amusing, and highly informative travel memoirs of this famous woman in the October "Suburbia Today."

Variety is the keyword for October. There's a story about a major advertising agency that moved its business to the suburbs and has found business to be growing and growing.

"Suburbia Today" readers will enjoy a photo spread that tells the story of a six-year-old girl and what she did with her "First Allowance."

There's also a plan for planting a garden in October that will provide blooms all through the spring with no further effort on your part, and all for \$25.

Readers also will meet Richard Armour the first poet aired in a new feature, "Poets Cornered." He honors us with an amusing and accurate definition.

Charges Inertia In Rigid Civil Service System

"By maintaining a rigid personnel system in the civil service we have created a vast inertial status quo" warned Kermit C. Morrissey, State Budget Commissioner, at the opening meeting of the Newton League of Women Voters held at the Newton Highlands Workshop recently.

Mr. Morrissey went on to explain that there are "serious problems in Massachusetts Public Employment still unresolved and that the struggle has only begun."

He suggested the League examine New York State and Federal Public Employment practices first as a model to determine how to begin. He pointed out that the Federal government may hire an authorized number of individuals in free competition with private enterprise to provide top flight professional men to fill vital positions in the Civil Service.

Mr. Morrissey reiterated that the "present civil service procedure robs itself of initiative" and that the State needs to recruit realistic, practical, imaginative people into its service. "A given number of limited positions should be exempted from any preferential considerations."

The speaker stressed, however, that the principle of the Veterans' preference would remain and that the exceptions would be limited.

The Newton League is studying Public Employment Practices in Massachusetts this year and the members responded to Mr. Morrissey's talk with many pertinent questions. Preceding the talk coffee and refreshments were served.

Mrs. Isadore Slotnik, president of the Newton League of Women Voters gave the welcoming address, and Mrs. Lester B. Radio, chairman of Public Employment, introduced the speaker.

A five-word question by Jack Parer on a December night in 1957 brought ex-radio comedian Cliff Arquette out of retirement back to his craggy characterization of Charley Weaver from Mt. Ivy, Ohio. As a frequent guest star on the Jack Paar show, his appearance drew lots of applause... so now he has his own television program, "Charley Weaver's Hobby Lobby."

The road that wound in and out and back into performing began in Toledo, Ohio, 33 years ago. The son of a vaudeville couple, Arquette quit school at 14 and turned professional with a band of his own. Three years later, he broke away and headed to Los Angeles where he went from bandstand to vaudeville stage.

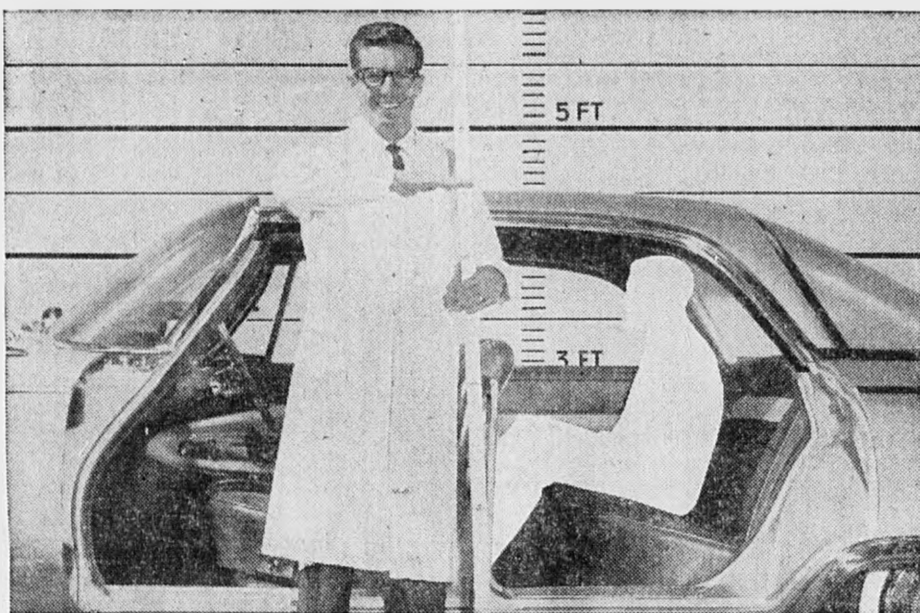

With the demise of vaudeville in 1936, he followed a successful radio career. At times, the many voices of Cliff Arquette were heard on as many as 13 radio programs a day. It was on the Fibber McGee and Molly show as the Old Timer that he ad-libbed the line that became a nation's catchphrase: "That's not the way I heard it, Johnny. The way I heard it, one and back into performing began in Toledo, Ohio, 33 years ago. The son of a vaudeville couple, Arquette quit school at 14 and turned professional with a band of his own. WHAT'S NEW FOR '60?

More room inside...without raising the roof or stretching the car

and wider doors you can step through rather than squirm through

1960 cars from Chrysler Corporation are no higher or longer outside, but you get more room inside. The reason? Unibody Construction—our new way to build cars.

Here are 1960 cars that are no higher, no longer than last year's, but they have more room inside.

The secret is UNIBODY—a new kind of construction

These cars are all one piece. We got rid of the old idea of a bulky body and frame bolted together. Unibody Construction let us do things we couldn't have done before. We lowered the floor and made the inside really spacious. We widened the doors and made it easier to get in and out.

There have been other cars with "unitized" construction, but these were a far cry from Unibody. They telegraphed all kinds of noise and road shock in to where you sit.

UNIBODY surrounds you with silent strength

The new cars from Chrysler Corporation are quiet. So quiet, it seems you're going ten miles an hour slower than you actually are.

When you open the door, the seat swivels out—automatically.

We licked the problem of road shock and noise—before the first car was ever built.

How? Through new methods of electronic engineering—the same type of engineering that Chrysler Corporation uses as the only auto maker building complete ballistic missiles for the U. S. Army.

Complex electronic computers made calculations in a few weeks that would have taken an engineering staff years of full-time work to figure out. They showed us exactly where to weld our cars together. Results: the strongest, best-built cars ever made, with twice the torsional strength of previous models and 40% more beam strength; cars that can't squeak or rattle from joints, bolts, and nuts that aren't there any more.

And, one other thing: we've got a new way of mounting the engine. There's a rubber shelf that soaks up high-frequency noises. And a specially mounted heavy duty spring that reduces noises in the low-frequency

range. This new kind of noise-reducing engine mount is a Chrysler Corporation exclusive.

Pure automobile—new from the inside out

These are the all-new ones for 1960! With more news in them than you've seen in years.

Wider doors make it easier to step in or out—gracefully.

Imagine an automobile...

—that looks pure automobile...newly styled with natural lines of motion.

—that could last twice as long as ever before

—that so reduces air drag it's like buying gasoline a cent a gallon cheaper

—that will be virtually free from rust and corrosion years longer

—with doors that lock when the engine starts

—with washable, durable, long-lasting upholstery that makes seat covers obsolete

—that performs in wonderful quiet, not just when it's new, but through all the years of its longer life. A car with size that's for use—not just show.

Pure automobile—built to be what you want a car to be. You'll know that the moment you see one. You'll know it even more the minute you take the wheel. They're coming soon. Watch for them.

UNIBODY Construction: frame flows into the body, makes it twice as strong, twice as quiet—surrounds you with silent strength.

Oil Storage

(Continued from Page 1)

storage capacity for 30,000 gallons was not utilized because of World War II restrictions.

Gallagher said the company now seeks to increase the storage capacity by 100,000 gallons to reduce the number of deliveries and reduce traffic.

Former Alderman Ernest G. Angvine, representing a group of abutters in opposition, charged the coal company is "an eyesore in the midst of a single-residence district." He said it no longer is a retail coal business but a wholesale distributor of oil.

Angvine said the residents were bothered at all hours of the night by trucks calling for oil.

Atty. Gallagher told the Board all the fuel would be stored in underground tanks, and that there would be no increase in insurance rates.

Lt. Lawrence N. Clark of the Fire Department Prevention Division said the department has approved the increase in storage facilities subject to restrictions.

These include removal of existing combustibles, banning of smoking and construction of a retaining wall to prevent seepage into the Charles River.

Six Share In Elliott Largesse

Six Newton residents were among the 578 employees who received a share of the nearly \$1,500,000 trust fund distributed recently by Harmon P. Elliott, 72, retired head of the Elliott Addressing Machine Co.

The local employees are James A. Walsh of 23 Pearl St., Newton; Luigi Mancini of 484 Lowell Ave., Assunta Corsetti of 19 Melbourne Ave., Henry McDermott of 41 Charendon St., Raffaele Delicata of 14 Churchill St., and John Delicata of 484 Watertown St., all of Newtonville.

How Do They Get Their Ideas

... on What to Buy
... and Where to Buy?

This couple, quite obviously, is planning to furnish a home. Just as obviously they're going to do a lot of LOOKING before they start BUYING. The one place they're SURE to look is in the advertising columns of their newspaper . . . where most shopping begins.

Whether it's furniture or furs, appliances or automobiles, newspaper advertising gets close study BEFORE buying begins.

Because it is so widely used as a BUYING GUIDE, no other medium has the selling impact of the newspaper. Shopping Begins in the Pages of These Newspapers . . .

Newton Students Win Top Military Honors

Two Newton students, Carl P. Vermilyea and Reinhard M. Lotz, both seniors at Norwich University have been awarded special military honors.

Col. Michael Popowski, Jr., professor of military science and tactics at the university, announced this week that both young men have been named Distinguished Military Students, under the university's ROTC program.

The designation entitles a cadet to apply for a regular Army commission, to be effective upon his graduation. It is reserved for cadets who stand in the upper half of their classes academically, and in the upper third in

their military studies. They must also display qualities of leadership.

Vermilyea, who holds the rank of captain in the Corps of Cadets at the Vermont university, is president of the Norwich Outing Club. He is the son of Mr. and Mrs. Rex W. Vermilyea, of 102 Erie avenue, Newton.

Lotz, a cadet major, is a dean's list student, and is a member of the Corps Honor Committee. He lives at 502 Crafts street, West Newton.

Volunteers Preparing For Christmas Seal Campaign

Newton volunteers already are busily engaged in the many details preparatory to launching the 1959 Christmas Seal campaign scheduled to get underway in November.

Mrs. David Weisberger, chairman of volunteers for the campaign, announced this week that more people than ever before are engaged in this worthy endeavor.

Women are getting materials in order with some preparing to dress the 1959 Christmas Seal dolls.

These dolls, dressed to look like the two children on the 1959 Christmas Seals, will be displayed in the display windows of local stores.

John Sullivan, public relations chairman for the Newton Tuberculosis and Health Association, announced this week that the dolls have been named "Chris" and "Cell" in honor of the Christmas Seals.

The chairman from the local Women's Clubs who donate regular hours every week at the association office are: Mrs. Norman Kempf, Auburndale Woman's Club; Juniors, Joseph Lunny, Community Service Club of West Newton; Mrs. William H. McCabe, Sr., New-

ton Centre Woman's Club; Centre Woman's Club; Mrs. Mrs. Weisberger and Mrs. M. Kempf, Newton Community Club; Mrs. Jane Lynde, Newton Community Club, Evening Division; Mrs. Fred G. POLITICAL HIGHLIGHTS

By JAMES G. COLBERT
Former Boston Post Political Editor
Sen. Kennedy Causes Doubt About His Political Plans

Just about everybody except Senator John F. Kennedy has been under the impression that the dynamic 42-year-old junior Massachusetts Senator has been running pretty energetically for the Democratic nomination for President, even though he has made no formal announcement of his candidacy.

That includes the national pollsters who have reported repeatedly that their surveys showed Kennedy to be the front-runner by a wide margin among the Democratic Presidential hopefuls.

Many casual observers of happenings on the political front were somewhat surprised, therefore, when Kennedy announced in an address before the State Labor Council that he will decide in January whether he will seek his par-

ty's nomination for President. Since Senator Kennedy is not prone to indulge in political double-talk, it must be assumed that there is at least a possibility that he will fold up his presidential aspirations early in the New Year and withdraw from the contention for the right to head the 1960 Democratic national ticket.

What Kennedy probably meant, even though he didn't say it, was that in January he will carefully evaluate his prospects of achieving the Presidential endorsement and decide whether they are bright enough to justify putting his prestige on the political barrel head and entering the popular primaries in those states where the voters are permitted to express a preference among

3-Candidate Race For Mayor Moves Toward Crucial Stage

Mayor Whitmore Joins Citizens In "United Nations Day" Event

Mayor Howard Whitmore, Jr., will lead the City of Newton in the observance city-wide of United Nations Day on Saturday, October 24th.

In addition to issuing an official proclamation honoring the event locally, Mayor Whitmore has announced the appointment of Richard H. Lee, as chairman of the United Nations Day dinner to be held at the Meadowbrook Junior High School on October 24th.

Many Newton organizations of both men and women are aligning themselves in the local observance of the day. Special pamphlets have been distributed and other activities undertaken to publicize the event.

Under the sponsorship of the World Affairs Council of Newton, whose chairman is Mrs. E. Tyler Parkhurst, the United Nations Day Dinner has been given for the past six years in honor of the founding of the United Nations. Honored guests are overseas students and friends. Last year's dinner was attended by approximately 200 citizens representing the leading organizations in Newton, and sixty-eight students from thirty-three countries.

Mr. Lee, in announcing plans for the observance, stated that the speaker will

2,000 Acre New Hampshire Camp Site For Boy Scouts

The purchase of a 2,000 acre campsite in Gilmanton Iron Works, New Hampshire by the Norumbega Council of Boy Scouts was announced today by Harry Shain, president of the Council.

The property, consisting of beautiful woodland acreage in the heart of New Hampshire mountains, completely surrounds a fifty acre sandy bottom, spring-fed lake. It also borders on

the shores of two other ponds, one of which is about two miles distant from the main pond and affords an excellent destination for overnight hikes. At present the site is known as Hidden Valley.

Part of the land purchased has been the site of a boys' and girls' camp run by Mr. and Mrs. James Quinney and it is anticipated that certain buildings of the former camp

may be utilized by the new Boy Scout Camp if moved to new locations.

Plans are now being consummated to have topographical surveys made preparatory to planning the new camp layout. Assistance is being rendered by the Engineering Service of the National Council as well as the professional

City-Wide Fall Spectacular Will Mark Hallowe'en Observance Here

Newton's annual fall spectacular, the city-wide observance of Hallowe'en, packs a star-spangled program of events running the gamut of all the traditional items plus a variety of new and gala festivities, reported today by the various committees.

Once again a feature of the celebration locally will be the Hallowe'en Dance at the nationally-known Totem Pole

Ballroom at Norumbega Park in Auburndale.

Plans for this event were discussed by the Newton High School Associates Council at a meeting held last week.

Local Kiddies Score Hit On TV Appearance

Two Newton school children, Joan Marcus and Steven Frager, scored a hit and revealed true television personalities when they appeared on WGBH-TV Channel 2's "Ruth Anne's Camp" program last week.

Rockets, planets and space travel were the subjects discussed during the visit of the two local youngsters.

The popular Miss Ruth Anne plans her programs of creative activities so that children watching at home can join in with a small group of studio "campers" selected from with-

in the station's coverage area.

Joan Marcus is the daughter of Mr. and Mrs. John Marcus, of 32 Avondale road; she is a student at the John Ward School. Steven Frager is the son of Mr. and Mrs. Samuel Frager, of 80 Boulder road; he is a student at the Countryside School.

Hospital Installs Newest \$25,000 X-Ray Equipment

A new \$25,000 general purpose machine and special X-ray unit for neurological examination have been placed in use at Newton-Wellesley Hospital, it was announced today by Director William S. Brines.

The installation is part of a general improvement program underway in the hospital's Department of Radiology which also recently has completed improved waiting facilities and a physicians' conference room.

Brines, in discussing the new community asset, pointed out that although the equipment was an essential, an even greater asset to the Newton and Wellesley communities was the exceptionally competent team of physicians who served them in this X-ray Department.

Chief Radiologist, Joseph Hanelin, M.D., and his two associates, William J. Brown, M.D. and Rudolph J. Junda, M.D. have been at Newton-Wellesley for just under two years, he pointed out, "yet the results of their competency is reflected in more than a 10 percent increase in the activity of this very busy, large department."

Over 50 adoption agencies, representing all faiths, have endorsed the book as a valuable instrument in helping parents to tell the adoption story to the 100,000 children who are adopted annually into American homes.

"All About You" began 23 years ago when Mr. and Mrs. Glenn MacLeod, after the adoption of their daughter Dianne, searched without success for a volume in which to record all the interesting events surrounding her arrival in their home and her growing up. Not one of the conventional baby diaries met the needs of an adopted child—all had pages that would have to be left blank. Mrs. MacLeod decided to design a book especially for Dianne. Other adoptive parents were so impressed they urged her to prepare a volume for publication.

Years of research by the author, years of traveling and interviewing adoption authorities, and years of contacting publishers preceded the presentation of the book this week by C. R. Gibson & Company, Norwalk, Conn. There are 72 pages, colorfully illustrated, commencing with the day the child actually arrives in his new home, making the book useful for any age level.

Many already adopted youngsters are looking forward to transferring material from improvised record books to "All About You." This is a book which not only serves as a storehouse for records and childhood memories but opens the way for parents to tell lovingly and honestly the "adoption story" to their child. And the book restores to the word "adopt" its correct and beautiful meaning . . . "to take by choice" . . . and "to embrace."

Mrs. Marion A. MacLeod is president of the Wellesley branch of the National League of American Pen Women; member of the Professional Women's Club, Boston, and vice-chairman of the Literature Division of the Massachusetts State Federation of Women's Clubs. For a short time she served as confidential secretary and editorial assistant to Princess Ileana of Romania, who lives in Newton. During the current year this successful author will be organizing Writers Groups at the Oak Hill Park and Auburndale Women's Clubs.

Family Work Day Planned On October 17

The third annual family work day for the Rivers Country Day School will be held on the school's property in Weston on Saturday, October 17, from ten to four. With the school's move from Chestnut Hill to Weston but a year away this year's work project is especially exciting. There will be indoor and outdoor jobs available—carpentry, painting, mowing and brush burning. Whole families are welcome to attend. Picnic lunches will be the order of the day and coffee and cake will be supplied by the school.

George H. Blanchard, headmaster, will be assisted in directing the operations by Harwood Ellis, Paul Lich and Peter Eastman, all members of the school's faculty. Many families from Newton are planning to attend.

mer Alderman Alfred R. Guzzi of Newtonville opposing Aldermen Winslow C. Auryansen and William J. Robinson in a three-cornered struggle for the two posts as Aldermen-at-Large from Ward 2.

Nelson M. Silk, Jr., is the challenger against Aldermen Melvin J. Dangel and John P. Dangel and John P. Nixon. Nixon, the latter two present the Aldermen-at-Large from Ward 3.

Harry H. Harn, Jr., and Earle D. Wood, the Aldermen-at-Large from Ward 4, are being opposed by Richard P. Brennan.

In a three-way fight for election as Aldermen-at-Large from Ward 8, John W. McBaron is striving to unseat either Aldermanic President Wendell R. Bauckman or Alderman Charles H. Morang.

Only one contest is being staged for election as Ward Alderman. That is in Ward 6 where Alderman Hersh Sharf is opposed by Sanford A. Koval, Charles E. Holly and Albert R. Mezzoff.

Two School Committee contests also will be decided by the voters.

School Board Chairman Haskell C. Freedman, seeking reelection as the School Committee member from Ward 6, has Louis H. Alter as his opponent.

Committeeman Spencer F. Deming, standing for reelection from Ward 8, is being challenged by Maurice Epstein and David Krongard.

There are signs of rising feeling over the mayoralty race and at least one of the Aldermanic contests, and the likelihood is that it will continue to mount until the votes are counted on election night.

Newton Bank Takes Part In "Thrift Week"

The Newton Savings Bank, in its six offices serving Newton, Wellesley, and Needham, will take active participation in the efforts of the National Thrift Committee to publicize their slogan SAVE . . . IT'S THE AMERICAN WAY TO SUCCESS during National Thrift Week, October 18 through 24. Mr. Frederick C. Ober, president, has announced.

The Newton Savings Bank is publicizing its active part in the National Thrift Week observances by distributing, to anyone making a deposit in any office, DIAL-RITE, a combination ball point pen and telephone dialer . . . in colors to match the phones installed in this area by the New England Telephone and Telegraph Company.

Mr. Ober continued, "The Newton Savings Bank has been in the forefront, encouraging thrift, since its founding in 1829. As the oldest and largest savings bank in our entire area, we are always ready to assist the National Thrift Committee by encouraging local savers."

"We know that everyone has a deep-rooted instinct to save. Even today thrift CAN be encouraged . . . and no one is ever over-encouraged to save."

The telephone company is collaborating with displays of color telephone equipment in each of the Newton Savings Bank's offices . . . and each DIAL-RITE will be imprinted with the bank name and the slogan SAVE . . . IT'S THE AMERICAN WAY TO SUCCESS as a reminder that thrift is not only highly desirable during the week of October 18th . . . but throughout the year.

Pure Automobile

The story of the all-new ones from Chrysler Corporation for 1960

PLYMOUTH • DODGE DART • DODGE
DE SOTO • CHRYSLER • IMPERIAL
VALIANT (On its way—Watch for it!)

Here are cars that are pure automobile—engineered for silent motion. Big, but not clumsy, fresh with the quiet beauty of quality.

The size is for comfort and use, not for show. There is no glare of chrome, but what chrome there is will last years longer than the chrome you used to get.

Sculptured by the wind

These are "The Quick, the Strong, and the Quiet"—cars with lines that seem sculptured by the wind, cars made for quiet, effortless motion.

Engineers put it this way: "University wind-tunnel tests show that the fluid dynamics of the new designs reduce the drag coefficient 14%."

This means that the engine doesn't have to work so hard to push the car through the air. If you drive at speeds of from 20 to 60 miles an hour, the savings on gasoline are equal to a price cut of a penny a gallon.

The car surrounds you with silence. You travel so quietly that, until you get used to it, you think you're going 10 miles per hour slower than you actually are.

Unibody Construction: frame flows into the body, makes it twice as strong, twice as quiet—surrounds you with silent strength.

One of the big reasons for this is Unibody Construction—a new concept in car building.

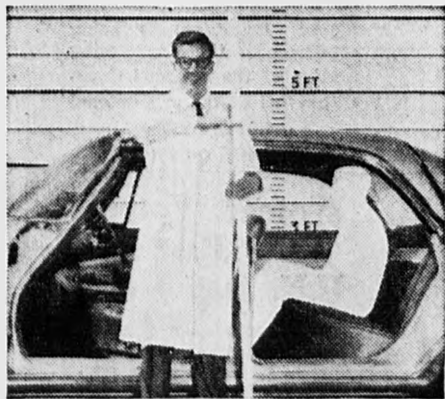

UNIBODY CONSTRUCTION—A new way to build cars we learned making missiles

Unibody Construction finally delivers what earlier "unitized" body construction never quite could. By designing body and frame into a complete unit, a surprising number of squeaks and rattles have gone with the nuts and bolts.

Electronic engineering, the same engineering that enabled Chrysler Corporation to make America's most successful missiles, Redstone and Jupiter, ends the months of production once needed to work the bugs out of new model automobiles. Now the first car off the assembly line at Chrysler Corporation is as excellent as the ones which roll off five months later.

Briefly, giant electronic computers predict performance before the car is built. They make computations in a few weeks that would take an engineering staff years of full-time work to figure out. As a result, we know just where to locate the engine mounts, just what spots to weld, and what gauges of metals to use. Electronic engineering has given us a better way to build better automobiles.

Quietness also comes from the way the engine is mounted. A rubber shelf soaks up high-

1960 cars from Chrysler Corporation are no higher or longer outside, but you get more room inside. The reason? Unibody Construction—our new way to build cars.

frequency noises. A specially mounted heavy-duty spring reduces noise in the low-frequency range. Any little noises left over are muffled by the most lavish use of insulation yet.

But Unibody Construction does more than surround you with silence. It permits more room inside without raising the roof or stretching the car.

Framed like bridge trusses, the new bodies give you twice the torsional strength of previous

models, along with 40% greater beam strength.

Nearly a million miles of road tests indicate that any model could have a life expectancy almost twice that of any car built in America in the past decade. Think what this is going to do for the re-sale value.

The whole body is treated to prevent rust
One of the big reasons for the marked increase in the life expectancy of these cars comes from the extraordinary precautions that Chrysler Corporation engineers take to prevent rust.

Not only is all metal specially cleaned to remove oil traces but the body is dipped a total of seven times.

Salt spray tests proved that panels treated this way remained rust-free five times longer than otherwise identical methods.

This means that you can drive one of these new cars years longer and rust won't mar its beauty. Think what this is going to do for the re-sale value!

Any one of these available features would make these new cars news

When the engine starts, all doors lock. Driver-controlled door locks are available on most 1960 cars from Chrysler Corporation.

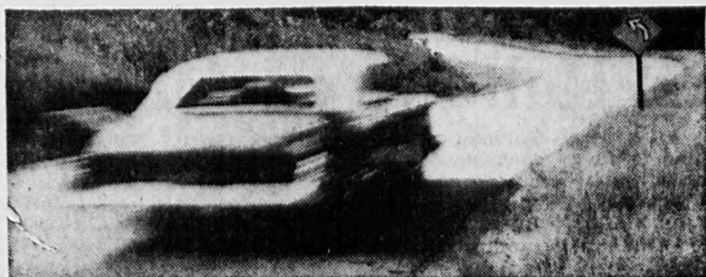

The Driver's Back Rest is 2 to 3 inches higher than rest of the front seat. Cuts fatigue.

Swivel Seats—1960 seats automatically swing out when you open the door.

New Ram-Induction Engines using the principles of a supercharger give greater passing power. (Available in high-performance models.)

Safety-Blinkers give you blinking lights front and rear, in case of an emergency stop.

The next step to take is down to your dealer's. Plymouth . . . Dodge Dart . . . Dodge . . . De Soto . . . Chrysler . . . or Imperial. A drive will bring out the difference great engineering makes.

"But Watertown has a very good team this year, a big line and fast backs. We beat them 36 to 0 last year, but one year can make a lot of difference."

Watertown has beaten Maiton and Medford this year and last Saturday won 30-0 over Rindge. That leaves Watertown as one of two unbeaten Class A clubs. Brockton is also undefeated in Class A.

Brockton's margin over the Orange at the Shoe City last Saturday was 22 to 0, although Newton held the margin of power in the scoreless first half and then ran out of gas.

Brockton took the opening kick off in the second half and scored after a sustained march which covered 53 yards.

Fullback Larry Siskind carried the ball most of the route, and Newton's defense was geared to stop him on a fourth down, goal-to-go play at the Orange three. But Quarterback Ed Butler faked to Siskind and then pitched wide to Halfback Walter Shanks who went around left end unmolested.

It was the same Walter Shanks who tallied a few moments later on a 54-yard punt return, and then set up a fourth down touchdown by Butler from the three, after a 31-yard run.

Newton had two scoring threats in the first half. With possession on their own 36, a 15 yard penalty against Brockton brought the ball to midfield.

Tony Lavelly, hit, fullback Dick Paaso on a screen pass play good for 23 yards and a

down on the Shoe City 26. Paaso was thrown for a loss and then Lavelly hit end Ron Marino for 15 more to the 11.

Here a wide pitch-out was called, but Brockton tackle Dave Trojano broke through and eventually recovered the ball on the Brockton 26.

Moments later, Newton got the ball back via the fumble route and the Tigers reached the 20. A 15 yard penalty set them back to the 35, and that ended the scoring threat.

With less than half a minute before the first half ended, the Tigers got possession on their own 43.

Quarterback Paul Guzzi connected with Jack Claflin, playing the "lonesome end" spot, and the latter was hauled down from behind on the Brockton 10 by safety man Pete Bernard.

Sen. Graham To Speak To D.A.R.

"The Creation Last Year of a Totalitarian Agency in the Cradle of Liberty" will be the subject of a talk by State Senator Philip A. Graham of Hamilton, at the meeting of the Lydia Partridge Whiting Chapter, D.A.R., to be held October 19, 8:30 p.m. at the Newton Highlands Workshop.

Mrs. Rose Langill, Regent, will conduct a business meeting. A buffet supper will be served by the executive board: Mrs. Harry L. Political Highlights

the candidates for the Presidency.

From where this writer is sitting it would seem that Kennedy to date has made very substantial progress in his efforts to marshal popular support behind his candidacy. That is reflected by the polls which indicate that Kennedy has more backing among the rank and file of voters than any other Democratic Presidential contender.

But there also is considerable evidence that the Democratic bosses, who will control big blocs of delegate votes from states which do not have popular primaries, are cool to Kennedy's candidacy and are not likely to line up behind him.

That is not surprising because it has been assumed all along that Kennedy's main hope of winning over the top leaders in the Democratic party would be to make so strong a showing in the popular primaries that they would be obliged to swing over to him.

Now that Kennedy, paraphrasing the Book of Ecclesiastes, has announced publicly that he will decide in January "whether to fish or cut bait," Democratic politicians in Massachusetts will wait somewhat uneasily for his pronouncement of what he will do.

It would be a tremendous blow to Democratic hopes for carrying the Bay State in next year's election if Kennedy does not wind up as his party's nominee for President or Vice President. The fact is that none of the other Presidential prospects would have any great voter appeal in Massachusetts or would generate any strength down to members of the State ticket.

The guessing is that when January arrives Kennedy will decide to go all out for the Presidential nomination. If he does not do so, you can expect deep gloom in Bay State Democratic circles and great glee in Republican quarters.

Edward (Ted) Kennedy, younger brother of the Senator, has contributed to the political confusion by a speech he made to group of young Democrats at the University of Denver.

Ted, who was unaware that a reporter for the Rocky Mountain News was recording what he said, told his listeners that his brother was going all out for the Presidential nomination.

Mayor Warns On Hot Ash, Leaf Disposal

Newton residents were asked today by Mayor Howard Whitmore Jr., to refrain from placing hot ashes in containers on days when trash and refuse collections are made.

Such practices have caused damaging fires within and to some of the City's sanitation vehicles, the Mayor said, thereby causing unnecessary expense to maintenance and replacement.

He advised: "Place ashes, WHEN COOL in metal barrels for collection."

The Mayor also called attention to the matter of leaf disposal.

"Your assistance in cleaning up leaves from the streets, sidewalks, borders, gutters and catch basins in front of your property," Mayor Whitmore said, "as well as on it, will be of considerable value in the avoidance of clogged drains which may cause much serious damage to private and public property — saving money for all of us."

The Mayor issued the following instructions: "Obtain a permit (required by State Law) from any Fire Station or Fire Department Headquarters, 164

Centre street, Newton Centre, if you plan to burn your leaves.

"Do not burn leaves over catch basins.

"Do not burn leaves on streets constructed or reconstructed within a year.

"Do not deposit or rake leaves, litter, or any materials onto the sidewalk, borders, streets, gutters, parks, reservations or into brooks, easements, catch basins or open drains.

"City ordinances prohibit any obstruction or depositing of litter or refuse in or on public property."

It is preferable to rake up leaves and place them in regular trash barrels or burlap bags.

Citizens may purchase large bags for 15 cents each at any Fire Station or at Street Department Division Headquarters (on week days) located at Elliot St., Newton Highlands, Auburndale avenue, Auburndale and Crafts street, Newtonville.

Bags are to be used for leaves only, tie top, and place out with trash for collection.

Camp Fire Girls Workshop Plans

Headlights And Highlights From Newton High School

By JANE SCHNEIDER

HIGHLIGHTS . . . A senior class meeting was held last week for the entire senior class. Presiding was senior class president, Paul Guzzi. Harold Howe II spoke to the seniors about their responsibilities this year. Joanne Arcuri gave the secretary's report and Joe O'Donnell gave the treasurer's report. Representing the housemasters was Miss Gertrude Creedon, the head of Barry House. Miss Margaret South, the senior class advisor, wished the students to have an enjoyable senior year. The two American Field Service representatives, Gulsar and Danilo, were introduced. First Vice President Paul Kaplan reviewed the coming events for the senior year.

The senior play will be held in November, the senior supper in December, and the prom and graduation exercises will be held in June. Instead of presenting the awards at graduation this year, there will be an awards assembly probably taking place in May. Mr. Howe feels that in this way everyone will be important on graduation day. Other speakers at the assembly were Selby Hickey, Bill Southmayd and Carol Alban.

Those students in Bacon House who are interested in joining the house civic committee were interviewed last week by Mr. Holmes. Why he or she wanted to join the committee and what he or she had to offer were two of the questions asked to the pupils. They will find out in the near future who was chosen.

COLLEGE WISE . . . Many college representatives will be visiting Newton High during the next few months. All juniors and seniors who are interested in these colleges are urged to attend the meetings. Representatives from the following colleges are scheduled to visit the high school within the next few weeks: Westbrook, Jr., Hamilton, Yale, Marietta, Stephens, Williams, Lafayette, Trinity, Columbia, Fay, Maxine Fineberg, Margie Fox, Sophie Georgian, Ruth Gordon, Elizabeth Gutman, Joan Hoops, Gail Holt, Andy Huston, Elaine Kraska, Eda Larkin, Debby Morgan, Holly Peck, Betsy Rogers, Barbara Ross, Bonnie Schlosberg, Judy Spector, Barbara Swanton, Jean Turnbull, Ann Vasquez, Margie Whitney, Fran Yoffee and Sally Young. The senior members are Joanne Arcuri, Carol Alban, Amy Angoff, Marcia Boyd, Martha Beggs, Sue Bluestein, Mary Lee Carroll, Margie Casselman, Shirley Cooper, Linda Covich, Caryl Crosby, Nancy Blacher, Donna Demarco, Ginger Dietz, Kathie Tom, Barbara Yeo, Leslie Wolbarst, Donna Richmond, Joan Meyer, Diane Rote, Selby Hickey, Barb Williams, Judy Malone, Jane Resnick, Jane Schneider, Wendy Greene, Susanna VanKeuren, Coral Epstein, Joyce Francis, A. M. Steinberg, Mary Kirk, Sandy Gould and Cathy McDonough.

THE MARQUEE . . . Thornton Wilder's Matchmaker will be presented by members of the senior class on Nov. 6 and 7 in the auditorium. The two leading roles of Horace Vandergelder and Mrs. Levi will be played by Robert Gatti and Peggy Wells. Howie Gorney, Joe Schneider and Lenny Brown will portray Vandergelder's three clerks. Acting as Ambrose Kemper will be Dick Kanter, and Terry Segal will be Joe Scalon. Wenny Balos is Mrs. Maloy, Kerstin Ferre is Flora Van Huesen, Sylvia Huberman is Minnie Fay, and Joyce Lennox is Ermengarde. Defends Sen. Gibbs

Editor

Newton Graphic: The accusations by Mr. Moore printed in your paper recently that Senator Gibbs is against "the little man" do not seem to be based on facts.

From my own information, I know that Senator Gibbs has on many occasions actively protected the interests of "the little man." He was a strong supporter and leader in the fight for increased minimum wages for all the unorganized employees in the state. He introduced the bill which became law to increase exemption of wages from attachment to protect the workingman and his family. Far from being subservient to the banking interests, he filed the bill which also became law regulating for the first time small loans up to \$1500 through the small loan commission in order to protect the borrower.

This bill was supported by a Vice-President of the Massachusetts Federation of Labor. Contrary to the "Moore charges" printed in your paper, he did not oppose all wire tapping but rather favored legal safeguards such as court approval. This approach helps to safeguard the traditional liberties of the individual. Furthermore he helped to secure passage of the educational TV bill.

In brief, then, in my opinion, Senator Gibbs certainly has helped "the little man" and the interests of the individual and I deplore such an unwarranted attack based on erroneous facts.

Mrs. Robert Segal, 74 Sylvan ave, West Newton.

staff of the Norumbega Council.

Mr. Shain has already announced plans for a Camp Development Committee and it is expected that the new camp in Gilmanton will be ready for full use in the summer of 1961.

The selection of the property in Gilmanton has come after a search for a proper location going back several years, including sites in Massachusetts, Vermont, Maine

and Connecticut as well as New Hampshire. Up to now, boys under the jurisdiction of the Norumbega Council have been spending summer camping periods at Camp Quinaxoxsett owned and operated by another Council. The new site will afford complete facilities for troop camping for the nearly 4,000 boys in the Norumbega Council.

The transfer of property from Mr. and Mrs. James Quinney and other owners, to the Norumbega Council was effected through the cooperation of Mr. W. C. Sturtevant and Mr. Chester

F. Horne, New Hampshire realtors. Mr. Earl Nauss, of Newton Highlands, Chairman of the Norumbega Council and member-at-large of the Council and Roger Bloomfield of Wellesley were instrumental in locating and negotiating the Hidden Valley site.

Mr. Nauss, a lawyer, represented the Norumbega Council at the passing of papers along with Mr. Shain, Mr. Melvin Dangel, Chairman of the Capital Properties Committee; Mr. Felix Knauth, Scout Commissioner and Mr. Ralph Johnson, Norumbega Council Scout Executive.

Also attending were Brigadier General Conrad E. Snow, representing Governor Powell of New Hampshire; Explorer Scout William R. Mark II; Boy Scout Donald Keyser; Cub Scout Larry Dullea; Cooper Gilkes, District Scout Executive of the Daniel Webster Council of New Hampshire and Mayor Oliver Huot of Laconia. To the Voters of Newton!

The decision you will make when you select your Mayor for the next two years will be a highly important one for you, for the members of your family and for your city.

It is of vital consequence to all of us that we choose a Mayor who would run Newton in a manner in which we can take pride and who will continue to make Newton the kind of city in which we want to live and raise our families.

May we suggest earnestly and sincerely that State Senator Donald L. Gibbs would be just such a Mayor.

He has had the necessary experience as a State Representative, a State Senator and a member of the Board of Aldermen. He has demonstrated his ability, his integrity, his capacity for public service and his sincerity of purpose. We commend his candidacy to you.

Gibbs Cites Fitness For Office Of Mayor

Senator Donald L. Gibbs today reviewed his record as an Alderman, State Representative and State Senator and cited his qualifications to serve the people of Newton as their next Mayor.

At the same time Gibbs sharply rapped his opponents for criticizing civic-minded men and women who are taking part in the mayoralty campaign. He said it will be an unfortunate day for Newton when high-minded citizens are discouraged from taking an active interest in their city's government.

Gibbs declared that there is one outstanding issue to be resolved by the voters of Newton before they go to their polling places Nov. 3 to cast their ballots.

That question is, he said: "Which of the three candidates would make the best Mayor for Newton and its citizens during the two years immediately ahead?"

"A large number of public spirited men and women, leaders in all walks of life, have

seen fit to endorse my candidacy and to urge my election. Unfortunately, some of those citizens have been subjected to attacks by my opponents for daring to express themselves and to take a position," Gibbs asserted.

"It will be an unfortunate day for Newton if the time ever comes when high-minded men and women, interested in getting the best possible government for their city, are discouraged from expressing themselves because of the knowledge that they will be made the target for political attacks," Senator Gibbs continued.

"It is a healthy situation, indeed, which finds so many men and women taking an active interest in this mayoralty campaign," he went on. "I hope they will always maintain that interest. I welcome their support."

Senator Gibbs said that to be Mayor of Newton not only is a high honor but also offers a great challenge and carries with it a heavy responsibility. "It requires certain qualifications which I feel I possess," he added.

Gibbs pointed out that the government of Newton today is "big business," just as it was when he served as chairman of the Aldermanic Finance Committee.

"The city's budget is approximately \$20 million," he cited. "No one other than the Mayor has as intimate a knowledge of the budget as the chairman of the Finance Committee. He not only conducts budget hearings but he writes the report and presents it item by item to the Board of Aldermen, being able to explain every proposed expenditure."

"Newton is one of the large suburban cities in the Greater Boston area. Its problems are increasingly interwoven with those of the Commonwealth and the other cities and towns in the metropolitan district. The solution of those problems requires a thorough knowledge of state government and an ability to understand and work with the other governmental units," Senator Gibbs declared.

"Some of the items in the Newton budget are controlled by the state such as welfare costs, or by state agencies such as the MTA assessment. My years in the House of Representatives, and the Senate will greatly assist me in dealing with these problems," he emphasized.

"While it is my feeling, one which is shared by many citizens, that Newton has had and now enjoys, outstanding municipal government, nevertheless we cannot afford to be complacent. We must strive to go forward. We will continue to increase off-street parking. Newton's high rate of automobile ownership makes convenient parking in many villages extremely difficult. Such additional parking areas would not only help the shoppers but also would benefit the local businessman whose interest and welfare must be of concern to the city government," Gibbs continued.

"As Mayor I would continue my vigorous opposition to the toll road. My determination that Newton's citizens not be made second-class by paying tribute to a Toll Road Authority has been well recorded in the press. At the many public meetings and official hearings which I have attended in opposition to the toll road I have never seen either of my opponents," he said.

"Yet this is one of the most serious problems facing Newton today, for the elimination of bridges, if the toll road comes down the railroad tracks, would have a divisive and disruptive effect on our city," Gibbs stated.

Senator Gibbs said the Highland Branch also offers a serious problem for the South side of the city, pointing out that the doubts he expressed that the line will pay its own way and would add to the already mountainous MTA deficit are now being shown to have been well founded.

He asserted that it already is evident that the Highland Branch is not adequate to meet Newton's needs, that the roadbed is unsatisfactory, slowing down cars and causing bumpy rides. Cars also are run on so infrequent a basis that many passengers are forced to become strap-hangers, he complained.

"I pledge to the citizens of Newton that I will continue to fight for the improvement of the MTA service and the reduction of its deficit," Gibbs declared. He also announced that he will continue his opposition to the curtailment of Boston & Albany service on the north side of the city.

Cardinal To Dedicate New Catholic H. S.

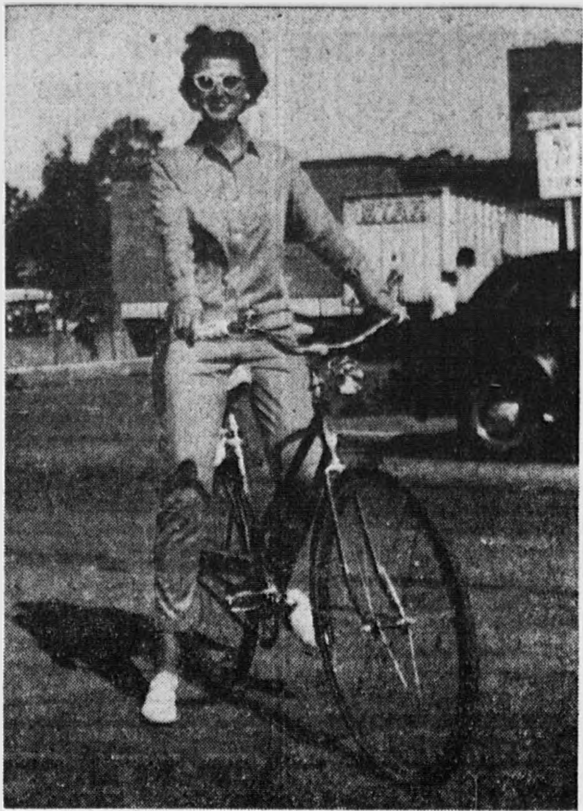

The new Catholic Memorial High School, at Gardner and Baker streets, West Roxbury, which opened this September will be formally dedicated by Richard Cardinal Cushing on Tuesday, Nov. 10, at 10 a.m.

Staffed by the Christian Brothers of Ireland, the school under the principalship of Rev. Bro. Joseph G. McKenna, has in only two years reached an enrollment of 700 pupils from over 73 parishes in the Archdiocese.

First housed in the old Avilia School, construction of the new building was begun in August, 1958, at a cost of \$1,900,000.

In connection with the dedication a souvenir program book is being published, with Joseph L. Greaney, as general chairman.

Serving with him on the committee are Joseph A. Herzig, in charge of advertising; Frank J. McFarland, patrons and patronesses; Timothy F. O'Keefe, special gifts; and Edmund C. Mahoney, president of the Fathers' Club.

RHYTHM IN BLUE — Attired in her latest eye-catching blue costume to match her blue Schwinn Traveler, Mrs. Dorothy Curtis Loud poses gaily. Mrs. Loud, a grandmother with a 24-year-old daughter, is so pleased with cycling for health and pleasure that this year she sold her late model car and now uses the Schwinn almost exclusively for transportation. She has even given two new bikes to friends.

Sanford Kowal Seeking Election To Aldermanic Board in Ward 6

Sanford A. Kowal, who is making a vigorous campaign for election as Ward Alderman from Ward 6, declared today that he entered the contest because he believes that "active participation in government at the local level by young adults is essential for the continuation of responsible government."

"The number of candidates is noteworthy only in Ward 6," Kowal asserted. "In response to this challenge, it is my intention to visit as many of the voters in the area as possible to discuss with them the opportunities and problems we face together as residents of Newton. I already have visited with 1,000 families."

Kowal expressed the hope that the "voters of the city will respond to the challenge of-

fered to them by the candidates by exercising their responsibility as citizens to vote."

Mr. Kowal gained experience in legislative affairs while serving as administrative assistant in Washington to U. S. Senator Thomas J. Dodd of Connecticut.

He also served with the army as a special agent of the Counter Intelligence Corps, working closely with the Japanese and Korean governments. He was commended for his work by the Korean Ministry of National Defense.

Presently a member of the National Counter Intelligence Association and the New England Military Intelligence Association, Kowal also is a first lieutenant in the army reserve.

Kowal attended Newton public schools and graduated from

Newton High School. He received his B.A. degree in history at Bowdoin College. At the present time he is attending the Boston University Law

about this question:
In just this past month, one client stumbled on the rug in my office, and fell against the table. Another slipped on a loose stair pad and fell down several stairs. Is there insurance to protect a professional man against liability from such accidents?

New Special Care Hospital Unit Reported Big Success

Successful operation of the New Special Care Unit at Newton Wellesley Hospital was reported at the recent meeting of the trustees.

Director William S. Brines observed that although opened partially to assure quality performance, use has been at a maximum.

Early opening of an additional eight beds is contemplated.

The Special Care Unit, with high concentration of nursing and medical personnel and equipment assures seriously ill patients all necessary skill and attention. The Special Care Unit provides 18 beds.

Richard Wengren, hospital treasurer, pointed out that with only the month of September remaining in the fiscal year, a small hospital operating surplus, before depreciation, of August 30th would be wiped out and a deficit for the year could be predicted.

An unprecedented and successful move to curtail expenses by planned unit closings had made it possible for the hospital management to hold vacation replacements at a minimum.

Myrtle L. Fuller, director of nursing, reported 56 students in the September class of the School of Nursing. The total student body of the Newton Wellesley School is currently representing all New England States, as well as the local communities.

There was some amused response from the Trustees when Miss Fuller, indicating causes for students not remaining at the hospital following graduation, stated that of the recent graduating class of more than 50 students, 27 were married or would be by December.

"Party Day": The Newton Wellesley Hospital Aid Desert Bridge is to be held Wednesday, October 23rd. In so reporting, Mrs. P. Edward Eden, President of the Hospital Aid, announced that the much needed redecoration of the freshman dormitory and lounge rooms has been accepted as the project to be supported by this annual fund raising occasion.

G. Elliot May, M.D., Chairman of the Executive Committee of the Medical Staff, reported on the professional

developments during the past three months.

Physicians were appointed to the Medical Staff during the quarter according to the report of Samuel A. Fitch, Secretary for the hospital. Board of Governors, including James H. Austin, Dudley W. Hall, Zolman Helfant, Ruby C. Jackson, Alfred E. Lanes, Vernon H. Mark, Robert A. Newton and James L. Thompson.

Chester A. Borden, President of the hospital presiding over the well attended meeting.

26 Former Assistant Attorneys General Back Moore For Mayor

Twenty-six former Assistant Attorneys General today announced their endorsement of Norman E. Moore for election as the next Mayor of Newton.

Attorney Samuel H. Cohen of Newton, spokesman for the group and former assistant District Attorney under Robert F. Bradford when the latter was the chief prosecutor of Middlesex County, paid warm tribute to Moore and his qualifications for service as the city's Mayor.

He declared that the people of Newton are fortunate that a successful businessman such as Moore would stand for election as Mayor of their city.

Cohen said that he and the other former Assistant Attorneys General had endorsed Moore at a recent meeting "on the basis of the ability, the integrity and the leadership he displayed during his years of public service."

He said that the late Attorney General George Fingold depended upon Moore's "progressive approach to many complex problems as well as his keen insight and his ability to resolve a problem in a short time."

Former Assistant Attorney General Matt Rosenblatt, head of the Land Damage Division created under the Fingold administration as Attorney General, asserted that it was Moore's business experience which "helped set up a system that enabled the state to save thousands of dollars in interest by applying business procedures to a complex legal situation."

Rosenblatt, a lifelong friend of Attorney General Fingold, said that Fingold confided in Moore "because he could be trusted." Rosenblatt added that "Moore's integrity is something on which the people of Newton always will be able to count. He said that Moore's public record 'is one of which any man could be proud.'"

Former Assistant Attorney General Rosenblatt added that Moore was "a candidate of the people" and said Moore's "successful financial business experience would be of great assistance to him in handling the affairs of City of Newton." Moore was administrative assistant to the late Attorney General Fingold and was also his campaign manager in his gubernatorial bid which was tragically terminated when Fingold was fatally stricken.

NORMAN E. MOORE

by a heart attack on Labor Day weekend in 1958.

The former Assistant Attorneys General said that Moore established a Youth Division under Fingold to meet the juvenile problem and brought in experts from all parts of the United States and even from the United Nations to participate in the discussions.

They said he also assisted in setting up the Charitable Trust Division which reactivated and put to work for the public good many trust funds which previously had been stagnant.

Former Assistant Attorneys General who joined Cohen and Rosenblatt in endorsing Moore included:

Jerome Berent, Edmund Burke, Vincent J. Celia, Joseph H. Elcock, James P. McKay, Samuel W. Gaffer, Floyd H. Gilbert, Dorice S. Grace, Saul Gurvitz, Matthew S. Heaphy, Edward Kimball, Stephen F. Lopiano, Edward F. Mahoney, Keesler H. Montgomery, Hugh Morton, Lowell S. Nicholson, Thomas J. O'Donnell, Frank Ramacorti, Arnold H. Salisbury, Barnett Smola, Charles V. Statuti, Fred True, David Winer and George Broomfield.

Saga Of Ancient Rome Unfolds on W. Newton Screen

"The Warrior and the Slave Girl," an amazing spectacle in the best tradition of the super-spectacle flashed on the West Newton Theatre screen yesterday with Gianna Maria Canale, Georges Marchal and Ettore Manni heading the cast of thousands.

The new Columbia release is filmed in eye-dazzling Eastman color and Super CineScope. Miss Canale plays a princess of ancient Armenia who seeks to be queen even under the Roman rulers of her country.

She portrays a glittering, if cold, beauty and Marchal is handsome and stalwart as the patriot-gladadiator while Manni embodies the best qualities of the ancient Romans sent to crush an uprising.

taken on one of the hottest days of the season, and patronage fell off sharply in the afternoon.

Ahern said the Boston Chamber of Commerce had been the principal supporter of the 10 mile extension of the MTA from Riverside through the side of Newton into Boston.

"It is true," he admitted, "that the extension has not yet come up to the patronage and revenues originally predicted."

"But considering the length of the run, a zone fare structure of 20, 25 and 30 cents might very well be acceptable to the public."

Mayor Whitmore, in a letter sent to organizations and individuals interested in world affairs, said, "The United Nations is dedicated to the maintenance of world peace and to the promotion of international cooperation to help solve the problems and alleviate the sufferings which beset mankind. Students Report On Summer Institute Work

Young people of the Universalist Church in Wellesley, under leadership of Rev. Carl Nelson, will entertain several high school students Sunday October 18, at 7 p.m.

The students will report on the American Friends Service Committee's High School Institute for International Relations, which they attended this summer. Edith Cohen, John Lyons and Brenda Lindemann from Newton, Martha Burgess from Needham, and Tom Kennedy, Wellesley Hills were sponsored by the Newton-Wellesley branch of the Women's International League for Peace and Freedom, so they might attend this institute and share their stimulating experience with other young people.

American Field Service students from this community are also being invited to share in the evening's entertainment.

Dietz Blasts Absentee Record Of Ward 6 Alderman-at-Large

Newton voters were urged today by Ernest F. Dietz, candidate for Alderman-at-Large from Ward 6, to examine the records of the present Aldermen before casting their ballots at the Nov. 3 municipal election.

He issued a reminder that all 16 Alderman-at-Large are elected by the voters of all the wards and represent the entire city.

Dietz declared that one Ward 6 Alderman-at-Large now seeking reelection has the poorest attendance record for the past two years of the entire 24-member board.

"The public records show that this Alderman has been absent more than 60 percent of the time from regular and special meetings of the board," Dietz asserted. "The \$20 million budget now used to op-

erate the city of Newton deserves better attention than this."

Dietz said he has found by conducting a personal city-wide poll that the leading issues in the current election campaign are better planning for city development and future zoning, real estate assessments, improved relationships between the School Committee and the Board of Alder-

men, school bus transportation, growth of the school population, specially in the Oak Hill area, fair housing practices, transportation, including the proposed toll road over the B. & A. tracks, and a study of present city statutes and modernization of the city charter.

In a pledge to voters, Dietz promised to give conscientious attention to problems affecting all Newton citizens and to see that Newton city government meets the requirements of a growing suburban community.

He praised the activities of such city wide representative groups as the League of Women Voters and the Newton Civic Association which interview candidates to determine qualifications.

Dietz warned new voters, especially not to depend for

their decision at the polls on anonymous "slate" cards, purporting to be of an official nature.

Early endorsers of Mr. Dietz' campaign for the position of Alderman-at-Large from Ward 6 include the following:

Mr. and Mrs. William Bruce, Mr. and Mrs. Henry H. Balos, Mr. and Mrs. Irwin Benjamin, Harold J. Berman, John Brink, Mr. and Mrs. Lawrence Cohen, Mr. and Mrs. Edward S. DeNucci Fights Bobby Stevens Tuesday Night

Newton's middleweight boxer Joe DeNucci returns to the ring next Tuesday, Oct. 20, when he tangles with Irish Bobby Stevens of Bridgeport, Conn., at Boston Arena.

DeNucci won his last bout with a fifth round knockout in New Bedford of a New York fighter first identified as Archie Whitfield, but later established to be one Charles A. Washington.

The Newton battler was cleared by the Massachusetts

Boxing Commission of any complicity in the "ringer" affair.

He has been working as a day laborer to strengthen his reserves for a strenuous ring campaign. Stevens has an impressive record of 16 wins out of 17 starts.

Transport Factor

Detroit — About 99 per cent of the U. S. tobacco crop moves to market by truck, in addition to 97 per cent of the milk, 96 per cent of poultry, eggs and cotton, and 91 per cent of grain.

Dedham Plaza Opens With 22 Top Stores

The Dedham Plaza Shopping Center, located on a 3-acre site fronting both Routes 1 and 1A, and the first major shopping center south of Boston, opened yesterday (Wednesday) with ribbon-cutting ceremonies at the main lobby entrance.

The new shopping center, located a minute from Dedham Circle and Route 128, has 22 stores representing leading national chains and outstanding local merchants offering shoppers everything from food to fashion. Center hours will be from 9:30 a.m. to 9:30 p.m. six days a week.

Highlighting the grand opening festivities is the chance for shoppers to win prizes totalling \$15,000. Entry blanks are available in all stores.

Top prize is a free, all-expense trip to London and Paris for two or \$1,000 in cash. The drawing for this prize will be held Saturday, October 24.

Other outstanding prizes to be given during the 10-day grand opening celebration are 30 26-inch Columbia bicycles and tricycles, fall fashions from Touraine stores valued at more than \$2,000; 50 transistor radios, 50 Kodak Brownie flash cameras and brand new 1960 famous-name 17-inch portable television sets.

Two of Boston's leading disk jockeys, Stan Richards and Bill Marlowe, will direct broadcasting activities for Station WILD today and Friday from 9 a.m. to 2 p.m. when leading radio, stage, TV and movie personalities will visit the Plaza.

WITHIN a five-mile radius of Dedham Plaza lives a growing population of 425,000 whose buying power is \$888,000,000 yearly. Communities situated within an eight-minute ride to the center include Hyde Park, West Roxbury, Needham, Westwood, Milton, Roslindale, Canton, and Norwood.

A recent survey disclosed that within a 12-minute ride of the Plaza, there are approximately 2½-million persons. The center is also serviced by Routes 109, 135, and 138, the main gateway to the new Cape Cod Highway.

Taking advantage of the natural terrain of the site, Dedham Plaza has been built as a split level shopping center with stores fronting on both Routes 1 and 1A. There are parking stalls for more than 1,500 cars at one time.

"We believe that one of the outstanding features of this location is that it has the finest road accessibility of any shopping center in New England, since it is surrounded by five major highways with excellent feeder roads," declared Peter J. Kanavos, youthful developer of the center.

"In our opinion, the location of the Dedham Plaza is a perfect demonstration of the isochronic formula. This formula means that it takes a minimum amount of travel time over the good roads leading to the center as well as a minimum amount of mileage to get there.

"No other location in New England enjoys so perfect an isochronic formula, which is developed as a result of the excellent feeder road system leading to the shopping center in Dedham."

THE SITE was selected because it is a prosperous and growing suburban area with a greatly expanding population. The per capita income in this single-family, two-car district is far above the average for the state of Massachusetts, explains Mr. Kanavos.

"The trading population of cities and towns within a three to five-mile area has jumped 22 per cent in five years," he added. "This has been sparked by the current swing to the suburbs as well as the largest industrial expansion boom anywhere in the state."

The first phase of development at Dedham Plaza, represented by the stores opening on Oct. 14, includes 180,000 square feet of store space. This will ultimately be expanded to 350,000 square feet as new stores and offices are added.

Designed as a completely modernistic shopping center, with wide glass area for store fronts, the center has extra wide 20-foot promenades for the convenience of shoppers, who will be protected from inclement weather by a 15-foot marquee overhang along the entire length of the center.

Modernistic landscaping is another feature of the center, which instills a garden-like suburban atmosphere for shoppers.

THE MAIN LOBBY of the center is one of the focal points for there is easy access to it from both levels for convenience of mobility.

The individuality of each store is maintained in the overall general stone and brick work of the exterior. All merchants have developed their own functional design within their stores and the layout of the center affords

every tenant equal visibility and prominence of facade.

"Dedham Plaza provides a completely new shopping center with adequate parking facilities, to serve the expanding market in this area south of Boston," declared Mr. Kanavos.

"We have brought into the center a diversification of stores which provide everyday service needs of American families. Every tenant is geared to this need and the entire center will offer shopping ease and variety of merchandise that is presently not available in the vicinity," stated Mr. Kanavos.

Couples Club Sukkot Party For Children

The Temple Emeth Couples Club will hold its annual Sukkot party for the younger children of the community Sunday afternoon at 2 o'clock. Mr. and Mrs. Irving Bachman, of Newton, chairman of the affair, have planned a full program including a tour of the Sukkah and a puppet show presented by a professional puppeteer.

Refreshments will be served by Mr. and Mrs. Leonard Kleinrocks, of Brighton, and Mr. and Mrs. Seymour Smoller, of Waban. Mr. and Mrs. Marvin Berman, of Brighton, and Mr. and Mrs. Sheldon Feinstein, of Brookline, are in charge of the decorations. There will be no charge for admittance to the party.

Beethoven PTA Meets Oct. 19

The opening meeting of the season will be held by the Beethoven School P.T.A. on Monday night, October 19th at 8 o'clock in the school auditorium. A brief business meeting will be held.

Alvin Caplan, president, will welcome the new and returning members of the P.T.A. and tell them about its activities for the coming season. Frank Zervas, principal, will introduce the teaching staff.

Following this meeting, the teachers will be in their classrooms to meet parents. Room mothers, Mrs. David Heard, chairman, will act as hostesses in classrooms. While visitations are going on, the program committee, Dr. and Mrs. Samuel Beaser, chairman, have arranged for the showing of "Out of School Classroom."

This film, taken by William Winston, shows the program conducted for sixth graders in Peterboro, New Hampshire. Since Beethovens sixth graders are planning this trip early in November, it is especially timely. The film will be shown twice so that everyone will have an opportunity to see it and to visit the classrooms. Refreshments will be served by Mrs. William Collins and her committee.

Plans are also being made for the fourth annual Turkey Trot to be held on November 14th. This popular function is a square dance held in the school gymnasium. Mrs. Larry Bear and Mrs. Morton Brown are chairmen. Hayd Sweet and his country style orchestra have been engaged to call and teach the dances.

\$10,000 Fire

Fireman Sustains Cut Hand

One Newton fire fighter was injured fighting a blaze on Waverly avenue, one of two dwelling fires this week which drove five persons to the street and caused total damage of \$10,000.

Fire fighters Thomas Shannon, 31, of 10 Playstead road, Newton, suffered cuts on his right hand and was taken by police to Newton-Wellesley Hospital for treatment.

Shannon was hurt battling a fire in the living room of the home of Mr. and Mrs. George F. Grant at 22 Waverly avenue. Their children, Margaret Grant, 11, and George 4, were driven to the street and ran to a neighbor who called for help.

The fire of undetermined origin caused \$4500 damage and was confined to the living room of the 2½ story dwelling.

Damage of \$5500 was caused by fire which began in a third floor bedroom of the home of Dr. and Mrs. A. Allen Danys at 44 Grafton street. Traffic on Commonwealth avenue, Newton Centre, was tied up for an hour during the rush hour.

Dr. and Mrs. Danys and their 11-year-old son were driven out and the flames were confined to the bedroom. Fire officials blamed the blaze on an electric heater.

Women Voters Sponsor Forum For Candidates

All candidates seeking office at the forthcoming city election in Newton have been invited, and are expected to attend, the big pre-election meeting to be held at the Meadowbrook Junior High School next Wednesday evening at 8 o'clock.

The affair is sponsored by the Newton League of Women Voters. Dr. J. Wendell Yeo, vice-president in charge of student affairs at Boston University.

The candidates' meeting, an annual public service of the league, is open to all Newton citizens and presents an excellent opportunity to meet and appraise the candidates for municipal office.

A social evening will follow the meeting with refreshments served by the committee.

Graphic Publishes Answers Given To Women Voters Poll

Candidates for Mayor, School Committee and the Board of Aldermen all outline their qualifications for the offices they are seeking in this edition of The Graphic.

As a service to the voters of Newton, The Graphic this week is devoting a full page to the publication of the answers made by the Mayorality, Aldermanic and School Board aspirants to certain questions put to them by the Newton League of Women Voters.

That information, intended as an Election Guide for the city's voters, may be found on Page 12.

All of the candidates were invited to give their qualifications for the public offices they are seeking.

The three mayorality contenders—State Senator Donald L. Gibbs, Norman E. Moore and Alderman Leo M. Cannon—also received two other queries from the League of Women Voters.

The y were asked whether they intend to be a full-time Mayor.

The third question directed at the three men standing for election as Mayor asked what problems relating to the future development of Newton they consider of paramount importance and how they propose to approach them.

The Aldermanic candidates were asked how they believe the new zoning concept, allowing the erection of high rise apartment buildings in Newton, will affect the future of the city.

Voting Machines To Be On Display

Members of the League of Women Voters will conduct demonstrations next week on the operation of voting machines which will be used in four of the city's polling places in the Nov. 3 election.

The league members will explain the use of the voting machines to all interested persons at the cafeteria in the basement of Newton City Hall from 2 to 4:30 p.m. on each afternoon next week.

At 1:30 next Monday afternoon the women themselves will receive detailed instructions from City Clerk Monte G. Basbas on the use of the machines.

Time Goes Back An Hour Sunday

Daylight Saving ends officially at 2 o'clock next Sunday morning. Sleepy heads will make up the hour lost last spring.

However, loyal American citizens do not have to wait until 2 o'clock in the morning to turn back their watches and clocks. This may be performed at bedtime. But, be sure to turn the clock back. For instance, you go biddy-bye at midnight, turn the clock back to 11 p.m.

It's a good idea to delegate the clockturning to one member of the household. In this way, several hours are not gained in the process.

Again Oppose Enlargement Of Gas Station

A large group of residents attended a public hearing before the Newton Board of Aldermen to voice opposition Monday night to a second attempt to obtain permission to enlarge the gasoline station at 1742 Commonwealth avenue, Auburndale.

The Board voted to defer the petition of William A. Conte to a committee for further study.

Conte seeks permission to include a corner lot and increase storage capacity. Atty. Allan Barkin said the existing station is "too small."

Plans In Home Stretch For Gala Local Observance Of Hallowe'en

The programming for the hundreds of Halloween parties scheduled for Saturday, October 31, is in the home stretch according to reports received by the Newton Halloween Committee.

Recreation Commissioner C. Evan Johnson, General Chairman Dr. R. Emerson Sylvester and Vice Chairman, City Clerk Monte G. Basbas, have discussed organizational plans for all parties on the local level and announced that progress has been "Very Satisfactory."

Each of the scores of build-

ing chairmen has reported to the Recreation Department that programs are organized and ready to delight thousands of youngsters on Halloween.

Typical of the reports is that from the Franklin School in West Newton. Charles Doherty is village coordinator and Mrs. Barnard is building chairman.

Scores Win Cooking School Prizes, Bags

A new gas range, just what every well-dressed kitchen needs, has been awarded to Helen Caplan of 20 Philbrick road, Newton Centre.

This was the much-coveted Grand First Prize awarded at the annual free cooking school conducted last week at the Meadowbrook Junior High School.

Sponsors of this culinary event—which drew a record attendance and a record number of shoppers who deposited their certificates at stores of progressive Newton merchants—were the Boston Gas Company and the Newton Graphic.

As in the past, Miss Susan Mack was in charge of the cooking demonstration. Miss Mack, head of the Home Service Department of the Boston Gas Co., with her staff of experienced experts, staged a most interesting display Thursday night.

Scores of prizes were given away. In addition to six top prizes, there were 10 Stop and Shop prizes. There were 20 free bags of groceries awarded at the big free cooking party, as well as other gifts.

The coupons printed in the Newton Graphic which customers deposited in the various stores and shops, brought 23 prizes to winners of \$5 gifts of merchandise, food or credit toward the purchase of any item the winner desired.

Laggards Warned To Get October's Red Auto Sticker

Buy State motorists, still flaunting those old green windshield stickers, are advised today that they are laggards in the annual October car inspection campaign.

Only a few days remain to get the family car looked over at an official inspection station, and to replace the green windshield adornment with the more fashionable red one.

Unhappy motorists still "wearing the green" on Sunday morning, November 1, will face the dire consequences of which they have been warned all this month.

Registry forces want to "see red" on November 1st. Remember, many official inspection depots may be jammed next week. GET YOUR STICKER TODAY!

Tigers Even Pick For Arlington Grid Game

Newton High School will be at full strength for the first time this season when they tackle the fast Arlington squad in Dickinson Stadium at 2 p.m. Saturday afternoon.

Ed Flowers, the Tigers' "lonesome end" and tackle Bill Wallace will be fit for action in a game that shapes up as an even pick.

Newton's new head coach, Bob Malone, puts a lot of stock in his speedy 6-2, 170-pound end, Flowers, who on every play is spread seven to 10 yards out to the left while the rest of the team uses the basic wing-T.

This will get a good test Saturday because Arlington, which boasts some pretty fast backs, operates from a slot-back formation.

Last Saturday Arlington lost to Everett, a team which Newton edged, 15-12, in a season opener. And while Arlington was losing, Newton took a 28-8 plastering from Watertown, which is undefeated and untied and is

the highest scoring team in Class A.

The game was the 12th renewal of the rivalry between Newton and Watertown and the Tigers boasted a 9-2-1 advantage prior to the game. Now it stands 9-3-1.

But it was the Tigers' fumble-itis which contributed much to Watertown's easy victory.

"It was mental," Coach Malone explained. The boys

Newton South Co-Operative Bank Re-elects 3 Directors

Three local men were re-elected as directors at the annual meeting recently of the Newton South Co-Operative Bank, Newton Highlands. Chosen to serve three year terms were Lincoln Alvord, Edward C. Keating and Carl J. Kessell.

The Treasurer, John R. Redfern, reported the bank had reached new heights in both savings and loans. Dividends paid out reflected the larger earnings of the bank and the addition of \$23,000 to the reserve accounts strengthened the bank's position.

The increased mortgages written during the year proves real estate activity continues to grow because of the desirability of the city as a home for families. The new program of writing F.H.A. mortgages by the bank contributed in large measure to the growth and its acceptance by the home buying public is gratifying.

The growth of the Savings Department in the past year indicates the citizens of New-

ton are still ahead of the rest of the country in thrift habits. This is one of the big reasons why Newton is very often pointed out as the ideal city; a city of homeowners and sav-

The Directors re-elected Mr. Kessell as President, Mr. Keating, Vice President, and Mr. Redfern as Treasurer. Miss Catherine T. Barry was re-elected Ass't. Treasurer, Clerk of the Corporation and Clerk of the Board. Named to the Security Committee were: Alvord, Keating, Kessell and Redfern. Appointed to serve on the Finance Committee were: William M. Breed, Roger S. Hamilton and George T. McLaughlin.

"African Safari" To Be Presented At Local Church

The First Baptist Church in Newton will present an "African Safari" on the evenings of October 25, November 1 and 8. The public is cordially invited to attend these hour-long meetings which will be held at 6:45 p.m. in the Church sanctuary at the corner of Beacon and Centre streets, Newton Centre.

The speaker on October 25 will be Mrs. Emory Ross, a former missionary of the Disciples of Christ in the Belgian Congo. Later she was a prominent member of the staff of the United Church Women. Mr. and Mrs. Ross are co-authors of Africa Disturbed, an interesting study of African problems.

New Faces of Africa, a film with sound and in color featuring interviews of native Africans, will be shown on the evening of November 1. Following the film, Miss Marion C. Simmons, a missionary who has recently returned from the Belgian Congo, will conduct a question and answer period.

The Rev. James L. Sprigg, a former missionary to China and the Philippines, and now administrative secretary for the American Baptist Foreign Mission Societies will speak on November 8.

As administrative secretary, Mr. Sprigg was a delegate for the Foreign Mission Societies at the International Missionary Council in Ghana in 1957 and attended the All-Africa Church Conference in Ibadan, Nigeria, in early 1958. He then toured the Congo on a secretarial field trip through May of this year.

Moore Claims Newton Run by "Select Few"

Norman E. Moore, campaigning for election as Mayor, charged this week that Newton "is controlled by a select few who are using the city as a stamping ground to sell their wares."

Moore declared that he is making an all-out effort "to rid this city of a controlled political machine."

In his speeches he hammered away at what he termed the "vested interests," asserting that he believes in a conservative but vigorous approach to Newton's problems, adding that he has a sincere desire to protect the interest of all the people.

Moore said he intends to serve the people of Newton "in a businesslike manner with the interest of all the citizens uppermost in my mind."

He expressed gratification that his request for the continuation of the driver education program at Newton High School was recognized and that the School Committee had decided to continue the program.

Moore expressed the belief that a city the size of Newton requires the services of a full-time legal adviser in City Hall who is always available for consultation with the heads of departments and the people of the city.

He said the city solicitor and his staff belong in Newton City Hall, not in Boston. "One reason for that is that there should be immediate consideration given to claims of all citizens who should be dealt with on a fair and equitable basis," Moore added.

Moore said that as Mayor he would have a working committee to cooperate with the Newton Chamber of Commerce as well as other organizations dedicated to the promotion of better business in Newton. He said he is firmly convinced that every effort must be made to attract business to Newton's industrial centre, resulting in an increased industrial valuation and a consequent reduction in the city's tax rate.

"There must be long-range budget planning as well as program planning, keeping in mind that we estimate the cost of government not only for a full 12 months but, in many instances, commit ourselves for several years," Moore continued. "It takes a businessman with business experience to run a city like Newton."

Referring to the toll road problem, Moore criticized "the ostrich-like attitude adopted by his opponent" and called for "an intelligent approach to the question of the extension of motor vehicle traffic from the eastern terminus of the toll road in Weston to Boston."

"Whether this is done by a freeway or an extension of the toll road, every effort must be made to insure a minimum of interference with existing property, including homes, churches and business buildings," Moore continued.

"There should be as few ac-

cess points, exits or entrances as possible in Newton," he said. "We cannot evade or postpone meeting this issue. It should be recognized that something will have to be done at once to correct the present and increasing traffic problem in Newton. Traffic in Newton, caused by the entrance and exodus of cars from the new Massachusetts Turnpike, is creating a most serious maintenance problem, endangering the lives of our children and devaluing the homes of our citizens." Candidate Moore continued.

Aldermen Defer Vote On Projects

Requests by department heads for nearly \$100,000 for public works were deferred by the Newton Board of Aldermen.

Chairman Earle D. Wood of the finance committee reported the requests were made on the supplementary docket, were not of an emergency nature, and could be held up for further study.

The Board approved an appropriation of \$3,500 for uniforms for the Police Department.

Chairman Wood explained that \$11,000 was included in the budget for wearing apparel and that the additional money was required for a new type of reversible raincoat and to defray the cost of outfitting new appointees to the force.

ing building on the lot, formerly a restaurant, would be razed and the area black-topped.

Opponents were led by Paul Leighton of 39 Holman road, and Sumner Darman of 18 Angier circle. They contended the enlarged station would create increased traffic hazards for school children and decrease the value of nearby dwellings.

Leighton presented a petition opposing the Conte request, signed by parents of 32 children attending the Williams school.

NEWTON VOTERS! ELECT ALDERMAN CANNON FOR MAYOR
ELECTION TUESDAY, NOVEMBER 3
"YOUR INTEREST IS MY INTEREST"

Senator Gibbs Discusses City Planning Problem

State Senator Donald L. Gibbs this week discussed the problem of city planning as he pressed his campaign for election as Newton's next Mayor at a series of meetings and house parties held in his behalf.

He pledged himself to do everything possible to speed up the building of new streets and the construction and repair of sidewalks.

Gibbs also promised to give his wholehearted support to the recreational program for the youth of Newton.

"It is a privilege to continue through the columns of this newspaper a discussion of some of the issues confronting the City of Newton and my position on them as a candidate for Mayor," Gibbs declared.

"Elsewhere in this paper is a small list of some of my endorsers, all of them residents and voters in Newton," the Senator went on. "One of my opponents recently listed 26 former Assistant Attorneys General as endorsers. A check with the telephone book shows that only one lives in Newton."

Senator Gibbs went on to say that he considers that one of the big present-day issues is city planning.

"The government of Newton today is a big business with a \$20 million plus budget, 90,000 citizens, over 300 miles of streets and more than 20,000 homes," he continued.

"It is mandatory that we plan extremely carefully to make the best use of our land, to see that traffic moves freely and that the lives of our people are properly protected. I strongly support our present arrangement of a contract with an expert in this field," Gibbs asserted. "It has been demonstrated that such a solution is by far the most economical method for our city. Should this activity be undertaken as a separate department, the cost would be magnified, and we would lose the advantage of the outside viewpoint of a consultant of national standing."

"Metropolitan planning on a volunteer basis is favored by all serious students of government and should be adopted," Gibbs went on. "Our city problems are becoming increasingly interwoven with those of the metropolitan area."

"Through such a group it would be possible to adopt uniform reporting and accounting procedures, to consider highway planning, fire and police protection, water supply and sewage disposal, as well as recreational problems."

"Many other fields would also be found to have a common interest and could be worked out so that Newton could adopt such recommendations should they prove beneficial to our interests. I have supported such legislation in the General Court and would lend support as Mayor to see it enacted into law."

"Some citizens are disturbed by the delay in the acceptance of streets by the city," Senator Gibbs declared. "I will do everything possible to speed up the acceptance of streets and the construction and repair of sidewalks."

"Newton has one of the finest recreation departments in the country," Gibbs said. "Its programs for the youth of Newton, particularly the

Halloween programs, are nationally known. As Mayor, I pledge my wholehearted support to this program which is one of our most important means of combatting juvenile delinquency," Gibbs stated in his message to the people of Newton.

Papal Blessing Bestowed At Giovino-Saccione Wedding

White mums, snapdragons and pompons decorated the altar of the Our Lady Help of Christians Church in Newton for the marriage recently of Miss Lucille Maria Saccione to Mr. Frank Jerome Giovino, Jr.

Mr. and Mrs. Pasquale Saccione of 35 Buswell park, Newton, and Mr. and Mrs. Frank Giovino of Melrose are the couple's parents.

The Rev. Francis L. Gallagher celebrated the 11 o'clock nuptial mass and read the Papal Blessing. The Rev. George Q. Friel, O.P., was seated within the sanctuary. A reception took place at the Georgian Room at the Hotel Statler-Hilton.

Escorted by her father, the bride wore a Bianchi princess gown of Italian pure silk satin. Lavish embroidery outlined the wide scoop of her portrait neckline. Similar beading with silk satin roses followed the front panel of her dress completely encircling the deep hemline of her full skirt terminating in a wide chapel length train.

Satin and beads fashioned the Roman crown which held in place her tiered illusion veil. She carried a bouquet of valley lilies and white roses.

A bevy of pretty attendants preceded the bride afterward. Miss Marietta Marchitelli of Newton was honor maid, while her other attendants were Miss Patricia Blanchard of Newton, Miss Harriet Reilly of Jamaica Plain, Miss Joan Hanlon of Saugus, Miss Lois Brown of Charlottesville, N.C., and Miss Nancy Bowdring of Somerville.

Best man duties were performed by Mr. John Kaneb of Lynnfield. Ushering were Mr. Harold Jacklin Jr. of Boston, Mr. Paul Brown of Melrose, Mr. Edward Klagsbrun of New York City, Mr. Robert Greene of Melrose, and Mr. Constantino Sabatini of West Roxbury.

The bride's mother wore a gown of midnight blue satin accented with a wide cummerbund of French bugle beads. Cinnamon brocade designed the brown chiffon over silk frock chosen by the bridegroom's mother.

For her going-away costume the bride wore a green wool ensemble trimmed with brown nutria to match her hat.

Now on their wedding trip, which will take them through Italy, Switzerland and France, the couple plan to make their home in Waltham when they return.

The bride was graduated dren.

City Planning Top Issue Facing Newton, Says Dietz

City planning based upon a redetermined and citizen-supported philosophy or goal is the leading issue confronting the City of Newton, Ernest F. Dietz, candidate for Alderman-at-Large from Ward 6, announced this week as a result of discussion meetings held throughout the city.

Dietz declared that the new Mayor should establish a permanent citizen's advisory committee or commission on city planning similar to the present Mayor's Advisory Committee on the Construction of Public Buildings.

He explained that he based that recommendation on a consensus of opinion expressed by residents meeting in informal groups.

The work of the present Advisory Committee on Public Buildings, which Mr. Dietz now serves as Chairman, was commended last spring by the Board of Aldermen and School Committee for a "record of

ERNEST F. DIETZ

significant public service, economies, and better planning in the construction program for public buildings."

The subject of rezoning including matters relating to multiple dwellings, apartment houses, extension of business areas, future residential development, and assessment practices, must not be blindly tied to taxable revenue without consideration of long-range effect upon the total character of the City of Newton, the candidate stated.

Residents have suggested to Mr. Dietz that there is an urgent need to establish certain basic concepts regarding the type of city the citizens of Newton wish to plan for, and that all future city planning should focus upon these fundamental standards.

Otherwise, Dietz predicted a questionable future for Newton which will depend entirely on momentary fiscal needs and momentary political pressures.

A Committee of 100 Newton residents representing all areas of the city, has been formed, actively endorsing the Dietz campaign for election as Alderman-at-Large.

At house parties throughout the city, old and new residents are having an opportunity to express opinions to the candidate on Newton's problems and needs.

In addition, Mr. Dietz has

Political Highlights

(Continued from Page 1)

a Senate seat it has not been able to win since the wartime election of 1942. It also wrested away a House seat in a district considered safely Democratic for a long time.

The mere loss of one seat in the Senate and one in the House is no serious blow to the Democrats because of the large numerical superiority they hold in each legislative chamber.

But the political implications involved in the two special elections and the voting trends they reflect offer cause for jubilation by Republicans and sombre reflection by Democrats.

Students of politics have suspected for some months that the political tide, which has been running so strongly for the Democrats in Massachusetts since 1954, might be shifting and turning.

The special elections in the Senate and House districts in the New Bedford area indicate that this may be the fact.

Election of a Republican Senator to fill the vacancy caused by the death of the late Arthur J. Mullen of Fairhaven was definitely an upset and one which obviously stunned the Democratic high command in the State.

The Democrats practically took their victory for granted. So certain was the Democratic candidate that he would emerge a winner that he resigned his seat in the House in advance to save the people the expense of holding another election.

He wound up with nothing, for this was another case where the condemned candidate ate a hearty breakfast, walked the last mile to his polling place and then pulled the switch on his would-be executioner.

The political pundits, of course, are primarily interested in the outcome of the battle in the third Bristol senatorial district for what it may portend for next year's State and national elections.

One thing the senatorial returns appear to indicate is that if an election were held throughout Massachusetts today the state would go Republican.

Perhaps it is going much too far to jump at such a conclusion. There also is no assurance that the political climate will be the same a year from now as it is today. In recent years the GOP has shaped up as much stronger midway between elections than it has at election time.

Yet, the picture by the senatorial election returns offers some positive political implications.

Local factors presumably played a part in influencing the trend of the senatorial contest. The Republicans evidently put on a much better campaign than did the Democrats and apparently made a much more efficient endeavor to get out the voters in their party.

On the other hand, the Democratic candidate, Representa-

tive Antone L. Silva of New Bedford shaped up as individually stronger than the Republican nominee, Attorney Howard W. Young of Dartmouth.

Silva was serving in the House, was a tested vote-getter and an experienced campaigner. Young had not been a candidate for any office for 10 years. In his previous run a decade before, he was defeated for election as Selectman in the town of Newport where he then lived.

That gives greater impact and significance to the result of this election.

Whatever conflicting arguments may be offered by spokesmen for the rival political parties, it is virtually beyond dispute that Republican fortunes have risen and that Democratic stock has fallen since the election last November which saw a Democratic sweep across the Commonwealth.

Having established that as an unchallenged fact, the political experts then try to figure out if it is a temporary condition or one that is likely to be lasting, and whether it results from state or national factors.

Does the outcome of the special election in southeastern Massachusetts mean that the Democrats have lost favor with the public because of the happenings at the recent legislative session and the apparent inability of the Democrats to work together harmoniously when they had complete control of the state government and when total responsibility rested on them?

Or is President Eisenhower responsible for turning the political tide and starting a trend favorable to his own party? He unquestionably has been a strong President and leader this year, and he obviously has bolstered Republican hopes.

But Mr. Eisenhower also was tremendously popular in 1952 and 1956, and the GOP wasn't able to win the senatorial seat in the third Bristol district in either of those two elections. Even in 1946, when the tide was running strongly for the Republicans, the Democrats held that senate post.

The inevitable conclusion is that in one senatorial district at least, covering approximately 1-10th of the state, the Democrats have lost public favor and support because of the way they have done things on Beacon Hill this year and that as a result the voters in protest elected a Republican Senator and a Republican Representative from normally Democratic districts.

A big question is whether the Democrats in the next 12 months can undo the harm they have done to their own party's cause. Most political experts believe that the Democrats lost support in 1957 but regained it in 1958. That could, of course, happen again. Meanwhile, however the Republicans can point to a change in the political trend which clearly favors their party.

Headlights and Highlights From Newton High School

By JANE SCHNEIDER

HEADLIGHTS . . . Senior pupils sitting in senior homerooms, who have a study period the last block of the day may be excused at that time, if approved by the housemaster. This plan was initiated by Mr. Harold Howe II. As soon as they are dismissed, students must leave the school grounds or report to their house commons room.

The Legislature, this school year, will be divided into three sections; the Associates Council, the Student Council, and the Civics Committee. Juniors and seniors have been elected to the Associates Council and in the near future, sophomores will be elected. Two members from each house will serve on the Student Council. Mr. Frederick Holmes remarked that this is to promote the common purpose of the House Plan. The House Civics Committees and the Central Civics Committee will act separately.

Members of the Central Civics Committee include John Cannon, president; Roger Hoch, Peggy Wells, Barbara Williams, Barbara Yeo, Dave Connor, Buddy Rifkin, Donna Richmond, Joel Reingold, Helaine Morris, Jay Lavelly, Richard Aborn, Bruce Fitzpatrick, Debby Isaacs, and Pete McKeeney.

Mr. Carl Swan, Bacon Housemaster, announced the selection of 12 Bacon House students to serve on that house's Civics Committee. Mr. Holmes and Mr. Lent interviewed many students and chose five seniors, four juniors, and three sophomores. The first meeting was held recently in the Commons Room. The group discussed problems concerning the cafeteria, grounds, etc. Selected were Lee Berk, Merry Arnold, Jane Schneider, Marc Brenner, Elliot Cole, Daniel Kalzoo, Alice Aghababian, Fran Yoife, Debby Cotting, Margie Bornstein, David Singer, and Cheryl Owlick. Walter Angoff is the chairman and Peter McKinney is the Assistant Chairman.

Mr. C. A. Card, who is the head of the Social Studies Department, announced that 15 television programs, entitled "The Twenty-one Incl. Classroom," will enrich the Problems of Democracy course this year. The series is sponsored by WGBH-TV, Channel two. They deal with foreign policy between the United States, Asia, the Middle East, and Europe. Students will view the programs on certain Tuesdays in 1960. Three television sets will be installed in the classrooms of Miss Wormser, Mr. Willard, and Mr. Hollman.

The Rally Committee has started the Newton High School football season off with

a bang this year. The committee plans to do just as much for track, basketball, hockey, and other sports. Martha Beggs, chairman, and her executive committee are trying to get some boys to join the committee. In past years, only girls have taken an active part. Mr. Edward Martin, faculty advisor, commented that many new ideas, such as an evening rally combined with a dance, are in the making.

AFTER CLASS . . . The Music Club will present a student concert at its first meeting on Thursday, October 22, in the auditorium. Auditions for soloists were held last week. The Music Club has always been the largest club in the school. It is worth-while for everyone to become a member. No talent is necessary, only an interest in music.

The French Club had its first meeting last week and officers were elected. Harvey Green is the new president. Barbara Kay was elected Vice-president, Leslie Wolberst, secretary, and Lee Saltzberg was elected treasurer. Mr. Cornell is the faculty advisor.

THE OUTDOOR TYPE . . .

The Physical Education Department has introduced competitive house plan activities. A group of capable students were selected as intermural sports house managers to represent each house. They are Annie Zoff and Caty Jepson, Adams House; Stan Gagin, Mark Lancaster, and Nancy Anderson, Barry House; Rommy Collotta and Ruth Gorin, Bacon House; Caryl Crosby, Charles Aucoin, and Bob Lenox, Beals House; Pete Guber, Bill Selcas, Diane Rote, and Jean Turnbull, Palmer House; Richard Amendola, Stanley Lapon, and Joan Meyer, Riley House.

These students have to keep their house bulletin boards up to date and promote the formation of house teams. Miss Barbara Hall and Mr. Linwood Gately of the Physical Education Department said they want students to come to them for suggestions.

THE NEW LOOK . . . Members of the Leader Corps wear different outfits this year. The girls wear black Bermuda shorts, white shirts, and a Leader Corps emblem instead of the usual green gym suits.

All Mayoral Candidates On Same Platform

The three candidates for Mayor of Newton will appear together on the same stage for the first time in the campaign next Tuesday evening, Oct. 27, at an Open Forum at Memorial School in the Oak Hill Park District.

Middlesex County Register of Probate John V. Harvey of Belmont will serve as moderator of the Forum being sponsored by the Oak Hill Park Association for the benefit of its members and their guests.

According to Association president, James P. Waters, of 28 Shute Path, Oak Hill Park, Alderman Leo M. Cannon, Senator Donald L. Gibbs and Commissioner Donald E. Moore each has accepted the invitation of the Association to participate in the Forum. They said they are delighted to be able to express their views and qualifications before the voters in Oak Hill Park, which comprises an entire and very active precinct in any given election. Ninety percent of those registered to vote, voted in the last election. The Park comprises Ward 8, Precinct 4 in municipal elections.

Plans for the evening are to have each candidate for mayor present his platform to the audience for a period not to exceed 15 minutes for each speaker. When the last speaker has finished, the forum will be opened to members and their guests for questions to the candidates.

Moderator Harvey, incumbent Register of Probate for the State's largest county, is an old hand at governing such affairs and it is expected that questioning from the audience will provide lively debate.

Candidates for Alderman-at-Large and School Committee will be recognized from its platform and introduced to the gathering. An open invitation is extended to them by the Association so that they may attend and be recognized.

The meeting will get underway at 8 p.m. and the forum will be preceded by a short business meeting and light entertainment. A coffee hour will follow with refreshments chairwoman Kay Irwin acting as hostess.

Newton M.D. Heads Unique Program For Mental Aides

The Boston State Hospital, in cooperation with Boston University's School of Medicine, has set up a Model Ward to train psychiatric aides.

It is a unique two-year program supported by a \$54,717 grant from the U. S. Department of Health, Education and Welfare, National Institution of Mental Health.

The aim of such a program is to shift the attitude and emphasis away from "custodial care" toward the idea of a true "therapeutic community."

Eventually, with the improvement in morale and status of the aides involved, the number of discharged patients might increase and the morale, degree of socialization, and general ward behavior would be improved.

"If a patient can be stimulated into group activity and interpersonal relationships, he generally improves much faster," explained Dr. John H. Porter, of Newton, director of the Briggs Clinic of the State Hospital, and program director of the project.

Dr. Porter feels that many attendants learn best from supervised practice rather than through the academic approach utilizing seminars, lectures and discussions. The three-phase project will

Thurs., Oct. 22, 1959, The Newton Graphic Page 7

attempt to train 16 attendants (male and female) every four months for the duration of two years.

If successful, the project could make an important contribution not only in patient care but in setting a training example throughout the entire State Hospital system in the U. S.

Although many systems have been attempted there is no one uniform method of training and none has been generally accepted.

viewed by Mrs. Segal, were divided into the above six categories. Under coordination of services the Disaster Agreement involving fewer than five families and the Home-maker Advisory Committee were included. Listed under the fact-finding function were such activities as the Human Relations Study, Newton Boys' Club Study, Nutrition Services Study, Camp Study and the current Home Medical Care Study.

The Human Relations Committee of the city was formed as the result of joint action by both the Community Council and city officials.

Quality of services was improved through the Council's sponsorship of a Senior Citizens Group a few years ago, as well as through its current sponsorship of the Newton Youth Advisory Committee.

Common services provided by the Community Council include the Community Calendar, Christmas Clearing Service, Publication of the Directory of Clubs, Organizations and Agencies, as well as its listings of Nursery Schools, Day Camps and Nursing and Rest Homes.

To help develop better public understanding of various problems and organizations, Council Delegate meetings have covered such topics as Recreation in Newton, Youth Service Board, Educational TV, United Fund, City Planning and Mental Health.

Five possible areas of Community Council activity, as outlined by Mr. Downe, were City Planning, Regional Planning, Problems of Aged including Housing, Problems of Health including Home Medical Care Programs, and Problems of Youth including the Newton Youth Advisory Committee.

The discussion groups were each asked to evaluate and make these five areas of activity

Temple Sinai was founded in the summer of 1939, when it was the first new Reform Congregation in 84 years to be established in the metropolitan area of Boston.

The driving force in the founding of the Congregation and in its continuing growth has been the Temple's Rabbi, Dr. Cohon, who was ordained in June 1925 at Hebrew Union College. In 1950 the college awarded him the honorary degree of Doctor of Divinity, citing him for his distinguished career in the Rabbinat.

In 1944, the Congregation moved to its present location at Sewall and Charles streets in Brookline where it occupies a building considered one of the most distinguished religious edifices in New England.

Officers of Temple Sinai are: Walter M. Cobe, president; William N. Wheeler, Stanley W. Warshaw, vice-presidents; Elliott Bachner, a past president, treasurer; Saul L. Kaplan, also a past president, assistant treasurer; Harold G. Dubrow, recording secretary; and David A. Lurensky, administrative secretary.

Haskell Freedman Backs Senator Gibbs for Mayor

School Committee Chairman Haskell C. Freedman today warmly endorsed State Senator Donald L. Gibbs for election as Newton's next Mayor.

Freedman declared that he was urging the election of Gibbs "as one interested in the welfare of this city and, above all, in the separation of schools from politics."

The School Committee chairman characterized Gibbs as "a man of character, honesty and ability who has faith, belief and an interest in the Newton public schools."

November 3, 1959, will be a crucial date in Newton's history," Freedman stated.

"On that day the electorate by its choice of a Mayor for the next two years will, in fact, determine which of two roads the city will take for the future."

"The people will have an option," Freedman continued. "They can vote for the continuance of good, honest city government that among other municipal services has valued good public school education free from politics, or they can go off on a frolic and take a chance with ulteriorly motivated men and jeopardize the public schools of this city as well as the continuance of clean government free from scandal."

"As one interested in the welfare of this city and, above all, in the separation of schools from politics, I urge the candidacy of Donald Gibbs for Mayor."

"Don Gibbs is a man of character, honesty and ability who has faith, belief and an interest in the Newton public schools."

"As president of the Massachusetts Association of School Committees, I had frequent opportunity to appear before Senator Gibbs when he was chairman of the joint legislative committee on education," Freedman stated.

"At all times he demonstrated intelligent support and an affirmative belief of public education."

"Newton has too much of a stake in the educational system of this city to take chances with candidates who seek to use education as a political springboard or who have by their records opposed the necessary expansion of the Newton schools."

"I respectfully and personally urge all my friends and

RAILROAD FEATHERBEDDING: \$500,000,000 LOSS TO THE NATION—INCLUDING YOU—EVERY YEAR

Featherbedding on the railroads — pay for work not done or not needed — is costing the American people the shocking total of more than \$500,000,000 a year.

You pay for it every time you shop, because featherbedding costs are hidden in the price of everything you buy.

Obsolete union work rules, involving the railroad operating employees, are responsible for this gigantic burden. Right now, for instance, these rules require every diesel locomotive to carry a fireman—even though diesels have no fires to stoke, no boilers to tend.

The forthcoming negotiations between the railroads and the unions are urgently important to the whole nation.

In asking the unions to drop these featherbedding rules, all the railroads ask for is a fair day's work for a fair day's pay.

Democratic Leader Backs Norman Moore For Mayor

Attorney William E. O'Halloran, long-time former chairman of the Newton Democratic City Committee, today announced his support of Norman E. Moore for election as Newton's next Mayor.

In endorsing Moore, O'Halloran expressed the conviction that "Moore is the logical choice for Mayor in this non-partisan election."

"Looking at the picture realistically, the present Democratic candidate will not and cannot be elected Mayor of Newton today," O'Halloran stated. "Democrats must accept this inevitability."

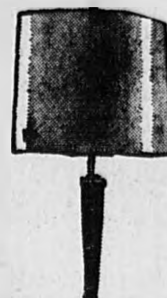

"Everyone's concern, Democrats, Republicans and Independents alike, is to see to it that our community is well administered," O'Halloran declared.

"Mr. Moore is known to be a good administrator, the kind of man we need," O'Halloran asserted. "I am impressed with his record of public service and civic ability. I will

vote for Norman Moore."

O'Halloran, a practicing attorney in Newton, was graduated from Newton High School, Boston College and the Boston University Law School, where he was president of his class. He is married to the former Alice Dunbar of Belmont, and they have five children.

Where You Save DOES Make a Difference

IT'S NOT GOOD
JUST TO SIT
ON MONEY

By Don Herold

Money put in Watertown Federal today actually earns better dividends than money invested in many speculative investments. (And these latter may take a big nose-dive any minute — who knows!)

Yet you are assured by that wonderful insurance by an agency of the U.S. Government that you'll get back 100 cents of every dollar you put in Watertown Federal.

That's just one of many glad advantages of saving at Watertown Federal.

Newton Reminded Of Its Own Perpetual Charity Fund

President George L. White of the Newton-Waltham Bank and Trust Company, reminded local residents today of Newton's own Perpetual Benevolent Fund.

This reminder came in the wake of the recent publicity in newspapers pertaining to Charity Funds created by Boston philanthropists.

This Fund, which has been designed primarily to benefit needy organizations and individuals in Newton, was brought into existence through the generosity of some of the city's most prominent citizens.

The terms of the Trust designate the Newton-Waltham Bank and Trust Company as Trustees and is administered for charitable purposes under the jurisdiction of a non-political, non-sectarian seven member committee.

Applications for benefits from the Fund are made through the various Red Feather Agencies in the city. They, in turn, then submit the applications to the Fund's Committee for consideration.

During the past year, the Perpetual Benevolent Fund has disbursed several thousands of dollars to Newton charities via many of the individual Red Feather agencies.

Among the agencies represented have been the Newton Visiting Nurse's Association, the Newton Division of Counseling Services, the Rebecca Pomroy House, Newton Public Welfare, and the Judge Baker Guidance Center, Newton Division.

Mr. White added that additional bequests would be welcome from other Newton residents so that the Fund can enlarge its activities and benefits.

23,000 Voters To Ballot In Hot City Election

An estimated 23,000 Newton voters will go to the polls next Tuesday to elect a new Mayor, 16 Aldermen-at-Large, eight Ward Aldermen and eight School Committee members.

Polling places will be open from 7 a.m. to 8 p.m., and for the first time in Newton's history voting machines will

be used at four locations as an experiment.

Meanwhile, the liveliest campaign the Garden City has witnessed in more than a decade is nearing its close amid a volley of appeals, clashes, charges and counter-charges by the opposing candidates.

The political spotlight will

be focused principally on the three-cornered battle between State Senator Donald L. Gibbs, Norman E. Moore and Alderman Leo M. Cannon for the right to succeed Mayor Howard Whitmore, Jr., who is retiring from office at the end of the year.

All three men have been campaigning at top speed for

a period of weeks. All three are well known public figures.

Gibbs is completing his third year in the State Senate, served three years in the House of Representatives and nine years on the Newton Board of Aldermen.

Moore was administrative assistant to the late Attorney General George Fingold for

six years and was serving as Fingold's gubernatorial campaign manager at the time of the latter's death.

Cannon has been a member of the Board of Aldermen for the past 10 years.

Gibbs and Moore are Republicans, and Cannon is a Democrat. The election, however, is a non-partisan one,

with voters not required to declare any party enrollment.

Newton has 45,706 voters eligible to participate in next Tuesday's election, and it is estimated that slightly more than half of them will turn out to cast ballots.

An appeal to all persons who can do so to vote during the daytime hours and thus

lessen the closing rush between 5 and 8 p.m. on election night, was sounded today by City Clerk Monte G. Baebas.

Ward 6 has been the political hotbed of the city in this election and may well see the highest percentage of voters come out of any section of Newton.

There are contests for election as Alderman-at-Large, Ward Alderman and School Committeeman from that ward.

The stiffest battle for election as Alderman-at-Large has been waged by the four candidates from Ward 6, with

Heavy Smoke Damage At Local Church

Extensive smoke damage was caused by a two-alarm fire Monday to the Immanuel Baptist Church in Newton which was blamed by officials to oil burner trouble.

Acting Chief Henry L. Murphy said the flames were confined to the basement boiler room, and fire fighters had to don gas masks to battle the smoky blaze.

Apparatus from Brookline, Waltham, Watertown and Wellesley covered Newton stations on the second alarm.

Damage at two Newton dwelling fires was kept low by quick action of baby sitters who promptly called for aid.

Newton Is Now Witnessing Hottest Campaign In Years

Newton is in the throes of the hottest municipal political campaign it has witnessed in over a decade.

The lively three-cornered fight to succeed Mayor Howard Whitmore, Jr., at the head of the city government has commanded attention well beyond Newton's borders.

It has been a rugged, two-fisted affair in which no punches have been pulled and nobody's feelings have been spared. It is a contest which by now should have aroused and excited the interest of Newtonites.

Yet, political experts expect that only slightly more

Drivers Must Be Alert For Young Goblins

This week-end, local kiddies will thrill to the fancies of a make-believe world of goblins and witches as they celebrate their Halloween holiday.

Their grotesque black costumes will fade into the shadows making them difficult to see for motorists. Every driver must be extra alert and cautious during this children's celebration.

EVERY DRIVER MUST PROTECT THEM!

We pray that no driver will spoil this children's holiday.

Television Preview Of Celebration Tomorrow

Hallowe'en Goblins Set To Launch "Greatest Ever" Local Observance

The last detail has been perfected, city-wide committees alerted, the entertainment and goodies are ready and all that remains is for the sprites and goblins to sally forth in Newton Saturday night to launch another noted Hallowe'en observance throughout the Garden City.

A unique item in this year's program will be the televising of a preview of Newton's brand of celebrating, on WBZ-TV Channel 4 tomorrow (Friday) afternoon when the Third Grade class from the Franklin School, West New-

ton, is featured on the Bob Emery Show.

The youngsters, accompanied by Mrs. John Elsen Rubin, a third grade teacher, and Miss Constance Wirth, a student teacher from Wheelock College, will demonstrate how Newton celebrates Hallowe'en over the famed Big Brother Show presented by Newton's Bob Emery from 12:15 to 1 p.m.

Appearing on the program will be James Battista, Richard Burke, Joseph Capello, Paul Carroll, Laurence Cibley, Donald Cobuzzi, Raymond Da-

vis, Michael Geller, Martin Kennedy, Eric Mishara, John Pruett, Mark R. Ryter, Richard Simonelli and Michael Sturmiola.

Also Linda Katsuff, Patricia LaRocca, Denise Lennon, June Malkofsky, Joan Muskatalski, Ellen Nelson, Nancy Tupper, Jane Vitell, Deborah Wallner and Joanne White.

The affair was arranged through the cooperation of the Franklin School Principal Ray Lund, the Newton Recreation Department and Mr. Emery.

Newton Teenagers of Junior High School age are looking

forward to Saturday, October 31, as an important date in their social season.

Seen To Be Bigger Than Ever This Year

These traditional Hallowe'en parties held for students at the city's five Junior High Schools attract hundreds of teenagers each year and this year's parties are expected to be the most successful in the history of the Hallowe'en celebrations here.

There will be square dancing as well as hallroom dancing.

"Suburbia Today" Out Next Week

Noted Writer Gives Three Thoughts For Thanksgiving

There's much to be thankful for in the gay November issue of "Suburbia Today" arriving next week with this newspaper.

The Thanksgiving motif features the popular colorgrure magazine now an eagerly anticipated adjunct to this newspaper every month.

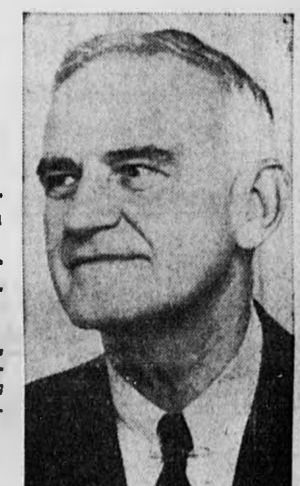

A. C. Spector's "Three Thoughts for Thanksgiving" tells about some of the advantages offered by life in the suburbs that cannot be found elsewhere.

The author of "The Exurbanites" has probably done more to point out the shortcomings of non-urban living than any other man, either living or dead. This month, however, he admits that all is not black

across the city line, and, glad, as he says, for the "opportunity to clear the air," he tells about some of the blessings enjoyed by suburbanites.

Before reading this feature, however, we suggest that it would be worth while to glance at the situations the magazine's cartoonist depicts in "Suburbia — Any

Predict Kowal Victory In Race For Alderman

Supporters of the candidacy of Sanford A. Kowal for Ward Alderman in Ward 6 of Newton, predicted victory as Kowal's continued house-to-house canvass awakened increased enthusiasm and support.

The greatest interest was shown in Kowal's statement calling for increased use of the city's recreational facilities by all children, and a program aimed to meet the needs of teenage youth.

Kowal maintained it was the duty of Newton's leaders to mobilize public opinion behind such projects.

"We all are in need of a fresh point of view toward our young people," the Alderman candidate asserted.

"It is not a question of being too soft or too tough. Rather we must understand their aims and desires in order to channel successfully their activities into constructive endeavors."

Kowal pointed to his experiences with youth as a member of the Winant Volunteers, selected American college students who worked in the slum areas of London, England, and his experiences as counselor to teenagers in

the new work camp programs.

"My close association with the people of Japan and Korea," Kowal went on, "people who have been in the past less fortunate in their government than we—and who strive for what we have—has shown that we must do everything possible to strengthen the American people's belief in the vitality and strength of their own democracy."

"We can set an example," he said, "in Newton by voting for sound and progressive candidates and by providing programs which will encourage the participation of our younger generation in public affairs. We will begin by all of us taking the time to vote."

Whitmore Declares Gibbs Best Qualified for Mayor

Mayor Howard Whitmore, Jr., today warmly endorsed State Senator Donald L. Gibbs for election as Newton's next Mayor, declaring that Gibbs is the "best qualified" of the three candidates from whom the voters of the city must choose next Tuesday.

The Mayor paid warm tribute to Senator Gibbs' "outstanding record of true service to all the people of Newton."

Mayor Whitmore's praise of Gibbs and his qualifications to serve Newton and its citizens as Mayor was seconded by 20 members of the present Board of Aldermen and by an even larger number of former aldermen.

The Aldermen who joined with Mayor Whitmore in commending the candidacy of Gibbs and urging his election as the city's next chief executive were:

Aldermanic President Wendell R. Bauckman, Aldermen Winslow C. Auryanssen, Melvin J. Dangel, Franklin H. Flaschner, Harry H. Ham, Jr., George L. Hicks, Charles F. Hovey, John P. McCarthy, Carleton P. Merrill, Charles H. Morang, John P. Nixon, William M. Powers, William H. Prentice, Paul S. Rich, William P. Ripley, William J. Robinson, Hirsch Sharp, Warren A. Sutherland, Edwin A. Terkelson and Earle D. Wood.

Mayor Whitmore in a message to the people of Newton characterized Gibbs as "a man of integrity, sincerity of purpose and courage" who "possesses administrative leadership and has demonstrated his ability."

"I have been asked repeatedly during the past few weeks who, in my opinion, is the best qualified candidate to be Mayor of Newton," Mayor Whitmore stated.

"My answer is Senator Donald L. Gibbs. Why? Because of his outstanding record of true service to all the people of Newton. His nine years as a member of the Board of Aldermen, including the chairmanship of the most important Finance Committee, have given him an intimate knowledge of the complexities of municipal management, functions and operations."

"Also, he has had the valuable experience of serving in the Massachusetts Legislature both as a Representative and as a Senator. He has thus acquired an indispensable understanding of the independent relationship between the City and State in matters of finance, laws and activities," the Mayor continued.

"Most essential of all, he is a man of integrity, sincerity of purpose and courage. He possesses administrative ability and has demonstrated his leadership. I am confident that as your Mayor the decisions he makes will have a profound effect upon your lives and the lives of your family, and that they will be in the best interests of all the people."

"I recommend that you vote on next Tuesday for Donald L. Gibbs for Mayor," Mayor Whitmore concluded.

than half the eligible voters in the city will take the time and trouble to go to their polling places next Tuesday to participate in an election which is of vital importance to their city.

That estimate probably will prove to be incorrect. If it should be accurate, it will be a sad commentary on the civic consciousness of many Newtonites.

On the basis of almost any political analysis State Senator Donald I. Gibbs rates a favorite in the mayoralty race over his two opponents, Norman E. Moore and Alderman Leo M. Cannon.

Gibbs has the backing of a tremendous number of public and civic leaders, and the impact of their support should be apparent when the votes are counted next Tuesday night.

Newton, however, has changed since a political fight of this kind last was waged in the city, and an element of uncertainty surrounds the contest. That uncertainty would be increased if anywhere near half the eligible voters stay home next Tuesday.

Moore and Cannon are resourceful and experienced campaigners, and Moore is the darkhorse in the race.

Cannon has served on the Board of Aldermen for the past 10 years and has built up a substantial following across the city.

While Moore has never before run for public office, he was the campaign manager for the late Attorney General George F. Ingold when the latter was seeking the Governorship last year.

Gibbs has a long record of public service and is an established vote getter. He served nine years on the Board of Aldermen, three years in the House of Representatives and three in the State Senate.

Mayor Whitmore, who undoubtedly would have been reelected if he had sought another term, has thrown the weight of his support behind Gibbs. That may prove an important factor in next Tuesday's election.

Bitter battles are being waged for election as both Aldermen-at-Large and Ward Alderman from Ward 6. In a sharply contested four-way clash for election as Alderman-at-Large from Ward 6, Aldermen Charles F. Hovey and William P. Ripley are being vigorously challenged by Ernest F. Dietz and Attorney Walter P. Muther.

A four-cornered fight is nearing a climax for election as Ward Alderman from Ward 6. There Alderman Hirsch Sharf is being opposed by Charles E. Holly, Sanford A. Kowal and Albert R. Mezoff.

A hot battle also is coming to a close for election as Alderman-at-Large from Ward 6, with former Alderman Alfred R. Guzzi striving to unseat either Alderman William J. Robinson or Alderman Winslow C. Auryanzen.

The political straws in the wind indicate that one or more Aldermen may well lose their seats when the returns are counted next Tuesday night.

The embattled candidates for Mayor, the Aldermanic Board and the School Committee differ vigorously on many matters. One thing on which they are all in agreement, however, is that every citizen has a civic duty and obligation to turn out and vote next Tuesday.

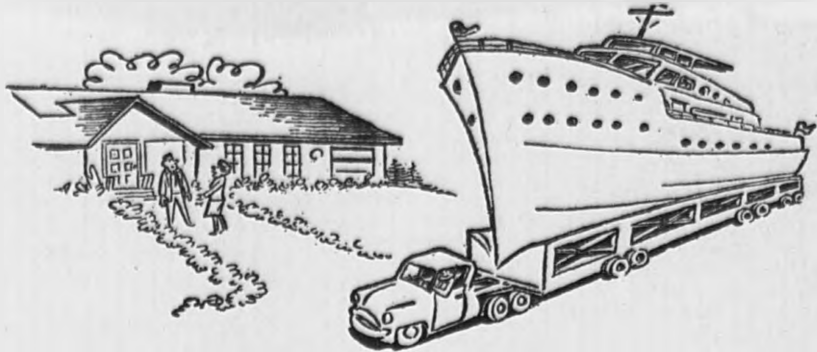

Don't leave your responsibility as a good citizen for someone else to fulfill! That's what you'll be doing if you fail to go to your polling place to vote on Tuesday next.

Shaw, Vice-Chairman of the Chapter and United Fund Division leader. Also present were Mrs. Mary Smith, Volunteer Field Counsellor and John A. McCarthy Jr., Executive Director of the Newton Chapter.

Halliday discussed Chapter responsibilities. He is a Newton attorney, who for the past years has devoted himself to servicemen and their problems.

Headlights and Highlights From Newton High School

By JANE SCHNEIDER

HEADLIGHTS . . . Newton High School's "A Tribute to the Arts" was honored by the New England Theatre Conference at Boston University last week. Creator and chairman of the Arts Festival, Mr. William Spink, received the award. Others honored were A Council for a Television Course in the Humanities, the Poets Theatre, Playhouse 90 and Rogers and Hammerstein.

The school Assembly program is organized on a house basis this year. An assembly chairman will be elected from each house council in the near future. The chairman will work in co-operation with his housemaster, the house council, and with Beth Ham and Barbara Gorney, assembly program co-chairmen. Because the house assemblies will be small, programs will be more easily planned and more frequently held. House talent shows and panel discussions are in the making.

Preliminary Scholastic Aptitude Tests were taken by members of the junior class last Saturday. The two-hour version of the three-hour S.A.T. was administered by Mr. George Nelson. The purpose of the test is to assist the guidance counselors in helping the students make college plans. A few seniors also took the test. Their results will be used in connection with applications for certain scholarships.

The deadline for senior class dues was last week. All seniors were urged to pay at the last senior assembly. Seniors will be unable to attend the senior supper, senior prom and other senior class activities, if they do not pay their dues. Sophomores, juniors, and seniors are urged to join the Parent-Teacher-Student Association this week. The first meeting will be held Wednesday.

AFTER CLASS . . . Many of the NHS clubs are already in full swing. In answer to the requests of many Russian students, a new Russian Club was formed. The advisor is Miss Irene Polursky. Officers are Barry White, president; Stanley Freedman, vice-president; Roberta Books, secretary; and William Lakin, treasurer.

The purpose of the club is to give those interested in Russian an opportunity to further their knowledge of the Russian speaking people. The first meeting of the club was held last week. An illustrated talk was given by Miss Elvajan Hall of the Division of Instruction, who discussed her tour of Russia last summer.

The music club dues are again 50 cents this year. The

membership card admits one to the student concerts and other music club activities.

The debate club is open to all sophomores, juniors, and seniors. Sophomores may join by application and by their public speaking ability. During the school year, the debating society has debates with other high school teams such as Brookline, Watertown, Boston Latin and Belmont High schools. The officers are: President, Mark Balsman; Vice President, Walter Angoff; and Secretary, Sue Shinwald.

Head of Orchestras, Mrs. Mary C. Fitzgerald, has announced the dance program for the coming season. The apprentices will meet on Monday, the workshop on Tuesday, and the performers on Wednesday. There are approximately 80 students in each group. They have regular classes on technique and composition. Some of the dancers will have an opportunity to perform in the spring musical.

The famous Washington Monument was started in 1848 but it was not dedicated until 1885.

On Thursday from 2 to 4:30 o'clock, the second type of machine will be demonstrated at the Newtonville Fire Station, 195 Crafts street, Newtonville. This demonstration is being conducted by staff members from the city clerk's office.

The "Automatic" machine that the League will demonstrate will be used by voters in Ward 5, Precinct 2 and Ward 8 Precinct 1—the Hyde School in Newton Highlands and the Meadowbrook Junior High School.

The other machine, called the "Shoup" machine, will be used by voters in Ward 2, Precincts 1 and 2, who vote at the High School Drill Shed and the Newtonville Fire Station.

For the tryout, Newton has leased a total of eight machines—four from each company, and the companies each loaned the city four more, giving Newton a chance to try out a total of 16 machines.

After they decide which machines will be used, the city may buy a few each year until the entire voting process is mechanized.

The introduction of the machines is expected to speed up the counting of Newton ballots, a process which often has continued until well on into the morning after election. It is also expected to reduce chances for human error, and prevent future arguments as to who really won the election.

Mezoff Thanks Workers: Raps Pressure Groups

Attorney Albert R. Mezoff of Chestnut Hill today expressed his thanks to his workers and supporters for the time they have devoted to his campaign for election as Ward Alderman from Ward 6.

Mezoff declared that "it is gratifying to know that the citizens of the ward are in complete accord with my efforts to provide the much-needed and long overdue dynamic and effective representation of the interests of all."

He voiced the belief that the voters "will not continue to accept the spoon-fed issues and the hand-picked candidates of organized pressure groups who set themselves up as an uninvited screening device for the majority."

In one of his closing appeals to the voters of Ward 6, he urged all of them to go to the polls next Tuesday "and exercise their own independent judgment in selecting the man to represent them in the Aldermanic chamber."

Attorney Mezoff lives at 104 Manet road in Chestnut Hill.

The Newton Highlands Congregational Church was the setting recently for the marriage of Miss Barbara Morse to Mr. William Arthur McNay.

Mr. and Mrs. Albert Armstrong Morse of 24 Beverly road, Newton Highlands, and Mr. and Mrs. William Harold McNay of Houston, Texas, are the couple's parents.

The Rev. John Arthur Samuelson officiated at the 8 o'clock nuptial service at which the bride and groom exchanged wedding rings. A

reception followed at the parish house.

Given away by her father, the bride wore a traditional white lace gown. An illusion veil was caught with her becoming headpiece. She carried a bouquet of Eucharis lilies and stephanotis.

Miss Sandra McNair of Newton Highlands was maid of honor.

Mr. Robert Harold McNay of Houston served as best man for his brother, Mr. Paul Johnson of Clarendon, Arkansas. Mr. Malcolm Fowler of South Sudbury and Mr. Walter Sadowski of Reading, Pa., were the ushers.

The couple left for Texas, where they are now making their home.

The bride is an alumna of Northeastern University.

Mr. McNay attended the Texas College of Arts and Industries at Kingsville.

Former Residents Mark Fiftieth Anniversary

Mr. and Mrs. P.R. Morton of Nashua, N.H., formerly of Newton, celebrated their fiftieth wedding anniversary on Sunday, October 18th.

The couple, who were married in Watertown in 1909, were given a party by their daughter, Mrs. Donald C. Robbe, at her Nashua home.

Fiftieth anniversaries are nothing new in the Morton household. In 1907 Mr. Morton's grandfather and grandmother, the late Mr. and Mrs. Francis F. Morton celebrated their half century mark in Newton Centre.

Mr. Morton's parents, the late Mr. and Mrs. Frank M. Morton, celebrated their golden anniversary in Newtonville in 1952.

An aunt and uncle, Mr. and Mrs. Hawley Morton of Rochester, N.Y., marked their fiftieth in 1950.

Mr. Morton is associated with Tucker Anthony and R.L. Day of Boston. For a number of years he has been in charge of the Nashua office.

Presents His Exclusive
BODY WAVE \$10.00

The Body Wave is a form of permanent waving used on hair that either has a little natural wave or hair that waves easily. It does not add appreciably to the amount of wave already in the hair, but gives such strength and resiliency to the wave as to make the hair seem naturally wavy and remarkably easy to put up. It is for hair to which the ordinary permanent wave (however soft) gives too much curl.

THE TRUTH ABOUT SENATOR GIBBS!

A vicious smear attack has been made at Senator Gibbs by unsigned sources in an unscrupulous attempt to influence the votes of citizens of Jewish belief. It is based on complete falsehood.

The truth about Senator Gibbs is contained in the following letter he received from Nathan Yamins, President of Temple Mishkan Tefila, dated October 22, 1959.

Dear Senator Gibbs:

It has come to my attention as president of Temple Mishkan Tefila that a story is being circulated throughout Newton that at the time the Temple was negotiating for the purchase of the present site on Hammond Pond Parkway you were hostile to our purchase. I want to take this occasion to state to you that I, acting as president of the Congregation, played a major role in the negotiations with the MDC and in conferences with the city officials, and at no time was your name ever mentioned as being opposed to our purchase nor do I know of any effort by you to hinder our negotiations.

I deplore exceedingly the injection of a religious issue in any political campaign. It is unfair particularly to the institution as well as to all citizens of Newton. Such conduct as well as the dissemination of political attacks in automobiles on our premises without our knowledge on the Day of Atonement is reprehensible.

Yours very truly,
Nathan Yamins

HAPPY PERFORMERS AT REHEARSAL—Shown at a practice session this week for the Memorial PTA production of "The Eight O'Clock Tower," are happy performers, left to right, Charlotte Modest, Beverly Linsky, Sumner Miller, Sis Kramer, "Millie Puppet," Barbara Segal, Eleanor Adelman, Edith Smith, and Shirley Gray.

Endorse Gibbs—

mittesman Spencer F. Denning of 87 Carl street, who is seeking reelection, and Maurice Epstein of 80 Old Field road, who is opposing him. A third candidate in that contest is David Krongard of 85 Indian Ridge road.

In the battles for Aldermanic posts the only candidate not now on the Board of Aldermen who was endorsed by the Civic Association was Ernest

F. Dietz of 93 Hancock avenue, a former president of the association, who is standing for election as Alderman-at-Large from Ward 6.

The association gave its nod in the Ward 6 struggle to Dietz and Alderman William P. Ripley of 83 Pleasant st. Also in the Ward 6 Alderman-at-Large field are present Alderman Charles F. Hovey of 190 Chestnut Hill road and Walter P. Muther of 133 Gibbs street, associate counsel for the Associated Industries of Massachusetts, whose family for years has been active in Newton civic affairs.

Only one endorsement was made in the contest for election as Alderman-at-Large from Ward 2. That went to Alderman Winslow C. Auryansen of 27 Jenison street. The association made no choice between Alderman William J. Robinson of 116 Atwood avenue and former Alderman Alfred R. Guzzi of 9 St. Joseph road, the other two contenders in the race.

Alderman-at-Large Melvin J. Dangel of 32 Oldham road and John P. Nixon of 36 Crestwood road both were endorsed in the Ward 3 contest. They are opposed by Nelson M. Silk, Jr., of 58 Randlett park.

Harry H. Ham, Jr., of 457 Wolcott street, Auburndale, and Earle D. Wood of 20 Duffield road, standing for reelection as Aldermen-at-Large from Ward 4, were endorsed by the association. They are opposed by Richard P. Brennan of 6 Sharon avenue.

Aldermanic President Wendell R. Bauckman of 336 Dedham street and Alderman Charles H. Morang of 26 Chinian path, seeking another term as Aldermen-at-Large from Ward 8, were given the nod of approval by the association. They are opposed by John W. McBaron of 264 Winchester street.

Alderman Hirsch Sharf of 143 Woodchester drive was endorsed for reelection as Ward Alderman from Ward 6. Running against Sharf are Sanford A. Kowal of 23 Stafford road, Charles E. Holly of 43 Bow road and Albert E. Mezoff of 104 Manet road.

The Civic Association made no endorsements for offices for which there are no fights, concentrating only on the contests in which the voters must make choices between opposing candidates.

Forty-four directors of the Civic Association or their alternates participated in the deliberations on the qualifications of the various candidates, all of whom were interviewed. A two-thirds vote was necessary for endorsement.

President Fisher announced that 28,000 slate cards bearing the Association's recommendations are being mailed to registered voters throughout the city.

Factors considered in the selection of candidates, following a personal interview, Fisher stated, were "integrity, ability to give the time required, knowledge of the city and its problems, intelligence, sincerity, willingness to fulfill a complete two-year term and ability to work well with people."

In addition to Fisher, the officers of the Civic Association are Richard G. Mintz, first vice president; Mrs. William Scheft, second vice president; Wendell R. Freeman, treasurer, and Stanley Lewenberg, secretary.

Other directors are: Howard I. Arbetter, Dr. Allen R. Barrow, John P. Barton, Alexander S. Beal, Howard E. Branch, Wilbur W. Bullen, George S. Cahill, Milton S. Cook, Lawrence E. Cooke, Dennis M. Cronin, Walter Dietz, Jr., William R. Farrell, George Foley, Jerome Grossman, William R. Haney, Edward V. Hickey, Jr., Alvin S. Hochberg. Also, Carroll J. Hoffman, Milton L. Kay, Richard H. Alderman Cannon Proposes 7-Point Efficiency Program

Alderman Leo M. Cannon, candidate for Mayor of Newton, stressed his seven point program for a better Newton at a series of house parties.

"By virtue of the fact that our present mayor is not a candidate for office," Mr. Cannon said, "the November 3rd election will bring a new administration to our city."

Then he emphasized the following seven-point program he proposes for "a better, more efficient Newton."

1. Maintain the high standards of our school systems.
2. Establish an Election Commission.
3. Retain the Law Department at City Hall.
4. Employ a full-time City Planner.
5. Modernize and streamline certain departments of the City for a more economical operation of the municipal government.
6. Revive and reactivate a Human Relations Committee.
7. Advocate the creation of a Newton Youth Centre.

Alderman Cannon, speaking before the meeting of the Oak Hill Park Association at the Memorial School, Tuesday evening, stated:

"We are all proud of our City, of its educational stand-

LEO M. CANNON

ards, and natural physical assets. And yet, many unsatisfactory conditions do exist which demand solution—hazardous traffic conditions especially in certain school areas; lack of proper youth centre facility plans, a costly and inefficient law department."

He called attention to the need that the City, Department Heads, employees and citizens of Newton, under the present system of the Law Department, must generally go to, or talk to, the City Solicitor in his Boston law firm, whereas the increased growth of the City requires that the Law office be retained at City Hall for the benefit of all.

He further directed the attention to the fact continued need for schools and additions merits the employment of a full time City Planner. The inefficient manner that certain departments are being operated, he said, as they were 25 years ago, tends to be costly.

He advocated that a modernization, a streamlining is essential for better operation of these departments, so that the cutting out of much of the overlapping functions of different departments will provide more man power hours that could be utilized to build more streets and refinish sidewalks.

Alderman Cannon pointed out in detail at the Wednesday evening meeting of the League of Women Voters, the need of the City for a Youth Center, that the City has the required land for such a Center, that an indoor recreation area, a large swimming pool and skating rink are most important for our children.

Mr. Cannon, in response to questions, stated that the need for additional school facilities is most important, but that under his direction, he "felt that businessmen, industries, and parents, would assist in a drive to raise funds for such a Center."

Stocks Lectures Scheduled For Newton Group

Mrs. Henry H. Nadell, president of the Women's Scholarship Association, today announced plans for a series of lectures on "Stocks, Bonds and Investments" to be given by an accounts executive, which will be open to members of the group and their husbands.

Mrs. Nadell said the lecture series had been arranged by Mrs. Louis Kraft of 12 Hillcrest Circle, Waban, Chairman in charge of courses for WSA which each year awards thousands of dollars in scholarships to needy young women who wish to attend accredited Massachusetts Colleges. Women's Scholarship Association also maintains endowment funds at Radcliffe, Simmons, Brandeis, Boston University, Hebrew Teachers' College, and the Hebrew University in Israel.

The lecture series will be given by Joseph Curley, accounts executive for a large investment firm.

The first lecture will be given Nov. 4, at 8 p.m., at the home of Mrs. Arthur Waxman, 164 Bellevue street, in Newton. Others are scheduled for Nov. 18, at the home of Mrs. Abraham Borkum, 24 Ruane road, West Newton, and December 2 at the home of Mrs. Jordan Wasserman, 180 Paulson road, Waban.

Thomas A. Gately, constructionman, USN, son of Mr. and Mrs. Herbert Gately of 66 Walnut street, Newtonville, is serving with Mobile Construction Battalion No. 1 at the U.S. Naval Station, Guantanamo Bay, Cuba.

Flaschner Hits At Moore On Zoning Issue

Alderman Franklin N. Flaschner today took sharp issue with statements made by Norman E. Moore, candidate for Mayor, concerning the adoption of a new city ordinance which permits the erection of high rise apartment houses in Newton.

Flaschner characterized allegations made by Moore as "irresponsible and untrue."

In his statement, Alderman Flaschner said:

"As one of the Aldermen who worked closely with the Mayor, the City Planner and my colleagues on the Board in the adoption of the one F ordinance permitting high rise apartment houses in Newton, I wish to take exception publicly with some irresponsible and untrue campaign comments by Mr. Norman E. Moore.

"(1) Mr. Moore says that this ordinance is considered in the building trade to be one of the biggest plums ever picked in the State, and at the same time Mr. Moore says that the passage of this ordinance is proof that vested interests control Newton and not the people. As to picking big plums, I would leave Mr. Moore in his own orchard, but as to the inference that real estate and building developers controlled the passage of this ordinance, I deny this kind of public abuse in Newton, not because it represents mud thrown at the Mayor, the City Planner, all the members of the Planning Board and the Board of Aldermen, but because it represents an attempt to undermine a tradition of honest government in this city for which many generations of Newton citizens have devoted their energies, talents and many long hours without any compensation other than the satisfaction of contributing to that tradition.

"(2) Mr. Moore says that the ordinance was passed in a very short time with little notice given to the general public. Between March 25, 1959 when the initial draft was first submitted by the Mayor and June 22, 1959, when the final draft was

passed by the Board of Aldermen, the matter was considered openly and intensively. A public hearing was held on May 11th which was advertised in the three Newton papers (the law requires only one) on April 16th. The Newton Taxpayers Association and the Newton Chamber of Commerce formally appeared at the hearing in favor of the proposed ordinance. Much publicity was given to the hearing and many civic groups and private citizens discussed it with members of the Board of Aldermen. Moreover, the Mayor spoke frequently in public of the pending legislation. A great many meetings were then held by the Planning Board and the Committee on Claims and Rules, both jointly and separately. The whole ordinance and proposed amendments were carefully considered and reconsidered by these groups with the Mayor, the City Planner and the City Solicitor.

"(3) Mr. Moore also asks why Newton needs this type of an ordinance when many other cities like Fall River, New Bedford, Worcester and Springfield have grown without it. Firstly, it should be understood that under the provisions of the ordinance the Board of Aldermen still have the power to control the height of any building in a Zone F project. Formerly, there was an absolute limit of six stories on any apartment house, and this still applies in the usual Zone E apartment house zone. The answer to Mr. Moore's question is that modern planning concepts have been implemented in this ordinance. It requires at least 80% of open space on tracts of at least three acres and contains many other beneficial restrictions, including the submission of a complete site plan, every detail of which must be approved by the Board of Aldermen. It is hoped that in the few places left in our city where such a project may be undertaken, the result will be apartment house living not in densely populated, urban style, but in garden city Newton style."

Gibbs Promises High Standard Of Service If Elected As Mayor

State Senator Donald L. Gibbs today reviewed his record of public service and promised to maintain the present high standards of municipal government in Newton if he is elected as the city's next Mayor.

Gibbs made the pledge in one of the closing statements of his mayoralty campaign and in one of his final messages to the citizens of Newton.

At the same time Senator Gibbs publicly expressed his gratitude to the public, civic and business leaders of the city who have endorsed his candidacy and urged his election.

"They never will have cause to regret the trust and faith they have placed in me," Senator Gibbs promised.

"Newton has one of the best run cities in Massachusetts or, for that matter, anywhere in the United States," Gibbs asserted. "And if I am elected as your Mayor on Tuesday next, I will keep it that way."

Gibbs emphasized two points as he neared the end of his long campaign.

1. That he is the only candidate seeking election as Mayor who has had extensive experience in both the state and city government.

2. The character and the stature of the men and women who have endorsed his candidacy and championed his cause.

"I became a candidate for Mayor," Gibbs said, "because a large number of men and women, with the interests of our city close to their hearts, waited upon me and urged that I do so."

"They pointed out that the manner in which a Mayor conducts the affairs of the city and directs the operation of our municipal government affects the lives of every person living in Newton."

"They emphasized that Newton back through the years has been an efficiently and honestly run city, and they stressed their own anxiety to keep it that way," Gibbs continued. "They said they had canvassed the field of possible candidates and had reached the conclusion that I would be the best Mayor."

"After listening to them and weighing the statements of these civic-minded men and women who had no selfish in-

terests and who asked only that Newton be run as it should be run, I agreed to become a candidate," Gibbs asserted.

Gibbs went on to promise that if he is elected next Tuesday he will give the people of Newton a sound and progressive administration, with the necessary attention to providing the essential public services while at the same time holding down the city's tax rate.

Reviewing his own public record, Gibbs pointed out that he served nine years as an Alderman, was a member of virtually all the major Aldermanic committees, including the important Committee on Finance which deliberates on all proposed municipal expenditures.

As an Alderman, Gibbs said, he was able to gain a thorough insight into the operation of the city government.

In addition he has served three years as a State Representative and three years as a State Senator.

Senator Gibbs called attention to the fact that he is the only candidate for Mayor who has held both State and municipal offices and who thoroughly understands the important relationship between the city and the Commonwealth in a number of fields.

Gibbs cited that he has had experience not only as an Al-

While a member of the Legislature, Senator Gibbs served as chairman of both the legislative committee on education. He has made energetic fights against an increase in the MTA deficit on Newton, in favor of metropolitan planning legislation and to keep Massachusetts business here.

So outstanding was Gibbs' work as chairman of the Aldermanic Finance Committee in examining the city's budget that the entire Board of Aldermen adopted a resolution which stated:

"We publicly acknowledge our indebtedness and express our gratitude to Alderman Donald Gibbs, chairman of the Finance Committee, for the long and tedious hours spent in conference, investigation, and in the preparation of his report, in his mastery of the details and the excellence of his presentation of the recommended budget."

Norman E. Moore Presents Program To Serve As Guide In Directing City Affairs

Norman E. Moore, who is seeking election as the next Mayor of Newton, in a pre-election statement today thanked the men and women who have been working in his behalf.

Moore declared that his attitude toward the problems of the city can be summed up in one sentence: "I believe in a conservative but vigorous business-like approach to the city's problems."

A Newton businessman, Moore served for six years as administrative assistant to the late Attorney General George Fingold and was functioning as Fingold's campaign manager when the latter died suddenly in 1958.

Moore, in asking for public support of his candidacy in next Tuesday's election, advanced the following program which he believes should serve as a guide in handling the city's affairs:

"Education: A youth driver's education program should be retained as part of our high school curriculum for reasons of safety for the general public, safety for the youngsters themselves, and a monetary saving for parents who stand the cost of insurance premiums. If our schools show respect for rules of the road, our children cannot help but learn a similar respect.

"Extravagance: Newton deserves good schools as well as other municipal buildings without waste and extravagance, exorbitant architect's fees and construction costs. The taxpayers' money shall not be spent unnecessarily.

"Recreation: A year-round program is required to keep

the youth of Newton actively engaged and our recreational facilities should not lie idle during winter months. Swimming facilities should be extended, with our own health officials conducting a daily bacteria count.

"Safety: There should be wider recognition and use of our police and fire departments for safety programs and traffic surveys. Those two departments merit praise for the excellent work they have done and are doing. Outside consultant fees, a major and unnecessary expense to the taxpayers, must be cut drastically through the employment of our own experts who are thoroughly familiar with Newton's problems.

"Health and Welfare: A humane approach to the problems of each citizen is needed. Living quarters for the elderly must be provided with full utilization of federal assistance.

"Industry: There should be full co-operation with the Newton Chamber of Commerce as well as other organizations dedicated to the promotion of better business in Newton. Every effort must be made to attract business to the industrial center. This should result in an increased industrial valuation and a consequent reduction in the general tax rate.

"Taxes and Assessments: An equitable assessment for every home-owner. We must try to decrease expenses in order that taxes may be lowered and to avoid an increase in the tax rate each year.

"Long range budget planning, as well as program planning, is needed, keeping in mind that we estimate the cost of government not only for a full twelve months but, in many instances, commit ourselves for several years.

"M. T. A.: With the Highland Branch extension running in Newton, the deficit assigned the city each year will become a major and growing problem. This requires forceful action and full co-operation with other cities and towns to reorganize the M. T. A., provide for full disclosure of facts and figures, make accounting procedures known and secure public notice upon the sale of property. We need a fair formula for the future.

"Freeway v.s. Tollway: There must be an intelligent approach to the question of the extension of motor vehicle traffic from the eastern terminus of the toll road in Weston to Boston. Whether this is done by freeway or an extension of the toll road every effort must be made to insure a minimum of interference with existing property including homes, churches and business buildings. There should

NORMAN E. MOORE

be as few access points, exits or entrances as possible in Newton. We cannot evade or postpone meeting this issue. It should be recognized that something will have to be done at once to correct the present and increasing traffic problem in Newton.

"Legal Affairs: A city the size of Newton requires the service of a full-time legal advisor in City Hall who is always available for consultation. The City Solicitor and his staff belong in City Hall and not in Boston. Claims of all citizens should be dealt with promptly and fairly.

"Administrative and Executive Branches: Our citizens are entitled to a close-working relationship between the office of Mayor, the Board of Aldermen and the School Committee. This involves NON-INTERVENTION on the part of the executive with the functions of the Board of Aldermen and the School Committee. Full authority should be delegated to all department heads," Moore concluded.

Ernest F. Dietz and Attorney Walter P. Muther challenging Aldermen Charles F. Hovey and William P. Ripley.

A hard fight also will be settled Tuesday for the position as Ward 6 Alderman from Ward 6. Striving to unseat Alderman Hirsch Sharp are Sanford A. Kowal, Charles E. Holly and Albert R. Mezzoff, all of whom have made energetic campaigns.

Louis H. Alter of 91 Woodchester drive is opposing School Committee Chairman Haskell C. Freedman for election as the School Board member from Ward 6.

Another lively contest is being waged for the position as Alderman-at-Large from Ward 2, with former Alderman Alfred R. Guzzi making a strong bid to regain a place in the city government. The present Aldermen-at-Large from that ward are Winslow C. Auryansen and William M. Robinson.

Nelson M. Silk, Jr., of 58 Randlett pk., is opposing Aldermen Melvin J. Dangel and John P. Nixon for election as Aldermen-at-Large from Ward 3.

A contest for Alderman-at-Large from Ward 4 has Richard P. Brennan of 6 Sharon avenue opposing Aldermen Harry H. Ham, Jr., and Earle D. Wood.

A three-cornered fight will be decided Tuesday for the two posts as Aldermen-at-Large from Ward 8. Aldermanic President Wendell R. Bauckman and Alderman Charles H. Morang are being opposed by John W. McBaron of 264 Winchester street.

An interesting clash has developed for the position as School Committee member from Ward 8, with Committeeman Spencer F. Deming being challenged by Maurice Epstein of 80 Olde Field rd. and David Krongard of 65 Indian Ridge rd.

There are no contests for election as Aldermen-at-Large from Wards 1, 5 and 7, for Ward Aldermen from Wards 1, 2, 3, 4, 5, 7 and 8, or for School Committee member from Wards 1, 2, 3, 4, 5, and 7.

The four polling places at which voting machines are to be used next Tuesday are Ward 2, Precinct 1 (the fire station at Crafts and Water-town streets in Newtonville), Ward 2, Precinct 2 (the High School drill shed in Newtonville), Ward 5, Precinct 2 (the Hyde School on Lincoln street in Newton Highlands), and Ward 8, Precinct 1 (the Meadowbrook Junior High School in Oak Hill).

City Clerk Basbas urged residents in those four precincts to vote as early as possible next Tuesday, pointing out that many persons will be unfamiliar with the use of the machines and that delays are likely to develop when the voting is heavy in the early evening.

"I sincerely hope that everyone who can vote during the day will do so," Basbas declared, observing that many persons will be unable to go to their polling places until they come home from work at night.

PEOPLE HELPING PEOPLE

People like these are your neighbors — volunteers for the big at-home United Fund drive beginning November 8. They are business executives, doctors, storekeepers, clerks, housewives, teachers, students, plant and office people — from every kind of business and every kind of job in Greater Boston. They belong to different races, go to different churches, have different customs. They share a common desire to help in the works of the many United Fund agencies and services which make life better, healthier, happier for all of us.

For that is what the United Fund is . . . *people helping people*. Not just one group helping another, but everybody helping everybody. Soon a neighbor of yours will call on you to tell you why, when you share the United way, you do so much for so many. Just think of the many ways in which you can share with your *one* contribution to *all* of the United Fund's 288 agencies and services. When your neighbor rings your bell, please remember — it's a great day when you can help people by sharing the United way!

Newtonites Play Key Roles At Ohio Mission Conclaves

Newton clergymen took a
prominent part last week at
Akron, Ohio, where the Inter-
national mission boards of
two major denominations con-
sidered plans for their project-
ed consolidation.

They are the American
Board of Commissioners for
Foreign Missions, overseas
arm of the Congregational
Churches, and the Board of
International Missions,
Evangelical and Reformed
Church.

(Editor's Note: In 1957 the
Evangelical and Reformed
Church and the General Coun-
cil of the Congregational
Churches united to form the
United Church of Christ.)

agenda was the creation of a
single overseas mission agen-
cy to supplant the two exist-
ing bodies, and selection of a
name for such a board.

At one of the two sessions
of the Prudential Committee,
the budget was considered,
and Carl H. Holdridge, of 15
Dale road, Newtonville, treas-
urer of the Board, said the
new policy provides "a realis-
tic budget based on the de-
sperate needs of many of our
overseas missions."

Among the key speakers at
the meetings was Rev. Lee D.
Bergsman, American Board
Missionary, now on furlough
at 144 Hancock street, Au-
burndale.

boards who reported on work
in their areas included Dr.
John A. Reuling of 12 Putnam
street, Newton, Africa and
Mexico, and Rev. Dr. Hunter
Harrison of 185 Grove street,
Auburndale, India and Cey-
lon.

A special feature of the an-
nual dinner was the pre-
sentation of the first copy of
"You Shall Be My Witness,"
an interpretative history of
the American Board, to its au-
thor, Rev. Dr. Fred Field
Goodsell of 289 Woodward
street, Waban, formerly execu-
tive Vice President of the
Board.

He devoted a substantial
part of the past six years to
research and writing.

Explains Special U.N. Pamphlets

I want to thank you for
your informing article in the
October 15 issue of Newton's
observance of United Nations
Day, October 24. But the cap-
tion under the photograph
says only that "Special UN
pamphlets" were presented to
the Newton Library. I think
your readers would like to
know that these pamphlets
were copies of "The UN: a
candid appraisal," published
by the League of Women
Voters of the United States.
The author, Mrs. Zelia Rub-
hausen, speaks from inside
experience since she has been
for thirteen years, the League's
official representative to the
U. N.

Although the UN must use
persuasion without force, its
quiet diplomacy and media-
tion have many times succeed-
ed in preventing or stopping
small wars. The small, newly
independent nations increas-
ingly value and use it. It has
served not only as a safety
valve for explosive situations
but as a conscience to man-
kind. Indeed, as the writer
puts it, "The UN cannot be
made stronger until the world
community is ready. But were
it not here, we would have to
create it anew."

By LEE LOUMOS

Well, here I am back at
the old stand and its hard to
believe that I've ever
been away.

I have brought back so
many impressions, however,
that were I to try to ex-
press them all I would
sound more like Burton
Holmes than myself.

Along my special lines, I
did notice two things
worthy of note. First of all
— air-conditioning is as old
as old Pompeii — the only
thing the old Romans did
not know about was the use
of Freon.

Their public baths were
adequately air-conditioned.
You wouldn't think that TV
is ever-emphasized if you
saw the antennae on the
roofs of the shacks in the
slums of Naples. No win-
dows — no heat — no
plumbing but each room
(which housed a dozen or
more) had its TV set. That
was apparently their only
escape from reality.

Thanks again for your
patronage which made this
wonderful trip possible for
us.

B. C. Professor Lauds Integrity Of Donald Gibbs

Professor Ernest A. Siciliano of Boston College this week announced his support of State Senator Donald L. Gibbs for election as Newton's next Mayor.

The educator declared that he was certain that with Gibbs as Mayor the city's "heritage of honest, decent, clean government can be perpetuated."

Professor Siciliano made these statements in a letter to Senator Gibbs which said:

"In spite of a very tight schedule, I am most happy that I took time out to meet you personally last evening.

"Your forthright statements and comments convinced me that you are the only successor to Mayor Whitmore. Once upon a long time I listened to the most forceful and persuasive speaker I have

been my privilege to hear. In retrospect, I am convinced that he was persuasive because he agreed with me in everything. Perhaps you and I, sir, are kindred spirits and think alike on civic matters.

But I, as you, am old-fashioned enough to believe that clean, decent government is possible. As an example, I point to Newton with pride. To Newton, my adopted city.

"Your mention last evening of 'pork barrel' tactics has a familiar ring. I grew up in Boston and my several skirmishes with the political powers that be made me flee the city.

I have since pledged myself to an active participation in civic affairs. An enlightened, interested citizenry many long years ago might have saved Boston from the crooked fingers of the professional politician. I believe that here in Newton we have many such civic-minded citizens.

"I was proud to come to Newton. The several decisions of the Board of Aldermen in matters which vitally concerned my section (re-zoning, etc.) have added to my pride in being called a Newtonian. Since last evening I am positive that with you as Mayor the heritage of honest, decent, clean government can be perpetuated and that Newton can give the lie to the listless, smug citizen who claims that civic government in a democracy is bloated with 'pork-barrels' and corruption.

"I am looking forward with genuine pleasure to Nov. 4 when my felicitations to you will be addressed: 'Hon. Donald Gibbs, Mayor, City of Newton.'"
